Section 1A – Instructions to Bidder

Article 1 – Opportunity Summary

The Work includes the furnishing of labor, materials, equipment, and incidental items meeting the technical requirements of these specifications for the project Terminal 2 East Electrical Modernization. The work consists of, but not limited to the following:

1. Modernize electrical power feeding Terminal T2E, per the following:
 - Replace existing outdoor Main Switchboard (MSB), and associated main control panel and downstream electrical equipment
 - Provide new MSB with Main-Tie-Main functionality
 - Provide new redundant 12kV transformer
 - Construct new larger and modernized main electrical room
2. Construct a new modernized ATO breakroom, based on the following:
 - Assist the Authority to relocate furniture and appliances out of the existing ATO breakroom
 - Construct new ATO breakroom and kitchen facilities
 - Provide new kitchen cabinets, appliances, and furniture
3. Perform the Work in such a way as to support airport operations at all times. Provide temporary power and support contingencies as needed to ensure uninterrupted power to Airport facilities in case of planned and unplanned power interruptions.

Article 2 – Bid Submission Instructions

1A-2.1 Submission Instructions. Bids not submitted in the manner described herein may be considered non-responsive and be subject to rejection. Bids submitted to the Airport Authority after the specified due date and time in the RFB shall be rejected as late. No late Bids will be accepted.

A. **Submitting Options:** Respondents may submit their Bid to the Airport Authority using the following method: in a sealed envelope/ package.

1. **Submitting Bid via sealed package:** Respondents may submit their Bid in a sealed package as described below.
 - a. **Number of Bids:** Respondents shall submit one (1) unbound original Bid.
 - b. **Packaging and Identification:** Respondents shall submit their Bid in a sealed package and shall write/type the following identification information on the outermost sealed package or Fedex/UPS/other address label:

**Terminal 2 East Electrical Modernization RFB, Project 104263- RFB
Attn: Bid Opening**

Address: Respondent shall submit its Bid to the following address:

If mailed or

hand delivered:

**San Diego County Regional Airport Authority
Procurement Warehouse Attn: Erica Lopez
3270 Admiral Boland Way, San Diego, CA 92101**

The bid opening shall be conducted at 2:00 pm on November 3, 2021 via Conference Call

1A-2.2 EXAMINATION OF PLANS, SPECIFICATIONS AND WORK SITE

- A. The Bidder is solely responsible for examining carefully the Work Site, the Bid, any addenda issued, and the Contract Documents, including all plans and specifications. The Bidder shall fully satisfy itself as to the character, quality and quantities of work to be performed, materials to be furnished and as to the requirements of the Contract, including but not limited to the Specifications. The Bidder shall familiarize itself with all federal, state and local laws, ordinances, rules and requests that may affect the Work or the performance of the Work.
- B. The Bidder shall be responsible for fully acquainting itself with the conditions of the Work Site, including surveys and investigation reports about subsurface and physical conditions pertaining to the Work Site, and represents that it has performed such additional surveys and investigations as it deems necessary to complete the Work at the bid price and that it has correlated the results of all such data with the requirements of the Contract Documents. The submission of the Bid Package shall be prima facie evidence that the Bidder has made such an examination and is satisfied as to the conditions encountered, including locality, uncertainty of weather and all other contingencies and as to the character, quality, quantity and scope of the Work. No allowance shall subsequently be made on behalf of the Bidder on account of an error on its part, its negligence, or its failure to acquaint itself with the conditions of the Work Site.
- C. Bidders are advised that proposed subcontractors should obtain their own sets of plans and specifications from the Airport Authority's bid management site.

1A-2.3 INTERPRETATION OF DRAWINGS AND DOCUMENTS

- A. If any Bidder, prior to submitting Bids, should find discrepancies in, or omission from the drawings, specifications or other proposed Contract Documents, or if it should be in doubt as to the true meaning of any part of the proposed Contract Documents, it SHALL immediately make a written request to the Airport Authority Procurement Analyst for correction, clarification or interpretation of the point or points in question. The person submitting such request shall be responsible for its delivery prior to the deadline for submission of Questions.
- B. In the event that the Airport Authority receives such a request, and it should be found that certain essential information is not clearly and fully set forth, or if the Airport Authority discovers or is informed of errors, omission or points requiring clarification in the drawings or documents, a written addendum will be posted to the Airport Authority's bid management system. The Airport Authority will not be responsible for any

instructions, explanations or interpretations of the Bid or Contract Documents presented to Bidders in any manner other than by written addendum. No person is authorized to make any oral interpretation of any provision of the Bid or Contract Documents to any bidder and no bidder should rely on any such oral interpretation.

1A-2.4 ADDENDA

The Airport Authority reserves the right to revise the Bid and Contract Documents prior to the bid opening date. Revisions, if any, shall be made by written addenda. Pursuant to Public Contract Code §4104.5, if the Airport Authority issues an addendum which includes material changes to the Work less than 72 hours prior to the deadline for submission of bids, the Airport Authority will extend the deadline for submission of bids. The Airport Authority will determine, in its sole discretion, whether an addendum warrants postponement of the bid submission date. The effect of all addenda to the Request for Bids shall be considered in the Bid package, and said addenda shall be made a part of the Bid package submitted to the Airport Authority. It is the Bidder's responsibility to ensure that all addenda have been acknowledged before submitting a Bid. Failure to acknowledge all addenda shall render the Bid package nonresponsive and result in its rejection.

1A-2.5 BIDDERS INTERESTED IN MORE THAN ONE BID

No person, firm or corporation shall be allowed to make, file or be interested in more than one Bid for the same work unless alternate Bids are called for. A person, firm or corporation who has submitted a sub-bid to a Bidder, or who has quoted prices on materials to a Bidder, is not hereby disqualified from submitting a sub-bid or quoting prices to other Bidders or from submitting a Bid on its own behalf.

1A-2.6 BIDS

A. Bids to receive consideration shall be made in accordance with the following instructions:

1. Bids shall be made only upon the forms included in the Bid package which form a part of the Contract Documents. Bid package forms shall not be altered or modified. All bid items in the Bid package shall be properly and completely filled in with a unit price or lump sum and totals. The signature of all persons signing shall be in longhand. Any documents which are missing, altered or modified or not properly completed will render the Bid non-responsive and may result in rejection of the Bid. In addition to the documents contained in the Bid package, no Contract Documents shall be altered or modified.
2. Bids shall be submitted for the entire Work. Failure to complete and submit Bids for Bid Schedule A & B shall render the Bid non-responsive. Bid Schedule A & B, shall constitute the Base Bid for purposes of comparison and determination of lowest responsive and responsible bidder, if any.
3. The Bidder shall set forth for each unit basis item of work a unit price and a total for the item, and for each lump sum item a total for the item, all in clearly legible figures in the respective spaces provided for this purpose. In the case of unit basis items, the amount set forth under the "Total" column shall be the extension of the unit price bid on the basis of the estimated quantity for the item.
4. In case of discrepancy between the unit price and the total set forth for a unit price item, the unit price shall prevail, provided, however, if the amount set forth as a unit price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or

is the same amount as the entry in the "Total" column, then the amount set forth in the "Total" column for the item shall prevail and shall be divided by the estimated quantity for the item and the price thus obtained shall be the unit price. Final payment shall be determined by the Representative from measured quantities of work performed based upon the unit price.

5. In case of a discrepancy between the written price and the numerical price, the written price shall prevail.
6. The Contract prices paid for the Work shall include full compensation for all taxes which the Bidder is required to pay, whether imposed by federal, state, or local government, including, without being limited to, federal excise tax. No tax exemption certificate or any document designed to exempt the Bidder from payment of any tax will be furnished to the Bidder by the Airport Authority, as to any tax on labor, services, materials, transportation, or any other items furnished pursuant to the Contract.
7. "Alternative Bid Schedule - Insurance" shall be not included in the "Total Bid" base bid. Bidders shall not include insurance costs identified in "Alternative Bid Schedule – Insurance" in any other bid line item. The "Alternative Bid Schedule - Insurance" information is required pursuant to the Owner Controlled Insurance Program (OCIP). Failure to complete and submit Bids for the "Alternative Bid Schedule – Insurance" may render the Bid non-responsive.
8. List of subcontractors - Every Bidder shall comply with the Subletting and Subcontracting Fair Practice Act, Public Contract Code Sections 4100, et seq., and shall set forth in its Bid:
 - a. The legal business name, the location of the place of business, the California Department of Industrial Relations Registration Number and the California contractor license number of each subcontractor who will perform work or labor or render service to the Bidder in or about the construction of the Work or improvement to be performed hereunder who, under subcontract to the Bidder, specially fabricates and installs a portion of the Work or improvement according to detailed drawings in the plans and specifications, in an amount in excess of one-half of one percent (1%) of the Bidder's total bid or, in the case of Bids or offers for the construction of streets or highways, including bridges, in excess of one-half of one percent (1%) of the Bidder's total bid or Ten Thousand Dollars (\$10,000.00), whichever is greater.
 - b. A description of the Work to be performed by each subcontractor. The Bidder shall list only one subcontractor for each portion of the Work as is defined by the Bidder in its Bid.

If Bidder fails to specify a subcontractor or specifies more than one subcontractor for the same portion of Work to be performed under this Contract, Bidder agrees that it is fully qualified to perform that portion itself and that Bidder shall perform that portion itself.

9. All Bidders are required to follow the format and process specified below. The content of the Bid must be clear, concise, and complete. The Certifications and forms in Section 1B shall be signed by the Bidder and submitted with its Bid. By signing and submitting Bidder hereby certifies that they are aware of and fully understand the False Claims Act, California Government Code sections 12650, et seq. and the federal penalties for making false claims as prescribed in 18 U.S.C.

1001 and/or 31 U.S.C. 3801, et seq. and that these statutes apply to all documents submitted by Bidder. The following forms shall be completed and returned to the Airport Authority in the Bid package. All forms listed must accompany the Bid and the original of the forms in **BOLD** type must be received the Airport Authority within one (1) business day of the Bid due date.

- **Bid Signature Page**
 - Bid Schedule
 - **Bid Bond**
 - Contractor's License Information/Status
 - **Non-Collusion Affidavit**
 - Alternative Bid Schedule – Insurance
 - Subcontractor Listing Information
 - Authority CIP Safety Manual Acknowledgement
 - Bidder's Statement of Experience
 - Questionnaire for Bidders Statement of Experience
 - Bidder's Statement of Financial Responsibility
 - Bidder's Certificate of Workers' Compensation
 - Bidder's Certificate of Non-Discrimination
 - Subcontractor Assurance of Non-Discrimination
 - False Claims Certification
 - Lobbying and Influencing Federal Employees
 - Certificate Regarding Participation in Previous Contracts or Subcontracts
 - Certification of Nonsegregated Facilities
 - Debarment, Suspension, Ineligibility and Voluntary Exclusion Certification
 - Trade Restriction Certification
 - Contract
 - Performance Bond
 - Payment Bond (Labor and Materials)
 - Prime Contractor Small and Local Business Eligibility Statement
 - Policy 5.12 Prime Contractor Small Business Preference Verification and Certificate
 - Buy American Certification
10. All prices and notations in the Bid must be in ink or typewritten. No erasures will be permitted. Mistakes may be crossed out and corrections typed or written in with ink adjacent thereto, and must be initialed in ink by the person or persons signing the Bid.
11. Bids shall not contain any recapitulation of the work to be done. Alternate or alternative Bids will not be considered unless called for. In cases where goods or materials are specified by a brand name, the term 'or equal' may be assumed unless stated otherwise.
12. The Airport Authority reserves the right to consider the financial responsibility and general competency of each Bidder, as well as its reputation within the industry, to determine if the apparent low Bidder has the apparent ability to meet and complete successfully the requirements of the Contract. If the bid does not require financial statements, the Authority may request the apparent low bidder provide financial statements, audited if necessary, in addition to any other required information.

13. Each Bidder must accompany its Bid with a copy of an approved corporate surety bid bond, payable to the San Diego County Regional Airport Authority in the format set forth herein, per in Bid Bond. In lieu of a Bid Bond, Bidder may submit cash or a cashier's check drawn upon a responsible bank, or a check of the Bidder drawn upon such bank properly certified. The Bid Bond, cash or cashier's check shall be for a sum not less than ten (10%) percent of the aggregate sum of the Bid, which said cash, check or Bid Bond and the moneys represented thereby shall be held by the Airport Authority as security that the Bidder, if awarded the Contract, will in good faith enter into such Contract and furnish the required labor and materialmen's bond and a faithful performance bond. Said corporate surety bid bond shall be from an admitted surety, as defined in Code of Civil Procedure Section 995.120, authorized to do business as such in the State of California.

The bid bond shall be accompanied by the original, or a certified copy, of the unrevoked power of attorney authorizing the person who executed the bond to do so.

In addition, no later than 5 (five) Business Days after submittal of its Bid, the Bidder shall submit to the Airport Authority all of the documents described in California Code of Civil Procedure Section 995.660(a), including, without limitation:

- a. A certified copy of the certificate of authority of the surety issued by the California Insurance Commissioner;
- b. A current printout from the website of the Department of Insurance confirming the surety is an admitted surety insurer; and
- c. Copies of the surety's most recent annual statement and quarterly statement filed with the California Department of Insurance pursuant to Article 10 (commencing with Section 900) of Chapter 1 of Part 2 of Division 1 of the Insurance Code.

The Bidder shall (and shall cause its surety to) provide any additional certifications or information requested at any time by the Airport Authority, in its sole discretion, in order to enable the Airport Authority to evaluate the surety's ability to perform its obligations under the bid bond. To the extent permitted by law, the Airport Authority, in its sole discretion, at any time may reject any bid bond or require the Bidder to replace any bid bond or surety at the Bidder's own cost.

Bidder's failure to comply with the above requirements within the prescribed timeframe may cause its Bid to be deemed as non-responsive.

14. Bidders are required by law to be licensed and regulated by the Contractor's State License Board which has jurisdiction to investigate complaints against contractors if a complaint regarding a patent act or omission is filed within four years of the date of the alleged violation. A complaint regarding a latent act or omission pertaining to structural defects must be filed within 10 years of the date of the alleged violation. Any questions concerning a contractor may be referred to the Registrar, Contractor's State License Board, P.O. Box 26000, Sacramento, California 95826.
15. No contractor or subcontractor may be listed on a bid for a public works project (submitted on or after March 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited

exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

16. No contractor or subcontractor may be awarded a contract for public work on a public works project (awarded on or after April 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. If awarded the Contract, the Bidder and its subcontractors, of any tier, shall maintain active registration with the Department of Industrial Relations for the duration of the Work.
17. The Project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
18. The Bid package shall be delivered to the Airport Authority office specified in the "Notice Inviting Bids" on or before the day and hour set for the opening of Bids, enclosed in a sealed envelope, and bear the title of the Work and name of the Bidder.
19. Bids may be withdrawn by the Bidder prior to the date fixed for opening of Bids if the request is made in writing by the Bidder or its authorized representative. Unless otherwise allowed by law, no Bidder may withdraw a Bid after the date set for the opening of Bids. All Bids shall remain valid for one hundred twenty (120) Days. Bid bonds shall be returned within sixty (60) Days after award of this Contract.
20. Occupational Safety and Health Act of 1970: All contracts and subcontracts that result from this solicitation incorporate the following provisions by reference, with the same force and effect as if given in full text. The Contractor has full responsibility to monitor compliance to the referenced statute or regulation. The Contractor must address any claims or disputes that pertain to a referenced requirement directly with the Federal Agency with enforcement responsibilities.
 - a. Requirement: Occupational Safety and Health Act of 1970 (20 CFR Part 1910)
 - b. Federal Agency with Enforcement Responsibilities: U.S. Department of Labor-Occupational Safety and Health Administration
21. Federal Fair Labor Standards Act: All contracts and subcontracts that result from this solicitation incorporate the following provisions by reference, with the same force and effect as if given in full text. The Contractor has full responsibility to monitor compliance to the referenced statute or regulation. The Contractor must address any claims or disputes that pertain to a referenced requirement directly with the Federal Agency with enforcement responsibilities.
 - a. Requirement: Federal Fair Labor Standards Act (29 U.S.C. §201)
 - b. Federal Agency with Enforcement Responsibilities: U.S. Department of Labor-Wage and Hour Division
22. Buy America Certificate: The Contractor agrees to comply with 49 USC §50101, which provides that Federal funds may not be obligated unless all steel and manufactured good used in AIP-funded projects are produced in the United States, unless the FAA has issued a waiver for the product, the product listed as an Excepted Article, Material or Supply in Federal Acquisition Regulation subpart 25.108; or is included in the FAA Nationwide Buy America Waivers Issued list.

- a. The Bidder must submit the appropriate Buy America certificate (below) with all bids on AIP funded projects. Bids that are not accompanied by a completed Buy America certification must be rejected as non-responsive.
23. Title VI Solicitation Notice: The Airport Authority, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S. C. §2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this invitation, disadvantaged business enterprises will be afforded a full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration of an award. [Appendix 4 of FAA Order 1400.11, Nondiscrimination in Federally-Assisted programs at the FAA].

B. Small Business Preference

Policy 5.12 Small and Local Business Preference: This RFB is subject to the Airport Authority's Small and Local Business Preference Policy 5.12. A qualified Business desiring consideration under the Airport Authority's Small and Local Business Preference Policy must complete and submit with its Bid the "Small Business, Veteran Owned Small Business and Local Business Preference Submission and Verification Form"

1. Small Business goal established for this Contract is thirty-four percent (34%).
2. Local Business goal established for this Contract is two (2%).
3. VOSB/SDVOSB goal established for this Contract is three percent (3%).

C. Labor Compliance – Prevailing Wage Requirements

Prevailing Wage Determinations can be accessed at the below websites and are based on the original Bid advertisement date as specified in the Bid.

- California General Prevailing Wage Determinations:
2021-2
<http://www.dir.ca.gov>
- San Diego County Prevailing Wage Determinations:
2021-2
<http://www.dir.ca.gov/dlsr/PWD/>
- Davis-Bacon Prevailing Wage Determinations
<http://www.gpo.gov/davisbacon/allstates.html>

Article 3 – Bid Opening

1A-3.1 OPENING OF BIDS

Bids will be opened and read at the time and place set in the “Request for Bids.” Bidders or their representatives, and other interested persons, are invited to be present at the opening of Bids.

1A-3.2 AWARD OR REJECTION OF BIDS

The Contract may be awarded to the lowest responsive and responsible Bidder under the Bid Schedule or Bid Schedules complying with these and all other Contract Documents. The Airport Authority may reject any Bid which, when compared to other bids received or to the Airport Authority’s internal estimates, does not accurately reflect the cost to perform the Work or portions of the Work. The Airport Authority may reject as non-responsive any Bid which unevenly weighs or allocates costs, including but not limited to overhead and profit, to one or more particular bid items. The Airport Authority reserves the right to reject any or all Bids; to waive any informality or technicality in the Bids received; to advertise for new bids; or to otherwise proceed in a manner that is in the best interest of the Airport Authority. No conditional Bids will be accepted.

1A-3.3 BID PROTESTS

A. Time for filing: Any protest must be addressed to and submitted in writing to the President/CEO, San Diego County Regional Airport Authority and received by the Airport Authority on or before 5:00 p.m. of the 10th Business Day following Bid opening. All protests must be addressed: San Diego County Regional Airport Authority, President/CEO, 3225 North Harbor Drive, San Diego, CA 92101. Two Copies must be received at the same time the original protest is delivered. The copies must be delivered to:

San Diego County Regional Airport Authority
Office of General Counsel
RE: Protest
3225 North Harbor Drive
San Diego, CA 92101

and

San Diego County Regional Airport Authority
Procurement and Contracts Office
Attn: Manager, Procurement and Contract Services
RE: Protest
3270 Admiral Boland Way
San Diego, CA 92101

Protests shall be hand delivered or sent via certified mail.

B. Protest Procedures: All parties wishing to file a protest shall comply with the procedures set forth herein.

A protest relative to the Bid process shall contain a full and complete statement specifying in detail the grounds of the protest and the facts in support thereof, including:

1. The protest document must contain a complete statement of the factual and legal basis for the protest.

2. The protest document must refer to the specific portion of the solicitation, or other applicable document that forms the basis for the protest.
3. The protest document must include the name, address, and telephone number of the person representing the protesting party.
4. The party filing the protest must concurrently transmit a copy of the initial protest document and any attached documentation to all others with a direct financial interest who might be adversely affected by the outcome of the protest. Such parties shall include all other Respondents who appear to have a reasonable prospect of receiving an award depending on the outcome of the protest.
5. The Procurement Manager or his/her designee overseeing the Request for Bids will issue a written decision on the protest within five (5) Business Days following receipt of the written protest.
6. If the protest is rejected, the party filing the protest has five (5) Business Days from the date of the Procurement Manager's written decision to file an appeal to the Director of Procurement. The Director will issue a ruling with fifteen (15) Business Days following receipt of the written appeal. If the Director determines that the protest is frivolous, the party originating the protest may be determined to be irresponsible and that party may be determined to be ineligible for the award of future contracts.
7. The procedure and time limits set forth in this paragraph are mandatory and are the Bidder's sole and exclusive remedy in the event of protest. Failure by a party originating a protest to comply with these procedures shall constitute a waiver of any right to further pursue the protest, including filing a government claim or legal proceeding.

Article 4 – Award

1A-4.1 THE CONTRACT

- A. The Contract includes the Bid and all documents, requirements, drawings, specifications and/or addendums thereof; Bidders response including all forms, bonds, certifications, safety manuals and other documents required to be included by the Airport Authority in the Bidder's response.
- B. The Bidder to whom award is made shall execute a written Contract with the Airport Authority and shall furnish a Faithful Performance and Labor and Material bonds each for 100% of the total amount of the Contract within fourteen (14) Days after receipt of a form of Contract for execution, unless an extension of time is granted to the Bidder in writing. The Contract shall be made in the form adopted by the Airport Authority. If the Bidder to whom the award is made fails to furnish said bonds within the time specified above and/or fails to execute the Contract as required, the award may be annulled, and an award may be made to the next lowest responsible Bidder and such Bidder shall fulfill every Contract stipulation as if it were the party to whom the first award was made. A corporation to which an award is made shall furnish evidence of its corporate existence and evidence that the officer signing the Contract and bonds for the corporation is duly authorized to do so.
- C. The surety supplying the surety bonds must be an admitted surety insurer, as defined in Code of Civil Procedure Section 995.120, authorized to do business as such in the State of California. Each bond shall be accompanied by all of the documents described in California Code of Civil Procedure Section 995.660(a), including, without limitation:

1. The original, or a certified copy, of the unrevoked appointment, power of attorney, bylaws, or other instrument entitling or authorizing the person who executed the bond to do so;
2. A certified copy of the certificate of authority of the surety issued by the California Insurance Commissioner;
3. A current print out from the website of the Department of Insurance confirming the surety is an admitted surety insurer; and
4. Copies of the surety's most recent annual statement and quarterly statement filed with the California Department of Insurance pursuant to Article 10 (commencing with Section 900) of Chapter 1 of Part 2 of Division 1 of the Insurance Code.

The Bidder shall (and shall cause its surety to) provide any additional certifications or information requested at any time by the Airport Authority, in its sole discretion, in order to enable the Airport Authority to evaluate the surety's ability to perform its obligations under any bond. To the extent permitted by law, the Airport Authority, in its sole discretion, at any time may reject any bond or require the Bidder to replace any bond or surety at the Bidder's own cost.

Article 5 – Notice to Bidders

1A-5.1 EMPLOYMENT OF APPRENTICES

- A. Bidder is directed to the provisions in Sections 1777.5, 1777.6 and 1777.7 of the California Labor Code concerning the employment of apprentices by a Contractor and any subcontractor performing a public works Contract.
 1. Labor Code Section 1777.5 requires the Contractor or subcontractor employing tradesmen in any apprentice able occupation to apply to the joint apprenticeship committee in the area of the site of the public works project and which administers the apprenticeship program for a certificate of approval. Contractor or subcontractor shall not be required to submit individual applications for approval to local joint apprenticeship committees provided they are already covered by the local apprenticeship standards. The ratio of apprentices to journeymen and contributions to funds to administer apprenticeship programs shall be determined by Section 1777.5 and the responsibility for compliance with that section for all apprenticeable occupations shall be with the General Contractor.
 2. Labor Code Section 1777.5 does not apply to Contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or Prime Contractor, when the contracts of general contractors or those specialty contractors, involve less than Thirty Thousand Dollars (\$30,000.00). A contractor who willfully violates Labor Code Section 1777.5 shall be denied the right to bid on or receive a public works contract for a period of up to one (1) year for the first violation, and for a period up to three (3) years for the second and subsequent violations, from the date the determination of noncompliance made by the Administrator of Apprenticeship becomes an order of the California Apprenticeship Council. Contractor shall also be subject to the payment of the civil penalty as provided in Labor Code Section 1777.7. Interpretation and enforcement of said Sections 1777.5 and 1777.7 shall be in accordance with the rules and procedures of the California Apprenticeship Council.

1A-5.2 EQUAL EMPLOYMENT OPPORTUNITY CLAUSE

- A. This clause is based on 41 CFR §60.1-4 and Executive Order 11246 as Amended by Executive Order 11375.
- B. During the performance of this Contract, the Contractor agrees as follows:
1. The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual origin, gender identity or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
 2. The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor; state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual origin, gender identity or national origin.
 3. The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other Contract or understanding, a notice to be provided advising the said labor union or worker's representatives of the Contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
 4. The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965 and of the rules, regulations and relevant orders of the Secretary of Labor.
 5. The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.
 6. In the event of the Contractor's noncompliance with the nondiscrimination clauses of this Contract or with any of the said rules, regulations or orders, this Contract may be canceled, terminated or suspended in whole or in part and the Contractor may be declared ineligible for further Government Contracts or federally assisted construction Contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, as amended, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965 or by rule, regulation or order of the Secretary of Labor, or as otherwise provided by law.
 7. The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of Paragraphs 1 through 7 in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, as amended, so that such provisions will be binding upon each

subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

C. Standard Federal Equal Employment Opportunity Construction Contract Specifications:

1. As used in these specifications:
 - a. "Covered area" means the geographical area described in the solicitation from which this Contract resulted;
 - b. "Director" means Director, Office of Federal Contract Compliance (OFCCP), United States Department of Labor or any person to whom the Director delegates authority;
 - c. "Employer Identification Number" means the Federal Social Security number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941;
 - d. "Minority" includes:
 - 1) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);
 - 2) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish culture or origin, regardless of race);
 - 3) Asian and Pacific Islander (all persons having origins in any of the original people of the Far East, Southeast Asia, the Indian subcontinent or the Pacific Islands); and
 - 4) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).
2. Whenever the Contractor or any subcontractor at any tier subcontracts a portion of the work involving any construction trade, it shall physically include in each subcontract the provisions of these specifications that contain the applicable goals for minority and female participation.
3. If the Contractor is participating (pursuant to 41 CFR 60-4.5) in a Hometown Plan approved by the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades which have union participating in the Plan. Contractors must be able to demonstrate their participation in and compliance with the provisions of any such Hometown Plan. Each Contractor or subcontractor participating in an approved Plan is individually required to comply with its obligations under the EEO clause and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by other Contractors or subcontractors toward a goal in an Approved Plan does not excuse

any covered Contractor's or subcontractor's failure to make good faith efforts to achieve the Plan's goal and timetables.

4. The Contractor shall implement the specific affirmative action standards provided in Paragraphs C(1) through (15) of this section. The goals set forth in the specifications for this Contract are expressed as percentages of the total hours of employment and training of minority and female utilization the Contractor should reasonably be able to achieve in each construction trade in which it has employees in the covered area. Covered construction contractors performing construction work in a geographical area where they do not have a Federal or federally assisted construction contract shall apply the minority and female goals established for the geographical area where the work is being performed. Goals are published periodically in the Federal Register in notice form, and such notices may be obtained from any Office of Federal Contract Compliance Programs office or from Federal procurement contracting officers. The Contractor is expected to make substantially uniform progress toward his goals in each craft during the period specified.
5. Neither the provisions of any collective bargaining agreement nor the failure by a union with whom the Contractor has a collective bargaining agreement, to refer either minorities or women, shall excuse the Contractor's obligations under these specifications, Executive Order 11246 of September 24, 1965, as amended, or the regulations promulgated pursuant thereto.
6. In order for the non-working training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.
7. The Contractor shall take specific affirmative actions to ensure Equal Employment Opportunity. The evaluation of the Contractor's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully and shall implement affirmative action steps at least as extensive as the following;
 - a. Ensure and maintain a working environment free of harassment, intimidation and coercion at all sites and in all facilities at which the Contractor's employees are assigned to work. The Contractor, where possible, will assign two or more women to each construction project. The Contractor shall specifically ensure that all foremen, superintendents and other on-site supervisory personnel are aware of and carry out the Contractor's obligations to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.
 - b. Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available and maintain a record of the organizations' responses.
 - c. Maintain a current file of the names, addresses and telephone numbers of each minority and female off the street applicant, minority or female referral from a union, a recruitment source or community organization and of what action was

taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefore, along with whatever additional actions the Contractor may have taken.

- d. Provide immediate written notification to the Director when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or female sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.
- e. Develop on-the-job training opportunities and/or participate in training programs for the area which expressly includes minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources compiled under 7.b above.
- f. Disseminate the Contractor's EEO policy by providing notice of the policy to unions and training programs, and requesting their cooperation in assisting the Contractor in meeting its EEO obligations by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on bulletin boards accessible to all employees at each location where construction work is performed.
- g. Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination or other employment decisions, including specific review of these items with on-site supervisory personnel such as Superintendents, General Foremen, etc., prior to the initiation of construction work at any job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed and disposition of the subject matter.
- h. Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media and providing written notification to and discussing the Contractor's EEO policy with other contractors and subcontractors with whom the Contractor does or anticipates doing business.
- i. Direct its recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving the Contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above, describing the openings, screening procedures and tests to be used in the selection process.
- j. Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer and

- vacation employment to minority and female youth both on-site and in other areas of a Contractor's work force.
- k. Validate all tests and other selection requirements where there is an obligation to do so under 41 CFR Part 60-3.
 - l. Conduct, at least annually, an inventory and evaluation of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.
 - m. Ensure that seniority practices, job classifications, work assignments and other personnel practices do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Contractor's obligations under these specifications are being carried out.
 - n. Ensure that all facilities and company activities are non-segregated, except that separate or single-user toilets and necessary changing facilities shall be provided to assure privacy between the sexes.
 - o. Document and maintain a record of all solicitations of offers for subcontracts from minority and female construction Contractors and suppliers, including circulation of solicitations to minority and female Contractor associations and other business associations.
 - p. Conduct a review, at least annually, of all supervisors' adherence to and performance under the Contractor's EEO policy and affirmative action obligations.
8. Contractors are encouraged to participate in voluntary associations which assist in fulfilling one more of their affirmative action obligations 7(a) through 7(p). The efforts of a contractor association, joint contractor-union, contractor-community, or other similar groups of which the Contractor is a member and participant, may be asserted as fulfilling any one or more of its obligations under 7(a) through 7(p) of these specifications provided that the Contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the program are reflected in the Contractor's minority and female work force participation, makes a good faith effort to meet his individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.
9. A single goal for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, if the particular group is employed in a substantially disparate manner (for example, even though the Contractor has achieved its goals for women generally,) the Contractor may be in violation of the Executive Order if a specific minority group of women is under-utilized.

10. The Contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person, because of race, color, religion, sex, sexual orientation, gender identity or national origin.
11. The Contractor shall not enter into any subcontract with any person or firm debarred from Government Contracts pursuant to Executive Order 11246, as amended.
12. The Contractor shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause, including suspension, termination and cancellation of existing subcontracts as may be imposed or ordered pursuant to Executive Order 11246, as amended, and its implementing regulations by the Office of Federal Contract Compliance Programs. Any Contractor who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order 11246, as amended.
13. The Contractor in fulfilling his obligations under these specifications shall implement specific affirmative action steps, at least as extensive as those standards prescribed in Paragraph 7 of these specifications, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of the Executive Order, the implementing regulations or these specifications, the Director shall proceed in accordance with 41 CFR 60-4.8.
14. The Contractor shall designate a reasonable official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the Government, and to keep records. Records shall at least include for each employee the name, address, telephone numbers, construction trade, union affiliation, if any, employee identification number were assigned, social security number, race, sex, status (e.g., mechanical, apprentice, trainee, helper or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, Contractors shall not be required to maintain separate records.
15. Nothing herein provided shall be construed as a limitation upon the application of other laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents (e.g., those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).

D. Prompt Payment:

1. The Contractor agrees to pay each subcontractor under this Contract for satisfactory performance of its contract no later than 10 Days from the receipt of each payment the Contractor receives from the Airport Authority. The Contractor agrees further to return retainage payments to each subcontractor within ten (10) Days after subcontractor's work is satisfactorily completed. Any delay or postponement of payment from the above-referenced time frame may occur only for good cause following written approval of the Airport Authority. This clause applies to both DBE and non-DBE subcontractors. The Contractor shall pay each of its subcontractors no later than seven (7) Days after satisfactory completion by the subcontractor of its work and receipt of retention by the Contractor. Any

Contractor who violates this provision shall pay to the subcontractor a penalty of two (2%) percent of the amount due per month for every month that payment is not made. In any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to attorneys' fees and costs as allowed by law. Any delay or postponement of payment may take place for good cause only with the prior written approval of the Airport Authority. The Contractor will not be paid by the Airport Authority for work performed by a subcontractor unless and until the Contractor ensures that the subcontractors are promptly paid for the work they have performed by signing the affidavit required by 1C-9.2(C).

2. Upon request by the Airport Authority, Contractor shall provide information regarding payments made to all subcontractors performing work on the Project in a format prescribed by the Airport Authority, for each and every month during the term of this Contract. Contractor shall provide the requested information no later than thirty (30) Days from the date of the Airport Authority's written request for information under this provision. For the purpose of this section, information regarding subcontractors includes but is not limited to suppliers, vendors, consultants or other business entities identified by Contractor and/or the Airport Authority.
- E. Dispute Resolution: Pursuant to 49 CFR Part 26, Section 26.29, the Contractor shall include in each of its subcontracts the following requirement: In the event of a payment dispute, the Contractor and the subcontractor shall comply with the Claims and Disputes procedures mandated by Article 10 of the Contract.
- F. Termination of Subcontractors: The Contractor will not terminate for convenience any listed subcontractor (or approved substitute subcontractor) and then perform the work of the terminated subcontract with its own forces or those of an affiliate, without the Airport Authority's prior written consent. When a subcontractor is terminated, or fails to complete its work on the Contract for any reason, the Airport Authority will require the Contractor to make good faith efforts to find another subcontractor to substitute for the original subcontractor. These good faith efforts shall be directed at finding another subcontractor to perform at least the same amount work under the Contract as the subcontractor that was terminated. Violation of this provision by the Contractor shall be grounds for termination for cause of this Contract.
- G. Discrimination: The contractor or subcontractor shall not discriminate on the basis of race, color, national origin or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the Airport Authority deems appropriate.

Article 6 – Compliance with Contract Terms

Bidders are required to comply with all provisions of Section 1C which may include the federal provisions listed below:

1A- 6.1 Provisions for all Construction Contracts

- [Buy American Preferences - Title 49 U.S.C. 50101](#)
- [Civil Rights- General- 49 USC §47123](#)
- [Civil Rights Act of 1964, Title VI - Contractor Contractual Requirements - Title 49 CFR Part 21](#)
- [Airport and Airway Improvement Act of 1982, Section 520 - Title 49 U.S.C. 47123](#)

Write out Bid Total in
 Words _____ Dollars

Unless stated otherwise in writing by the Airport Authority, Contractor's pricing shall be valid for 120 days after Bid Opening.

The following Addenda have been noted (See Section 1A-2.4): _____

BID BOND

KNOW ALL PERSONS BY THESE PRESENTS:

That we, _____, as Principal, and _____, as Surety, are held and firmly bound unto the SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY, hereinafter called the Obligee, in the sum of _____ Dollars (\$ _____), being at least ten percent (10%) of the Lump Sum Base Bid amount to include unit price items for payment of which lawful money of the United States, well and truly by made, we bind ourselves, our heirs, executors, administrators, successors, and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THE ABOVE OBLIGATION IS SUCH THAT, WHEREAS, Principal has submitted a Bid for the work described as follows:

Project #: 104263, Terminal 2 East Electrical Modernization RFB, Project

NOW THEREFORE, if the Bid is rejected, or, in the alternate, if the Bid is accepted and the Principal signs and delivers the Contract and furnishes certificates of insurance and other items required by the Bidding Documents, a Performance Bond, a Payment Bond, all in the form and within the time required by the Contract Documents, then this obligation shall become null and void, otherwise the same shall remain in full force and effect and upon default of the Principal shall be forfeited to the Obligee, it being expressly understood and agreed that the liability of the Surety for any and all default of the Principal shall be the amount of this obligation as herein stated, as liquidated damages.

The Surety, for value received, hereby agrees that the obligations of Surety and its bond shall not be impaired or affected by any extension of the time within which the Obligee may accept the bid and the Surety hereby waives notice of any such extension. Principal shall not withdraw said Bid within the time period specified after the Bid Deadline, as defined in the Bidding Documents, and if selected as the apparent lowest responsible Bidder, Principal shall, within the time period specified in the Bidding Documents, do the following:

- 1) Enter into a written agreement, in the prescribed form, in accordance with the Bid.
- 2) File two bonds with the SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY, one to guarantee faithful performance and the other to guarantee payment for labor and materials, as required by the Bidding Documents;
- 3) Furnish certificates of insurance and all other items required by the Bidding Documents.

In the event of the withdrawal of said Bid within the time period specified, or the disqualification of said Bid due to failure of Principal to enter into such agreement and furnish such bonds, certificates of insurance, and all other items as required by the Bidding Documents, if Principal shall pay to the SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY an amount equal to the difference, not to exceed the amount hereof, between the amount specified in said Bid and such larger amount for which the SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY procures the required work covered by said Bid, if the latter is in excess of the former, this obligation shall be null and void, otherwise to remain in full force and effect.

In the event suit is brought upon this bond by the SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY, Surety shall pay reasonable attorneys' fees and costs incurred by the SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY in such suit.

IN WITNESS WHEREOF, we have hereunto set our hands this _____ day of _____, 20____.

The undersigned declares:

I am _____
Title _____

of _____ (Respondent), the party making the foregoing bid.

The Bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization or corporation. The Bid is genuine and not collusive or a sham. The Respondent has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid, and has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or that anyone shall refrain from bidding. The Respondent has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the Bid price of the Respondent or any other bidder, or to fix any overhead, profit, or cost element of the proposed price, or of that of any other bidder, or to secure any advantage against the public body awarding the Agreement or anyone interested in the proposed Agreement. That all statements contained in the Bid are true; and, further, that the Respondent has not, directly or indirectly, submitted his/her/its proposed price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto to any corporation, partnership, company association, organization, bid depository or to any member or agent thereof to effectuate a collusive or sham bid and has not paid, and will not pay, any person or entity for such purpose. Respondent further swears under penalty of perjury that all information in this Bid and this Affidavit is correct.

Dated: _____, 20_____.

Signature of Affiant
Subscribed and sworn to (or affirmed) before me
on this _____ day of _____, 20_____.

Name of Signer

Bidder's Statement of Experience

The Bidder is required to list work of similar character to that included in the Request for Bids, that such work has been successfully performed, and give references which will enable the San Diego County Regional Airport Authority to judge its trustworthiness, as well as quality, fitness, capacity, and experience to satisfactorily perform the Contract.

Questionnaire for Bidder's Statement of Experience

1. Within the past five years, has a contract awarded to you or entered into by you, the Bidder, ever been terminated for default?

If so, please list the contract, the awarding public agency and/or contracting party other than Bidder by name, address and telephone number, the type of project, the reason for termination, and the contact person at the awarding public agency and/or contracting party.

2. Within the past five years, have you, the Bidder, filed legal action against an awarding public agency and/or contracting party?

If so, please list the contract, the awarding public agency and/or contracting party other than Bidder by name, address and telephone number, the type of project, the reason for filing suit and the contact person at the awarding public agency and/or contracting party.

3. Within the past five years, have you, the Bidder, been found to have filed a false claim in violation of California Government Code sections 12650, et seq. or Federal False Claims Act (31U.S.C. section 3729 et seq.)

If so, please list the contract, the awarding public agency and/or contracting party other than Bidder by name, address and telephone number, the type of project, the name of the lawsuit including the court and the case number, if any, and the contact person at the awarding public agency and/or contracting party.

4. Within the past five years, have you been debarred or otherwise forbidden from bidding and/or being awarded construction work by any public or private entity?

If so, please list the contract, the awarding public agency and/or contracting party other than Bidder by name, address and telephone number, the type of project, the reason for debarment and the contact person at the awarding public agency and/or contracting party.

5. Have you ever been debarred from bidding or being awarded construction work by the Labor Commissioner?

If so, please state the reason for debarment, the date of debarment and the contact person at the Labor Commission.

6. Have you ever been suspended, debarred or voluntarily excluded from doing business with any DOT element and appearing on the DOT Unified List?

If so, please state the reason for suspension, debarment, or voluntary exclusion; the date of such; and the contact person at the DOT element.

IF YOUR ANSWER TO QUESTIONS 5 OR 6 IS YES, THE AIRPORT AUTHORITY SHALL NOT PERMIT YOU TO BID, WORK OR BE AWARDED THIS OR ANY OTHER AIRPORT AUTHORITY CONTRACT. FAILURE TO RESPOND TO THESE QUESTIONS MAY BE CONSIDERED A NON-RESPONSIVE BID AND SUBJECT TO REJECTION.

Bidder's Statement of Financial Responsibility

The Bidder shall submit the most recent complete audited financial statements. If the most recent audited financial statements are more than 15 months old, then Authority may also require Bidder to submit a statement on the status and expected completion date from the audit firm and also the most current year's unaudited financial statements, certified by the CFO or CEO. All documents submitted with this Bid become the property of the Authority. The Bidder may provide the financial information in a sealed envelope marked as confidential financial information as a part of their Bid package. If this is done then financial information shall not be considered part of the public record, otherwise these documents shall be considered public records and as such may be subject to public review.

Bidder's Certificate of Workers' Compensation

I am aware of the provisions of the California Labor Code which requires every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions and furnish a workers' compensation insurance certificate to the Airport Authority before commencing the performance of the work of this Contract.

The Prime Contractor Experience Modification Rating ("EMR") should be less than or equal to "1.00" sometimes referred to a "100". Bids are subject to rejection if Bidder does not meet minimum EMR requirement.

The most recent EMR for the undersigned Bidder is _____.

Subcontractors of any tier must possess an EMR of less than or equal to "1.0," sometimes referred to as "100". A subcontractor's failure to possess an EMR of less than or equal to 1.0 may result in the Authority's objection to that subcontractor, pursuant to section 1C-4.1.

Bidder shall attach a letter from its Insurance Broker documenting its most recent EMR, as well as the EMR for the two (2) years immediately preceding the most recent EMR.

False Claims Certification

BIDDER'S CERTIFICATION OF COMPLIANCE WITH LAWS RELATING TO FALSE CLAIMS

I hereby certify that if awarded the Contract of which this certificate shall be made a part of, I will not violate any provisions of the False Claims Act or any other applicable federal or state laws and regulations relating to the filing of false claims against a public agency, including laws and regulations hereinafter enacted. I additionally certify that in the event it is determined that I have violated the False Claims Act that such violation shall be grounds for, among other things, debarment pursuant to San Diego County Regional Airport Authority Code, Article 5 part 5.1 and termination of this Contract.

Lobbying and Influencing Federal Employees

The Certification below shall be signed by the Bidder and submitted with its Bid:

The undersigned certifies by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

(1) No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with the awarding any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an office or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standards Form LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award document for all sub-awards at all tiers including subcontracts, subgrants, and contract under grants. Loans, and cooperative agreements and that all sub-recipients shall certify and disclose accordingly.

This certification is material representation of fact upon which reliance was placed when this transaction was made and entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, US Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Certificate Regarding Participation in Previous Contracts or Subcontracts

Each prospective Prime Contractor and each proposed subcontractor must submit a completed form prior to the award of the contract.

The bidder shall complete the following statement by checking the appropriate boxes:

The bidder has has not participated in a previous contract subject to the equal opportunity clause prescribed by Executive Order 10925 or Executive Order 1114 or Executive Order 11246.

The bidder has has not submitted compliance reports in connection with any such contract due under the applicable filing requirements; and that representations indicating submission of required compliance reports signed by proposed subcontractors will be obtained prior to award of subcontracts.

If the bidder has participated in a previous contract subject to the equal opportunity clause and has not submitted compliance reports due under applicable filing requirements, the bidder shall submit a compliance report on Standard Form 100, "Employee Information Report EEO-1" prior to the award of the contract.

I.R.S. I.D. No.: _____

Certification of Nonsegregated Facilities

This Certification of Nonsegregated Facilities must be submitted prior to award of a Contract or subcontract that is not exempt from the provisions of the equal opportunity clause.

1. Notice to Prospective Federally Assisted Construction Contractors:

- a. A Certification of Nonsegregated Facilities must be submitted prior to the award of a federally assisted construction contract exceeding \$10,000 which is not exempt from the provisions of the Equal Opportunity Clause.
- b. Contractors receiving federally assisted construction contract awards exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity Clause will be required to provide for the forwarding of the following notice to prospective subcontractors for supplies and construction contracts where the subcontracts exceed \$10,000 and are not exempt from the provisions of the Equal Opportunity Clause.
- c. The penalty for making false statements in offers is prescribed in 18 U.S.C. §1001

2. Notice to Prospective Subcontractors of Requirements for Certification of Non-Segregated Facilities:

- a. A Certification of Nonsegregated Facilities shall be submitted prior to the award of a subcontract exceeding \$10,000 which is that is not exempt from the provisions of the Equal Opportunity Clause.
- b. Contractors receiving subcontract awards exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity Clause will be required to provide for the forwarding of the notice to prospective subcontractors for supplies and construction contracts where the subcontracts exceed \$10,000 and are not exempt from the provisions of the Equal Opportunity Clause.
- c. The penalty for making false statements in offers is prescribed by 18 U.S.C. §1001.

3. Certification of Nonsegregated Facilities (Contractors/Subcontractors):

Bidder (hereinafter "federally assisted construction Contractor" or "Contractor") hereby certifies that she or he does not maintain or provide for her or his employees any segregated facilities at any of her or his establishments, and that she or he does not permit her or his employees to perform their services at any location, under her or his control, where segregated facilities are maintained. The federally assisted construction Contractor certifies further that she or he will not maintain or provide for her or his employees segregated facilities at any of her or his establishments, and that she or he will not permit her or his employees to perform their services at any location under this control, where segregated facilities are maintained. The federally assisted construction Contractor agrees that a breach of this certification is a violation of the Equal Opportunity Clause of this Contract. As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, rest rooms, and washrooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, sexual orientation, gender identity or national origin, because of habit, local custom, or any other reason. The federally assisted construction Contractor agrees that (except where she or he has obtained identical certifications from proposed subcontractors for specific time periods) she or he will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the

provisions of the Equal Opportunity Clause, and that she or he will retain such certifications in his files.

Title: _____

**Debarment, Suspension, Ineligibility, and Voluntary Exclusion Certification
49 CFR PART 29 AND 29 CFR PART 3(A) OR 29 CFR 5.12(A)(1)**

The Certification below shall be signed by the Bidder and submitted with its Bid.

CERTIFICATION REGARDING DEBARMENT AND SUSPENSION (BIDDER)

By submitting a bid under this bid solicitation, the Bidder certifies that at the time the Bidder submits its bid that neither it nor its principals are presently debarred or suspended by any Federal, state or local department or agency. Bidder further agrees by submitting this Bid that it will include this clause without modification in all lower tier transaction, solicitations, Bids, contracts or subcontracts. Where the bidder or any lower tier participant is unable to certify to this statement, it shall attach an explanation to this Bid.

DATED: _____, 20__

Bidder

By: _____

Title: _____

Certification Regarding Debarment and Suspension (Successful bidder regarding lower tier participants)

The successful bidder, by administering each lower tier subcontract that exceeds \$2,500 as a “covered transaction”, must verify each lower tier participant of a “covered transaction” under the project is not presently debarred or otherwise disqualified from participation in this federally assisted project. The successful bidder will accomplish this by:

1. Checking the System of Award Management at website: <http://www.sam.gov>
2. Collecting a certification statement similar to the Certificate Regarding Debarment and Suspension (Bidder), above.
3. Inserting a clause or condition in the covered transaction with the lower tier contract.

If the FAA later determined that a lower tier participant failed to tell a higher tier that it was excluded or disqualified at the time it entered into the covered transaction, the FAA may pursue any available remedy, including suspension and debarment.

Trade Restriction Certification
49 CFR PART 30

The perspective Prime Contractor shall submit this certification **at the time of bid** and any or all proposed subcontractors must submit this certification prior to the award of any contract.

The Bidder, by submission of a Bid and/or execution of the Contract, certifies that it:

1. is not owned or controlled by one or more citizens of a foreign country included in the list of countries that discriminate against U.S. firms published by the Office of the United States Trade Representative (USTR);
2. has not knowingly entered into any contract or subcontract for this project with a person that is a citizen or national of a foreign country on said list, or is owned or controlled directly or indirectly by one or more citizens or nationals of a foreign country on said list;
3. has not procured any product nor subcontracted for the supply of any product for use on the project that is produced in a foreign country on said list.

Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR 30.17, no contract shall be awarded to a contractor or subcontractor who is unable to certify to the above. If the Contractor knowingly procures or subcontracts for the supply of any product or service of a foreign country on said list for use on the project, the Federal Aviation Administration may direct, through the Sponsor, cancellation of the contract at no cost to the Government.

Further, the Contractor agrees that, if awarded a contract resulting from this solicitation, it will incorporate this provision for certification without modification in each contract and in all lower tier subcontracts. The Contractor may rely upon the certification of a prospective subcontractor unless it has knowledge that the certification is erroneous.

The Contractor shall provide immediate written notice to the Sponsor if the Contractor learns that its certification or that of a subcontractor was erroneous when submitted or has become erroneous by reason of changed circumstances. The subcontractor agrees to provide written notice to the Contractor if at any time it learns that its certification was erroneous by reason of changed circumstances.

This certification is a material representation of fact upon which reliance was placed when making the award. If it is later determined that the Contractor or subcontractor knowingly rendered an erroneous certification, the Federal Aviation Administration may direct, through the Sponsor, cancellation of the contract or subcontract for default at no cost to the Government.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision. The knowledge and information of a contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings

This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code, Section 1001.

Contract

The SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY, a local governmental entity of regional government in the County of San Diego, State of California (the "Airport Authority") and _____, [include business entity description here] ("Contractor") hereby agree:

1. Scope of Work: Contractor shall perform and be bound by all of the terms and conditions of this Contract, shall provide all labor, materials, equipment, tools, utility services, and transportation to complete the Work in strict conformity with the Contract Documents (specified in Paragraph 4 below) and shall perform the work in a good and workmanlike manner for the following project: Insert Project Name and Number here.
2. Contract Price. The Airport Authority shall pay to the Contractor as full compensation for the performance of this Contract, subject to any additions or deductions as provided in the Contract Documents, and including all applicable taxes and costs, the sum of _____ Dollars (\$ _____), hereinafter the Contract Price. Payment shall be made as set forth in the Contract Documents.
3. Contract Time. Contractor shall commence work as required by the Contract, shall prosecute the work diligently, and shall complete it within the time limit fixed in the Contract Documents. Time is of the essence of this Contract.
4. Component Parts of the Contract. The Contract Documents include the following documents, each of which is incorporated into this Contract by reference:
 - Instructions to Bidders
 - Bidders Submission Documents
 - Bid Schedule
 - Bid Bond
 - Performance Bond
 - Payment (Labor and Materials) Bond
 - General Conditions
 - Special Conditions
 - Special Provisions
 - Addenda
 - Plans
 - Change Orders
5. Provisions Required By Law. Each and every provision of law required to be included in these Contract Documents shall be deemed to be included in these Contract Documents. The Contractor shall comply with all requirements of applicable federal, state and local laws, rules, regulations, including but not limited to, provisions of the California Labor Code which are applicable to this Work.
6. Indemnification. Contractor shall provide indemnification and defense as set forth in the Contract Documents.
7. Prevailing Wage. Contractor shall pay not less than the prevailing wage of wages in accordance with the Labor Code, which rates have been determined by the Director of the California Department of Industrial Relations and shall be made available at San Diego County Regional Airport Authority Labor Compliance Office or may be obtained online at <http://www.dir.ca.gov/dlse>. If the Work involves federal funds or otherwise requires compliance with Davis-Bacon Fair Labor

Standards Act, the Contractor and all its subcontractors shall pay the higher of the state or federal prevailing wage rates. The wage rates must be posted at the jobsite.

- 8. No contractor or subcontractor may be awarded a contract for public work on a public works project (awarded on or after April 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. If awarded the Contract, the Bidder and its subcontractors, of any tier, shall maintain active registration with the Department of Industrial Relations for the duration of the Work.
- 9. Limitation of Liability. The Airport Authority or any department, board, officer or employee of the Airport Authority shall not be liable for any portion of the Contract Price or for any of the work performed by Contractor under this Contract and it is further understood and agreed that the Airport Authority's liability is limited and confined as imposed by law.
- 10. This Contract is executed and entered into in the County of San Diego, State of California, and the obligations under this Contract are incurred and shall be performed and executed in said County.

Note: If this Contract is between the Airport Authority and a corporation, it requires the signature of two corporate officers. One signature shall be that of the chairman of board, the president or any vice president and the second signature shall be that of the secretary, any assistant secretary, the chief financial officer or any assistant treasurer of such corporation

Performance Bond

KNOW ALL PERSONS BY THESE PRESENTS:

THAT WHEREAS, the San Diego County Regional Airport Authority (hereinafter referred to as the "Authority") has awarded to _____, (hereinafter referred to as the "Contractor") _____ an agreement for _____ (hereinafter referred to as the "Work").

WHEREAS, the work to be performed by the Contractor is more particularly set forth in the Contract Documents for the Work dated _____, (hereinafter referred to as "Contract Documents"), the terms and conditions of which are expressly incorporated herein by reference; and

WHEREAS, the Contractor is required by said Contract Documents to perform the terms thereof and to furnish a bond for the faithful performance of said Contract Documents.

NOW, THEREFORE, we, _____, the undersigned Contractor and _____ as Surety, a corporation organized and duly authorized to transact business under the laws of the State of California, are held and firmly bound unto the Authority in the sum of _____ DOLLARS, (\$_____), said sum being not less than one hundred percent (100%) of the total amount of the Contract, for which amount well and truly to be made, we bind ourselves, our heirs, executors and administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH, that, if the Contractor, his or its heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions and agreements in the Contract Documents and any alteration thereof made as therein provided, on its part, to be kept and performed at the time and in the manner therein specified, and in all respects according to their intent and meaning; and shall faithfully fulfill all obligations including the one-year guarantee of all materials and workmanship; and shall indemnify and save harmless the Authority, its officers and agents, as stipulated in said Contract Documents, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

As a condition precedent to the satisfactory completion of the Contract Documents, unless otherwise provided for in the Contract Documents, the guarantee obligation shall hold good for a period of one (1) year after the acceptance of the work by the Authority, during which time if Contractor shall fail to make full, complete, and satisfactory repair and replacements and totally protect the Authority from loss or damage resulting from or caused by defective materials or faulty workmanship. The obligations of Surety hereunder shall continue so long as any obligation of Contractor remains. Nothing herein shall limit the Authority's rights or the Contractor or Surety's obligations under the Contract, law or equity, including, but not limited to, California Code of Civil Procedure section 337.15.

As a part of the obligation secured hereby and in addition to the face amount specified therefore, there shall be included costs and reasonable expenses and fees including reasonable attorney's fees, incurred by the Authority in enforcing such obligation.

Whenever Contractor shall be, and is declared by the Authority to be, in default under the Contract Documents, the Surety shall remedy the default pursuant to the Contract Documents, or shall promptly, at the Authority's option:

1. Take over and complete the Work in accordance with all terms and conditions in the Contract Documents; or

2. Obtain a bid or bids for completing the Work in accordance with all terms and conditions in the Contract Documents and upon determination by Surety of the lowest responsive and responsible bidder, arrange for a Contract between such bidder, the Surety and the Authority, and make available as work progresses sufficient funds to pay the cost of completion of the Work, less the balance of the contract price, including other costs and damages for which Surety may be liable. The term "balance of the contract price" as used in this paragraph shall mean the total amount payable to Contractor by the Authority under the Contract and any modification thereto, less any amount previously paid by the Authority to the Contractor and any other set offs pursuant to the Contract Documents.

3. Permit the Authority to complete the Work in any manner consistent with California law and make available as work progresses sufficient funds to pay the cost of completion of the Work, less the balance of the contract price, including other costs and damages for which Surety may be liable. The term "balance of the contract price" as used in this paragraph shall mean the total amount payable to Contractor by the Authority under the Contract and any modification thereto, less any amount previously paid by the Authority to the Contractor and any other set offs pursuant to the Contract Documents.

Surety expressly agrees that the Authority may reject any contractor or subcontractor which may be proposed by Surety in fulfillment of its obligations in the event of default by the Contractor.

Surety shall not utilize Contractor in completing the Work nor shall Surety accept a bid from Contractor for completion of the Work if the Authority, when declaring the Contractor in default, notifies Surety of the Authority's objection to Contractor's further participation in the completion of the Work.

The Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract Documents or to the Work to be performed thereunder shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the Contract Documents or to the Work and the provisions of Section 2819 and 2845 of the California Civil Code.

Payment Bond (Labor and Materials)

KNOW ALL MEN BY THESE PRESENTS That

WHEREAS, the San Diego County Regional Airport Authority (hereinafter designated as the "Authority"), has awarded to _____ hereinafter designated as the "Principal," a contract for the work described as follows:

(the "Work"); and

WHEREAS, said Principal is required to furnish a bond in connection with said contract; providing that if said Principal or any of its Subcontractors shall fail to pay for any materials, provisions, provender, equipment, or other supplies used in, upon, for or about the performance of the work contracted to be done, or for any work or labor done thereon of any kind, or for amounts due under the Unemployment Insurance Code or for any amounts required to be deducted, withheld, and paid over to the Employment Development Department from the wages of employees of said Principal and its Subcontractors with respect to such work or labor the Surety on this bond will pay for the same to the extent hereinafter set forth.

NOW THEREFORE, we, the Principal and _____ as Surety, are held and firmly bound unto the Authority in the penal sum of _____ Dollars (\$_____) lawful money of the United States of America, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that if said Principal, his or its subcontractors, heirs, executors, administrators, successors or assigns, shall fail to pay any of the persons named in Section 9100 of the Civil Code, fail to pay for any materials, provisions or other supplies, used in, upon, for or about the performance of the work contracted to be done, or for any work or labor thereon of any kind, or amounts due under the Unemployment Insurance Code with respect to work or labor performed under the contract, or for any amounts required to be deducted, withheld, and paid over to the Employment Development Department or Franchise Tax Board from the wages of employees of the contractor and his subcontractors pursuant to Section 18663 of the Revenue and Taxation Code, with respect to such work and labor the Surety or Sureties will pay for the same, in an amount not exceeding the sum herein above specified, and also, in case suit is brought upon this bond, all litigation expenses incurred by the Authority in such suit, including reasonable attorneys' fees, court costs, expert witness fees and investigation expenses.

This bond shall inure to the benefit of any of the persons named in Section 9100 of the Civil Code so as to give a right of action to such persons or their assigns in any suit brought upon this bond.

It is further stipulated and agreed that the Surety on this bond shall not be exonerated or released from the obligation of this bond by any change, extension of time for performance, addition, alteration or modification in, to, or of any contract, plans, specifications, or agreement pertaining or relating to any scheme or work of improvement herein above described, or pertaining or relating to the furnishing of labor, materials, or equipment therefore, nor by any change or modification of any terms of payment or extension of the time for any payment pertaining or relating to any scheme or work of improvement herein above described, nor by any rescission or attempted rescission or attempted rescission of the contract, agreement or bond, nor by any conditions precedent or subsequent in the bond attempting to limit the right of recovery of claimants otherwise entitled to recover under any such contract or agreement or under the bond, nor by any fraud practiced by any person other than

the claimant seeking to recover on the bond and that this bond be construed most strongly against the Surety and in favor of all persons for whose benefit such bond is given, and under no circumstances shall Surety be released from liability to those for whose benefit such bond has been given, by reason of any breach of contract between the owner or Authority and original contractor or on the part of any obligee named in such bond, but the sole conditions of recovery shall be that claimant is a person described in Section 9100 of the Civil Code, and has not been paid the full amount of his claim and that Surety does hereby waive notice of any such change, extension of time, addition, alteration or modification herein mentioned and the provisions of Section 2819 and 2845 of the California Civil Code.

IN WITNESS WHEREOF, two (2) identical counterparts of this instrument, each of which shall for all purposes be deemed unoriginal thereof, have been duly executed by the Principal and Surety above named, on the ____ day of _____ 20____ the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative pursuant to authority of its governing body.

For Prime Respondent: Small Business, Veteran Owned Small Business and Local Business Eligibility and Preference Verification Certificate

Certification of Eligibility for Preference. The Authority is committed to maximizing opportunities for qualified certified small businesses, veteran owned small business, and local business to compete for and be awarded Authority contracts (Refer to Authority Policy 5.12).

Total Allowable Preference. The maximum allowable combined preference awarded shall not exceed two hundred thousand dollars or seven percent on any single response. For qualification based criteria, the use of the preference points shall be applied to determine which proposers shall be interviewed for final consideration and to determine the recommended final contract award.

Eligibility as a Small Business. Check the applicable statement.

- Enrolled in the Authority's Bonding and Contract Financing Assistance Program which requires verification by Authority staff that the firm meets Small Business Administration (SBA) size standards. If applicable, state the date your business was enrolled in the Authority's Bonding and Contract Financing Assistance Program (MM/DD/YYYY): _____.
- A business concern that is certified as a Disadvantaged Business Enterprise (DBE) by the California Unified Certification Program. Identify DBE Firm ID #: _____.
- Possesses a valid certification issued by an agency, approved by the Authority, which verifies the firm is within Small Business Administration (SBA) size standards. Approved certifying agencies can be found on the Small Business Development webpage: www.san.org/smallbusiness. If applicable, identify the:
Small Business Certification Agency: _____, and
Small Business Certification Number: _____
- Not eligible for consideration as a Certified Small Business.

Eligibility as a Veteran Owned Small Business. Check the applicable statement.

- A business concern that is certified as a Veteran Owned Small Business (VOSB) or Service Disabled Veteran Owned Small Business (SDVOSB) by the United States Department of Veteran Affairs (DVA). If applicable, provide firm's DUNS number listed on the DVA's VetBiz vendor web portal VOSB/SDVOSB database: _____.
- Not eligible for consideration as a VOSB or SDVOSB.

Eligibility as a Local Business: Check the applicable statement.

- Business concern qualifies as a local business, for firm submitted the Local Business Enterprise Affidavit of Eligibility form to the Authority and is enrolled in the Authority's Local Business Enterprise Directory prior to the solicitation due date.
(Form can be found at www.san.org/smallbusiness under the Resources tab)
- Is eligible as a local business, but firm has not submitted the Local Business Enterprise Affidavit of Eligibility form and is not enrolled in the Authority's Local Business Enterprise Directory.
- Not eligible for consideration as a Local Business.

Authority Policy 5.12 is applicable to this solicitation. Any business claiming to be eligible for preference shall so certify in writing. Businesses that qualify for the Authority's preference must complete this "Attachment D" and submit it as a part of their solicitation response. Late submittals of "Attachment D" will not be considered. The Authority shall not be required to verify the accuracy of any such certifications. Any person or business falsely claiming eligibility under this section may be debarred in accordance with Authority Code, Articles 5.10 through 5.18. The Authority shall also have the right to immediately terminate all or any part of any contract entered into where a preference was considered and later found to be false.

By my signature below, I hereby certify under penalty of perjury that the above information is true and correct.

Business Name: _____ Print Name: _____

For Prime and Subcontractor Participation: Small Business, Veteran Owned Small Business and Local Business Preference Submission and Verification Form

Respondent desiring consideration for preference under Policy 5.12 where goals are established must complete and submit with its solicitation response all of the requirements specified in this form. To receive preference in certification type Small Business (SB), Veteran Owned Small Business (VOSB/SDVOSB), and Local Business (LBE), Respondent must meet or exceed the certification type goal.

The Authority shall not be required to verify the accuracy of any such certifications or statements. Any person or business falsely claiming eligibility under this section may be debarred in accordance with Authority Code, Articles 5.10 through 5.18. The Authority shall also have the right to immediately terminate all or any part of any contract entered into where a preference was considered and later found to be false.

Late or incomplete submission– For Prime and Subcontractor Participation: Small Business, Veteran Owned Small Business and Local Small Business Preference Submission and Verification Form, provided below, will not be considered towards the award of a preference.

Definitions:

Small Business (SB) – A profit-making corporation, sole proprietorship, or partnership that:

1. Is enrolled in the Authority's Bonding and Contract Financing Assistance Program which requires verification by Authority staff that the firm meets Small Business Administration (SBA) size standards; or
2. A business concern that is certified as a disadvantaged business enterprise (DBE) by the California Unified Certification Program; or
3. Possesses valid certification issued by an agency, approved by the Authority, that verified the firm is within the SBA size standards; or
4. Is an airport concessionaire that provides evidence that its business size is within standards established under 49 CFR Part 23, Section 23.33.

Veteran Owned Small Business (VOSB/SDVOSB) – A veteran-owned small business or a service disabled veteran-owned small business that has been certified by the U.S. Department of Veteran Affairs.

Local Business (LBE) – A business that meets all of the following criteria:

1. Occupies workspace within San Diego County. The business must submit proof of occupancy to the Authority by supplying evidence of a lease, deed, or other sufficient evidence demonstrating that the business has been located within San Diego County for a minimum of 6 months prior to the release of a solicitation for which a business responds as a Local Business participant. (U.S. Post Office boxes are not verifiable and shall not be considered for the purpose of this definition). The business cannot satisfy this requirement by operating as a virtual office.
2. Submits proof to the Authority that the business is in compliance with all applicable laws relating to licensing and is not delinquent on any San Diego County taxes.
3. Submits proof to the Authority demonstrating one of the following:
 - a. More than fifty percent (50%) of the workforce based in the local office resides in San Diego County; or
 - b. The business must demonstrate that it is headquartered in San Diego County. For the purposes of the policy, the term "headquartered" shall mean that the business physically conducts and manages all of its operations from a location in San Diego County.
4. Submits to the Authority a Local Business Enterprise Affidavit of Eligibility form and is enrolled in the Authority's Local Business Enterprise Directory prior to the solicitation due date. (Form can be found at www.san.org/smallbusiness Under the Resources tab).

Small Business Certifications:

The most current list of agencies that have certifications acceptable to the Authority are listed below. Certifications must be specific to the trade being performed by the small business concern. It is the responsibility of the business concern to verify that the particular certification does in fact comply with the SBA size standards and that the certifying agency has in fact verified SBA compliance. The Authority reserves the right to further investigate and verify a business concerns' size standards with the certifying agency. The Authority is not required to accept a small business certification if the Authority is unable to verify compliance with the SBA size standards.

Acceptable Small Business Certifications:

- A California Department of General Services (DGS) Small Business Certification provided that the SBA size standards for the specific trade is not less than \$15 million or 100 employees; or
- A DGS Micro Business Certification provided that the SBA size standards for the specific trade is not less than \$5 million or 25 employees; or
- A DGS Small Business for the purpose of Public Works Certification, provided that the SBA size standard for the specific trade is not less than \$36 million or 200 employees; or
- A City of San Diego Small/Local Business Enterprise (SLBE) Certification provided that a Small/Local Business Enterprise (SLBE) must provide evidence to the City of San Diego that they meet the SBA size standards.

Small Business, Veteran-Owned Small Business, and Local Business Goals for Preference Eligibility:

Goals: The following goals have been established for this solicitation:

- SB participation goal of thirty four percent (34%)
- VOSB participation goal of three percent (3%)
- LB participation goal of two percent (2%)

Preference:

- SB maximum preference is three (3) percent
- VOSB maximum preference is two (2) percent
- LB maximum preference is two (2) percent

Total Allowable Preference: The maximum allowable combined preference awarded shall not exceed two hundred thousand dollars or seven percent on any single response.

Respondents desiring consideration for preference under Policy 5.12 must complete and submit with its solicitation response the "Prime and Subcontractor Participation Worksheet" on the following page listing the qualified prime and subcontractor(s), including design consultant(s) and subconsultant(s) information. To receive preference in a certification type (SB, VOSB, SDVOSB, LBE), Respondents must meet or exceed the certification type goal.

Buy American Preference Requirements

A. The Buy American Preferences under 49 U.S.C. § 50101 require that all steel and manufactured goods used in Airport Improvement Program (AIP) funded projects be produced in the United States.

Under 49 U.S.C. § 50101(b), the Federal Aviation Administration has the authority to waive these Buy American Preferences if certain market or product conditions exist. These are:

1. Applying the Buy American Preferences would be inconsistent with the public interest;
2. The steel or goods produced in the U.S. are not produced in a sufficient and reasonably available amount or are not of a satisfactory quality;
3. When the cost of components and subcomponents produced in the U.S. is more than 60 percent of the cost of all components of the facility or equipment procured and final assembly occurs in the United States; or
4. Including domestic material will increase the cost of the overall project by more than 25 percent.

B. The successful bidder is required to assure that only steel and manufactured products produced in the United States will be used by the Contractor, subcontractors, materialmen and suppliers in the performance of this contract, except where the Federal Aviation Administration has issued an express waiver authorizing the use of non-domestic steel or manufactured products.

C. Additional information on AIP Buy American Preference Requirements is available at: http://www.faa.gov/airports/aip/buy_american/.

BUY AMERICAN CERTIFICATION

By submitting a bid/proposal under this solicitation, the bidder certifies under penalty of perjury that all steel and manufactured goods, as listed on the Major Manufacturers and Suppliers List included in the Bid Package, are produced in the United States as required by the Federal Aviation Administration for use in AIP funded projects.

SECTION 1C – General Conditions

Article 1 – General Provisions

1C-1.1 THE CONTRACT

- A. The Contract Documents as defined form the Contract between the Airport Authority and the Contractor. The Contract represents the entire integrated agreement between the parties and supersedes all prior negotiations, representations or agreements, either written or oral. The Contract may be amended or modified only as set forth in the Contract Documents. The Contract Documents shall not be construed to create a contractual relationship of any kind between the Airport Authority and any other contractor or subcontractor or supplier of any tier other than the Airport Authority and Contractor.
- B. The Contractor's signing of the Contract signifies (i) Contractor's acknowledgment and agreement that the Contract Time is sufficient for Completion, and (ii) the Contractor's acceptance of all of the other terms and conditions of the Contract Documents.
- C. Contractor acknowledges that it has read every clause in the Contract, including but not limited to the Specifications; has examined the location where the Work is to be done; and has made all inquiries and investigations necessary to enable it to understand thoroughly the intent of all parts of the Contract Documents, and the nature of the Work; and agrees that it will not make any claim for compensation, extension of time or other allowance of any sort, based upon or arising out of any alleged misunderstanding by it of any part of the Contract Documents.

1C-1.2 DEFINITION OF TERMS

- A. Whenever in these Contract Documents the following terms are used, their intent and meaning are as follows:
 - 1. Act of God means an earthquake of magnitude 5.0 or higher on the Richter scale or a tidal wave.
 - 2. "Addendum" means a formal change to the contract or bid documents.
 - 3. "Appendices" means supplemental Authority requirements.
 - 4. "Airport Authority" or "Authority" means the San Diego County Regional Airport Authority, a local governmental entity of regional government.
 - 5. "Airport Operations Area" means any area designated for the landing, take-off, surface movement, parking, loading and unloading of aircraft (in practice, most areas inside the airport perimeter fence).
 - 6. "Allowance" means the allocation of funds for items in the bid schedule for the purpose of identification and budgeting of work where quantities and/or cost are unknown at the time of bidding. Allowances shall include all of the costs of materials, fixtures, or equipment and all costs of delivery, handling, and installations.
 - 7. "Beneficial Occupancy" means the point in progress of the Work when the Project is Substantially Complete and the Airport Authority, after notice, takes control of the entire Work as provided for herein.
 - 8. "Bid" means the documents submitted by the Bidder in response to the Request for Bids.

9. "Bidder" means the individual, partnership, firm, corporation, joint venture or other business entity which submits a Bid in response to the Request for Bids.
10. "Board" means the Board of the Airport Authority, as specified in the San Diego County Regional Airport Authority Act.
11. "Bulletin" means a response to a Request for Information in order to clarify the Contract Documents. This can include a Request for Proposal.
12. "Business Day" means any day in which normal business is conducted. This is generally considered to be Monday through Friday from 8:00 A.M. to 5:00 P.M. Pacific Time and excludes weekends and holidays recognized by the Airport Authority.
13. "Change Order Request" or "COR" is a written request for either a cost or time adjustment.
14. "Completion" means the formal written acceptance of the Work by the Airport Authority and the recordation of a Notice of Completion with the county recorder or, in the event formal acceptance does not occur, the recordation of a Notice of Cessation with the county recorder.
15. "Contract" means the document that defines the full set of terms and conditions under which the Airport Authority and parties performing the Project will execute the Work.
16. "Contract Documents" means everything contained in this Contract and any and all other written instruments and drawings of every kind and nature which are attached to or made a part hereof by reference or by operation of law; including, but not limited to, Request for Bids, Instructions to Bidder, Contractor's Bid, Bonds, Addenda, Specifications, Airport Authority approved Change Orders, Plans, and Drawings.
17. "Contract Change Order" or "CCO" means a written document prepared by the Airport Authority and signed by the Airport Authority and the Contractor stating the agreement on one or all of the following: a change in the Work; an adjustment in the Contract sum, if any; and an adjustment in the Contract time, if any. All changes in the Work involving price and or time must be authorized by a Contract Change Order. A Contract Change Order may be bilateral or unilateral, and in the case of a unilateral change order, it need not be signed by the Contractor to be effective.
18. "Contract Completion Date" means the date for full and final completion of all the Work as defined by the Contract Time and the Notice to Proceed Date.
19. "Contract Price" means the total amount payable by the Airport Authority to the Contractor for performance of the Work as specified by the Contract terms or as modified by a Contract Change Order..
20. "Contract Time" means the overall Contract duration for the performance of the Work as specified by the Contract terms or as modified by a Contract Change Order.

21. "Contractor" means the individual, partnership, firm, corporation, joint venture or other business entity which the Airport Authority has entered into the Contract. Unless the Contract clearly requires otherwise, the term Contractor includes all of the Contractor's authorized representatives. The term Contractor does not include any lower tier consultant or subcontractor.
22. "Day" means a calendar day, unless specifically identified otherwise.
23. "Differing Site Condition" means concealed conditions of an unusual nature, differing materially from the conditions ordinarily expected to be encountered or conditions expected to be identified by the Contractor during the site investigations and generally recognized as inherent in the Work.
24. "Drawings" means that portion of the Contract Documents that present the Work, or parts thereof, visually, graphically, symbolically or diagrammatically and which generally indicate the size, form, location and arrangement of the various elements of the Work including exhibits.
25. "Final Acceptance" and "Completion" means the formal written acceptance of the Work by the Airport Authority in the form of a Letter of Final Acceptance and the Airport Authority's recordation of a Notice of Completion with the County Recorder or, in the event formal acceptance does not occur, the recordation of Cessation with the County Recorder.
26. "Modification" means any written Contract Change Order or supplemental written agreements or any other written and Airport Authority approved modification to the Contract Documents.
27. "OCIP" means the Owner Controlled Insurance Program under which commercial general liability, excess/umbrella liability and builder's risk insurance are procured by the Airport Authority for the Contractor and its subcontractors while performing operations at or emanating from the Project Site as defined in the OCIP Contractors Information Manual.
28. "Plans" means the exhibits, sketches, working drawings and supplemental drawings, or reproductions thereof, approved by the Airport Authority, which show the location, character, dimensions or details of the Work and incorporated into the Contract Documents.
29. "President" means the Airport Authority's President and Chief Executive Officer.
30. "Request for Information" or "RFI" are written requests on the form provided by the Airport Authority (see Form 2, "Request for Information," Appendix 1) from the Contractor to the Airport Authority requesting information or clarification of the plans, specifications, drawings or Work which requires a written response from the Airport Authority.
31. "Request for Proposal" is a written request from the Airport Authority to the Contractor describing a proposed change in the Work desired by the Airport Authority and which requires a written response from the Contractor. The Contractor shall respond in the form of a Change Order Request.

32. "Representative" means the designated employee(s) of the Airport Authority or authorized individual(s), who shall be in charge of the Work and who is/are authorized to act on behalf of the Airport Authority.
33. "Specifications" means the general conditions, special conditions and special provisions.
34. "Substantially Complete" or "Substantial Completion" means when the Work is completed to a sufficient degree and quality, and in strict accordance with the Contract, so as to allow the total and complete use of the Work for all intended purposes. If the Airport Authority is not able to use the Work for one or more of its intended purposes, no matter how small the purpose may be, the Work is not Substantially Complete.
35. "Work" or "Project" means everything required to be furnished or performed under the Contract Documents as defined.
36. "Work Site" means the physical location of the Work as particularly identified in the Specifications.
37. "Written Direction" means a formal document from the Representative which may be in response to a Request for Information, bulletin (See Form 4, Bulletin," Appendix 1) or any other written form from the Airport Authority to the Contractor.

1C-1.3 INCORPORATION

Whenever a reference is made to any portion of the Contract or any other applicable law or ordinance, the reference applies to all existing and future amendments and additions.

1C-1.4 DIVISIONS OF PLANS AND SPECIFICATIONS

- A. All sections of the Contract Documents shall be read and interpreted as constituting a whole and not as an aggregation of individualized parts, and whatever is specified in one section shall be construed as applying to all sections.
- B. The division of the Contract Documents into a number of sections, articles or specifications is for convenience only, and no other construction or interpretations shall be made. In this respect, no section of the specifications is written for an individualized trade, occupation or profession.
- C. The Contract Documents may consist, in part, of abbreviated or "streamlined" type and include incomplete sentences. Omissions of words or phrases such as "the Contractor shall," "in conformity therewith," "shall be," "as noted on the drawings," "according to the plans," "a," "an," "the," and "all" are intentional. Omitted words and phrases shall be supplied by inference in the same manner as they are when a "Note" occurs on drawings. Words "shall be," or "shall" will be supplied by inference where colon (:) is used within sentences or phrases.

1C-1.5 EFFECT OF PLANS AND SPECIFICATIONS

- A. The Plans, together with the attached Specifications, will govern the Work to be done. Anything mentioned in the Specifications and not shown on the Plans and Drawings, or shown on the Plans and Drawings and not mentioned in the Specifications, shall be of like effect as though shown or mentioned in both. The Contractor shall perform all activities at no extra cost to the Airport Authority that are reasonably inferable from the

Contract Documents as being necessary to produce and/or achieve the intended results.

- B. The Representative may furnish from time to time such detail drawings, plans, profiles and information as may be considered necessary for the Contractor's guidance or clarification, unless otherwise provided in the Contract. In cases where the Work or any portion thereof is to be performed in accordance with drawings, specifications or lists of data submitted by the Contractor and approved by the Representative, such approved drawings, submittals, etc., shall become portions of the plans and specifications regarding the specific matters to which such approval applies. The Contractor shall be solely responsible for the correctness of the measurements and other essential information submitted by it and for the correlation of the various portions and features of the Work which are or may be affected by such measurements and information.
- C. Any change required by the Representative in the drawings, submittals, etc., submitted for approval by the Contractor, shall be considered as necessary in order to comply with the requirements of the Plans and specifications, and shall not be the basis of any claim for extra compensation over and above the Contract Price for the Work, except where changes involving extra work are expressly authorized and ordered in accordance with the section of these specifications relating to changes and extra work.
- D. A copy of the plans and specifications shall be kept upon the Work Site at all times during its progress and access shall at all times be accorded the Representative.
- E. The Contractor shall, for the price bid, furnish all supervision, labor, materials, transportation and equipment necessary to execute the Work in every respect in a thorough, skillful, workmanlike manner in accordance with the Contract Documents and to the satisfaction of the Representative. All work shall, during its progress and until its Completion, conform to the lines, elevations and grades shown on said plans and profiles.
- F. The Contractor, upon Completion of the Project, or at any other time at the Airport Authority's request, shall turn over any/all documentation associated with the Project, including, but not necessarily limited to:
 - 1. "Permitted" (perforated) set of construction documents (working drawings);
 - 2. "Signed-off" inspection card (original);
 - 3. Original (or copy if original is not available) of all plan review comment sheets;
 - 4. Copy of permit application form;
 - 5. Copy of hazardous materials questionnaire forms;
 - 6. Any/all notifications received in the field from City of San Diego Building Inspection Department (or other relevant agency) relative to the Project;
 - 7. Water meter data card.

1C-1.6 PRECEDENCE OF DOCUMENTS

If the Contractor discovers any ambiguity, error, omission, conflict or discrepancy ("ambiguity, etc.") related to the Contract Documents that may significantly affect the cost, quality, conformity, or timeliness of the Work, the Contractor shall promptly provide written notification to the Airport Authority in accordance with the applicable requirements

contained in this Contract. In the case of ambiguity, etc. the following components of the Contract Documents shall control in descending order of priority:

1. Permits from other agencies as may be required by law
2. Change Orders, the most recent governing
3. Addenda
4. Specifications (With reference to Specifications, the order of precedence is):
 - Special Conditions
 - General Conditions
 - Special Provisions
5. Drawings (With reference to Drawings, the order of precedence is):
 - figures govern over scaled dimensions;
 - detail drawings govern over general drawings;
 - addenda or change order drawings govern over Contract Drawings
 - Contract drawings govern over standard drawings
 - contract drawings govern over shop drawings
6. Plans

1C-1.7 INTERPRETATION/NOTIFICATION REQUIREMENTS

- A. Interpretation of Plans and Specifications: Should it appear that the Work to be performed or that the Contract Documents are not sufficiently detailed or explained, or should any questions or doubts arise as to the true meaning of any part of the Contract Documents, or shall an error, conflict, ambiguity or mistake be apparent or discovered in the Contract Documents, including the quantity estimates, the Contractor shall make a Request for Information to the Representative immediately upon discovery for correction, clarification or interpretation of the point(s) in question. Upon receipt of such request, the Representative shall provide the Contractor a Bulletin correcting, clarifying or interpreting the point(s) in question, which interpretation shall be final and become a part of the Contract. Should the Contractor require clarification of the response from the Representative, the Contractor shall number the new Request for Information as #1, #2, etc., and shall refer to the previous request for information. Should any Bulletin in the opinion of the Contractor, exceed the scope of the Contract Documents, written notice shall be given to the Airport Authority within seven (7) Days of the receipt of the Bulletin and prior to proceeding with the work in question unless directed otherwise by the Airport Authority. The Representative may amend its original Bulletin, authorize extra work as a Contract Change Order and authorize an extension of time, if applicable, in accordance with the provisions of Article 7 (Change in the Work) or the Representative may direct the Contractor to proceed with the original interpretation. The Contractor's failure to provide such notice or the installation of any such Work without authorization or written direction shall relieve the Airport Authority of any claim for added costs or for extensions of time.
- B. Interpretation of Contract Documents: Tenses – The present tense includes the past and future tenses and the future the past. Gender – The masculine gender includes the feminine and neuter. The neutral gender includes the masculine and feminine. Number – The singular number includes the plural and the plural includes the singular.
- C. Where references are made in the Contract Documents to other publications, such publications shall be the latest issue available on the Bid date, except that the Standard Specifications for Public Works Construction (SSPWC) shall be the latest issue

adopted by the City of San Diego, complete with the City of San Diego Standard Special Provisions adopted at the same time and the Uniform Building Code (UBC) adopted by the City of San Diego, including UBC revisions adopted therewith. All specified portions of referenced publications shall be a part of this Contract as though quoted in their entirety herein, except that all measurement and payment clauses included in any references are superseded by the provisions of this Contract. Any reference to a controlling authority in any referenced portion shall be considered to mean the Representative of the Airport Authority. Other publications shall only apply if specifically referenced.

1C-1.8 OWNERSHIP AND USE OF DRAWINGS, SPECIFICATIONS AND OTHER DOCUMENTS

The Contract Documents, including Contractor shop drawings and submittals, were prepared for use for the Work only and are the sole property of the Airport Authority. No part of the Contract Documents shall be used by the Contractor for any other construction or for any other purpose except with the written consent of the Airport Authority. Any unauthorized use of the Contract Documents is at the sole risk and liability of the user.

Article 2 - Airport Authority

1C-2.1 AIRPORT AUTHORITY'S RIGHT TO STOP WORK

If the Contractor fails to correct Work which is not in accordance with the requirements of the Contract Documents or fails to carry out Work in accordance with the Contract Documents or for any cause whatsoever, the Representative may order the Contractor to stop the Work, or any portion of the Work, until the cause for such order has been eliminated; however, the Representative's right to exercise this provision shall not be for the benefit of the Contractor or any other person or entity. If the Representative stops the Work because of conduct by the Contractor, its agents, representatives or subcontractors, no compensation in time or money shall be owed to the Contractor for such stoppage.

1C-2.2 AIRPORT AUTHORITY'S RIGHT TO CARRY OUT THE WORK

If the Contractor defaults or neglects to carry out Work in accordance with the Contract Documents and fails within ten (10) Days or less time if specified, after receipt of written notice from the Airport Authority to commence and continue correction of such default or neglect with diligence and promptness, the Airport Authority may by any means acceptable to it, without prejudice to other remedies the Airport Authority may have, correct such deficiencies. In such case an appropriate Contract Change Order shall be issued deducting from payments then or thereafter due the Contractor the cost or estimated cost of correcting such deficiencies, including compensation for additional services and expenses made necessary by such default, neglect or failure. If payments then or thereafter due the Contractor are not sufficient to cover such amounts, the Contractor and/or its surety shall pay the difference to the Airport Authority.

1C-2.3 NO WAIVER OF RIGHTS

A. Observation or inspection by the Airport Authority or its authorized agents or representatives, any order or certificate for payment of money, any payment for, acceptance of the whole or any part of the Work by the Airport Authority, any extension of time, any position taken by the Airport Authority or its authorized agents or representatives shall not operate as a waiver of any provision of this Contract, or of any power herein reserved by the Airport Authority or any right to damages. No waiver

of any breach of Contract shall be held to be a waiver of any other or subsequent breach, and payment shall not be deemed to be the equivalent of acceptance.

- B. All remedies provided in this Contract shall be taken and construed as cumulative; that is, in addition to each and every remedy provided herein, the Airport Authority shall have any and all equitable and legal remedies that it would otherwise have.

1C-2.4 AIRPORT AUTHORITY'S ADMINISTRATION OF THE CONTRACT

- A. The Airport Authority will administer the Contract as described in the Contract Documents, unless notice is given to the Contractor that a Construction Manager or like entity has been retained to administer the Contract.
- B. The Work will be performed under the jurisdiction of the Representative, who may execute general control over the conduct of the Work as may be necessary to safeguard the interest of the Airport Authority. The Contractor shall promptly comply with any and all orders and instructions given by the Representative in accordance with the terms of this Contract. The Contractor assumes all risks and consequences of performing the Contract in accordance with any order, including but not limited to, instruction, direction, interpretation or determination, of anyone not authorized to issue such order.

1C-2.5 AUTHORITY OF REPRESENTATIVE

- A. The Representative will decide all questions which may arise as to acceptability of:
 - 1. Materials furnished.
 - 2. Quality of workmanship.
 - 3. Manner of work performed.
 - 4. Rate of work progress.
 - 5. Equipment used in work performance.
 - 6. Labor furnished, including acceptability of subcontractors.
 - 7. Arrangements for public access.
 - 8. Traffic control devices furnished.
 - 9. Pay estimates.
 - 10. Work hours.
- B. The Representative will decide questions arising under the Contract, including but not limited to:
 - 1. Interpretation of Contract Documents
 - 2. Interpretation of applicable codes.
 - 3. Quantity of work performed.
 - 4. Acceptable fulfillment of the Contract on the part of the Contractor.
 - 5. Substantial Completion
 - 6. Completion
- C. Except as provided herein, including but not limited to Article 10 or by law, the decision of the Representative will be final. The Representative has authority to enforce and make effective such decisions that the Contractor fails to promptly carry out.

1C-2.6 AIRPORT AUTHORITY'S OBSERVATION OF WORK

- A. Inspectors employed by or on behalf of the Airport Authority shall be authorized to observe all work done and all materials furnished. Such observation may extend to all or any part of the Work and to the preparation, fabrication or manufacture of the materials to be used. The inspector is not authorized to revoke, alter or waive any

requirements of the Contract Documents. The inspector is authorized to call to the attention of the Contractor any failure of the Work or materials to conform to the Contract Documents. He/she shall have the authority to reject materials or suspend the Work until any questions at issue can be referred to and decided by the Representative.

- B. The inspector shall in no case act as foreman or perform any duties for the Contractor, nor interfere with the management of the Work by the latter. Any advice that the inspector may give the Contractor shall not be construed as binding on the Representative in any way or as releasing the Contractor from fulfilling all the terms of the Contract.
- C. If the Contractor refuses to suspend operations on the inspector's verbal order, the inspector shall issue a written Notice to Stop Work giving the reason for stopping the Work. (See Form 8, "Notice to Stop Work," Appendix 1) After placing the Notice to Stop Work in the hands of the Contractor or its agent, the inspector shall immediately leave the Work Site. Work done during the absence of the inspector will not be accepted nor paid for, and any associated expense shall be the sole responsibility of the Contractor.
- D. Observation of a method of procedure, process or system of operations of the Contractor, or failure of the Representative to warn the Contractor that the method or methods of construction adopted by it are hazardous to persons or to property, shall not relieve the Contractor of its obligations hereunder, including the obligations of indemnification of the Airport Authority, nor give rise to any claims against the Airport Authority.
- E. If the Project is wholly or partially federally funded, the Work Site may be inspected at any time by a representative of the funding federal agency.

1C-2.7 DEFECTIVE WORK – NOTICE TO CONTRACTOR

- A. If, in the opinion of the Representative, Work is not being done in accordance with any applicable codes or laws or the Contract Documents, written notice as provided in the Non Conformance Report, shall be given to the Contractor or its authorized agent. Written notice to any foreman or agent of the Contractor in charge of any portion of the Work in the absence of the Contractor shall be considered notice to the Contractor.
- B. Work which is defective in its construction or deficient in any of the requirements of the Contract Documents will not be considered accepted due to the failure of any employee of the Airport Authority or inspector connected with the Work to point out said defects or deficiency during construction. The Contractor shall at its sole expense correct any imperfect work whenever discovered. If Contractor refuses or neglects to replace defective work, such work may be replaced by the Airport Authority in accordance with Non Conformance Report, after notice to the Contractor and its sureties, at the expense of the Contractor, and the Contractor and its sureties shall be liable therefore. If directed by the Airport Authority, the Contractor shall uncover and/or expose work for its inspection by the Airport Authority. Should the work thus exposed or examined prove acceptable, adjustments in Contract Time and Contract Price will be made pursuant to this Contract for the uncovering or removing, and the replacing of the covering or making good of the parts removed. Should the work exposed or examined prove unacceptable, the uncovering or removing and replacing shall be at the Contractor's expense.

1C-2.8 ACCEPTANCE OF NONCONFORMING WORK

If in the judgment of the Airport Authority, it is undesirable or impracticable to replace any defective or nonconforming Work, the compensation to be paid to the Contractor shall be reduced by Contract Change Order by such amount as in the judgment of the Airport Authority shall deem equitable.

Article 3 - Contractor

1C-3.1 REVIEW OF CONTRACT AND FIELD CONDITIONS

- A. The Contract Documents are not complete in every detail but show the purpose and intent only and the Contractor shall comply with the Contract Documents true intent and meaning, taken as a whole, and shall not avail itself of any manifest error, omission, discrepancy or ambiguity which appears in the Contract Documents, instructions or work performed by others.
- B. The Contract Documents are complementary and what is called for by any one shall be binding as if called for by all. This provision does not negate the precedence of documents outlined in Section 1C-1.6.
- C. Before ordering any materials or doing any work, the Contractor shall verify all measurements, dimensions, elevations and quantities. No extra charge or compensation over and above payment for the actual quantities of the various items of Work at the respective Bid prices will be allowed on account of differences between actual measurements, dimensions, elevations and quantities and those indicated on the Drawings and in the Specifications; any difference therein shall be submitted to the Representative in accordance with Section 1C-1.7.A. for consideration before proceeding with the Work. The quantities noted in the Bid Schedules are estimates for comparing bids only.
- D. The Contractor shall notify the Airport Authority in writing immediately or no later than five (5) Business Days upon the discovery of errors, omissions, discrepancies or ambiguities in the Contract Documents as provided in Section 1C-1.7.A.
- E. If the Contractor proceeds with the work without receiving an interpretation as provided in Section 1C-1.7.A, the Airport Authority shall be relieved of any liability and Contractor shall be responsible for all resulting damage and defects.
- F. As required to maintain the progress of the Work, the Contractor shall review the appropriate portions of the Contract Documents a minimum of thirty (30) Days prior to the commencement of the related Work for the express purposes of checking for any manifest errors, omissions, discrepancies or ambiguities and shall notify the Airport Authority of any as required by Subsection D, above.
- G. The Contractor shall be responsible for its costs to implement and administer a Request for Information (RFI) system throughout the Contract Time. Regardless of the number of RFIs (or written directions) issued, the Contractor will not be entitled to additional compensation or an increase to Contract Time unless the cause and impacts of each RFI are identified and attributable to parties other than the Contractor. The Contractor shall be responsible for the Airport Authority's administrative costs for answering RFIs where the answer could reasonably be found by reviewing the Contract Documents or are solely for the convenience of the Contractor; such costs may be deducted from progress payments.

1C-3.2 SUPERVISION AND CONSTRUCTION PROCEDURES

A. The Contractor shall supervise and direct the Work, using its best skill and attention, and shall determine, subject to applicable law, the means and methods to be implemented. The Contractor is at all times responsible for the Work Site until acceptance of the project as defined in Article 1C-9. The Contractor shall at all times during the performance of the Contract prosecute the Work with such forces and equipment as, in the opinion of the Representative, are appropriate to complete the different portions of the Work in the order required and within the time specified by the Contract Documents, and to secure a satisfactory quality of Work. The Contractor shall submit a Daily Activity Report to the Representative for each Day including weekends and holidays, which shall include the information addressed as required in the pre-construction conference and on the form provided by the Airport Authority. Failure to submit a Daily Activity Report as required herein may result in the Airport Authority retaining an amount equal to ten percent (10%) of the estimated value of the Work performed during the month from the next submitted progress payment, except that such retention shall not exceed \$10,000, nor be less than \$1,000. Upon receipt of the required Daily Activity Report, any such withheld amounts will be released with the next progress payment. Until such time as the final Daily Activity Report is provided, no Final Payment shall be due and owing. The delivery of a Daily Activity Report to the Airport Authority shall not be deemed an acceptance of the accuracy of the information contained therein. The Airport Authority shall have no obligation to correct any discovered discrepancies or errors therein, but may, at its discretion, notify the Contractor of any such error or discrepancy.

B. Supervision:

1. General: The Contractor shall at all times, while the Work is in progress, be represented on the Work in person, or by superintendents, foremen, managers, or other duly designated and authorized representatives or agents. The work of such representatives shall be limited to supervisory duties only. The Contractor shall not designate a subcontractor as its representative. In the event the Contractor's representative's authority is limited in any way, the Contractor shall notify the Airport Authority within ten (10) Days after entering into the Contract of such limitation.
2. Contractor's Residence: The Contractor or its authorized representative shall reside in San Diego County from the start of the Work to Final Acceptance of the Work and its residence in San Diego County shall have an active telephone.
3. Contractor's Headquarters: Before starting Work, the Contractor shall give the Representative a written statement of the address and telephone number of the Contractor's headquarters in San Diego County for the duration of the Work.
4. Contractor's Representative: When a Contractor cannot be in person on the Work site during its progress, it shall designate in writing to the Representative the name of its authorized representative in charge of the Work. When a Contractor consists of multiple entities such as, but not limited to, two or more persons, partnerships, corporations, firms or other entities, such Contractor shall designate in writing to the Representative the name of the authorized representative in charge of the Work.
5. Contractor's Representative – Responsibility of: In the absence of the Contractor, its authorized representative shall be empowered in writing to act for the Contractor. Any order given by the Representative to the Contractor's authorized representative shall be construed to have been given to the Contractor.

6. Contractor – Availability of: The Contractor or its authorized representative shall be available day and night for all Days during the Contract Time. The Contractor or its authorized representative shall provide the Airport Authority with a prioritized list of personnel to be contacted during emergency situations who can respond to emergencies and/or have the authority to direct other employees to respond to such emergencies. This list shall contain the names and local telephone numbers of these individuals and shall be submitted on or before commencement of construction of the Work. The listed personnel shall be subject to call by the Representative at any time (24 hours a day) during the Contract Time, when, in the opinion of the Representative, its presence is required on the Work Site or for any other purpose related to the Work.

C. The Contractor shall conduct the Work in compliance with all laws and regulations of the United States Government, the State of California, the County of San Diego, the Airport Authority and the appropriate municipal jurisdiction, limiting or controlling the Work in any manner. Unless otherwise provided by the Contract, the Contractor shall at its own expense obtain all necessary permits, including but not limited to building permits, licenses and pay all fees and taxes required by law.

A. 1C-3.3 LABOR AND PREVAILING WAGES: State prevailing wage rates apply to work performed under this Agreement. State prevailing wage rates apply to all public works contracts as set forth in California Labor Code, including but not limited to, §§ 1720, 1720.2, 1720.3, 1720.4 and 1771. Contractor is solely responsible to pay state prevailing wage rates and pay such rates in accordance with all laws, ordinances, rules, and regulations.

1. No contractor or subcontractor may be listed on a bid proposal for a public works project (submitted on or after March 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

2. No contractor or subcontractor may be awarded a contract for public work on a public works project (awarded on or after April 1, 2015) unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5.

3. This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

4. The prime contractor must post job site notices prescribed by regulation. (See 8 Calif. Code Reg. §16451(d) for the notice that previously was required for projects monitored by the CMU.)

5. All contractors and subcontractors must furnish electronic certified payroll records directly to the Labor Commissioner (aka Division of Labor Standards Enforcement). The phase-in timetable for this requirement and other information related to SB 854 is available at: <http://www.dir.ca.gov/public-works/SB854.html>.

A. Labor: Contractor shall only employ skilled personnel shall on the Work. When required by the Representative, the Contractor shall take the necessary action to remove from the Work any person who is, in the opinion of the Representative, disorderly, dangerous, insubordinate, incompetent or otherwise objectionable. Such removal shall not be the basis of any claim for compensation or damages against the Airport Authority.

B. Eight Hour Day. Contractor shall, as a penalty to Airport Authority, forfeit twenty-five Dollars (\$25.00) for each worker employed in the execution of this Contract by Contractor or by any subcontractor for each Day during which such worker is required or permitted to work more than eight (8) hours in one Day and forty (40) hours in any

one calendar week in violation of the provisions of the Labor Code, and in particular section 1810 to section 1815, except as provided in section 1815.

C. Wage Rates (Prevailing Wages):

1. In accordance with the provisions of Labor Code Section 1773, the Airport Authority has ascertained from the Department of Industrial Relations the general prevailing rate of per diem wages (which rates include employer payments for health and welfare, vacation, pension and similar purposes) and the general prevailing rate for holiday and overtime work in the locality in which the Work is to be performed under this Contract for each craft, classification or type of worker needed to perform the Contract, which rates are set forth in the Specifications or are on file and available for inspection at Airport Authority offices at 2320 Stillwater Road, San Diego, California.
2. Contractor and each subcontractor shall pay not less than the specified prevailing rates of wages to all workers employed in the execution of this Contract. As allowed by law, the Contractor shall, as penalty to Airport Authority, forfeit not more than Two Hundred (\$200.00) for each Day, or portion thereof, for each worker paid less than the stipulated prevailing rates for such Work or craft in which such worker is employed for any Work done under this Contract, including Work for any subcontractor. The difference between such stipulated prevailing wage rates and the amount paid to each worker for each Day or portion thereof for which each worker was paid less than the stipulated prevailing wage rate shall be paid to each worker by the Contractor pursuant to the provisions of Labor Code Section 1775. The Airport Authority shall not be liable or responsible in any manner to any subcontractor or worker who is paid less than the prevailing rate.
3. The Airport Authority shall not recognize or be responsible for any claim for additional compensation because of payment by the Contractor for any wage rate in excess of the wage rate set forth in the Contract. The possibility of wage increases is one of the elements to be considered by the Contractor in determining its Bid.
4. Any Contractor who is awarded a public works Contract and who intends to use a craft or classification not shown on the general prevailing wage determinations shall pay the wage rate of that craft or classification most closely related to it as shown in the general wage determinations effective on the Bid due date.
5. A copy of the wage rates shall be posted on the Work Site by the Contractor.

D. Payroll records:

1. Pursuant to Labor Code section 1776, the Contractor and each subcontractor shall keep and maintain weekly certified payroll records showing the name, address, social security number, work classification, straight time and overtime hours paid each Day and week, and the actual per diem wages paid to each journeyman, apprentice, worker or other employee employed in connection with the Work. Each payroll record shall contain or be verified by a written declaration that is made under penalty of perjury, stating both the following: (a) the information contained in the payroll record is true and correct; and (b) the employer has complied with the requirements of Labor Code Sections 1711, 1811, and 1815 for any work performed by his or her employees on the Work.

2. The payroll records outlined in section 1. above shall be certified and shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following basis:
 - a. A certified copy of an employee's payroll record shall be made available for inspection or furnished to the employee or his or her authorized representative on request;
 - b. A certified copy of all payroll records enumerated in subdivision (1) shall be made available for inspection or furnished upon request to a representative of the body awarding the contract and the Division of Labor Standards Enforcement of the Department of Industrial Relations.
 - c. A certified copy of all payroll records enumerated in subdivision (1) shall be made available upon request by the public for inspection or for copies thereof. However, a request by the public shall be made through either the Airport Authority or the Division of Labor Standards Enforcement. If the requested payroll records have not been provided pursuant to paragraph (2), the requesting party shall, prior to being provided the records, reimburse the costs of preparation by the Contractor, subcontractors, and the entity through which the request was made. The public may not be given access to the records at the principal office of the Contractor.
3. Unless required to be furnished directly to the Labor Commissioner in accordance with paragraph (3) of subdivision (a) of Section 1771.4, the certified payroll records shall be on forms provided by the Division of Labor Standards Enforcement or shall contain the same information as the forms provided by the division. The payroll records may consist of printouts of payroll data that are maintained as computer records, if the printouts contain the same information as the forms provided by the division and the printouts are verified in the manner specified in subdivision (a).
4. A contractor or subcontractor shall file a certified copy of the records enumerated in subdivision (a) with the entity that requested the records within 10 days after receipt of a written request.
5. Except as provided in subdivision (f), any copy of records made available for inspection as copies and furnished upon request to the public or any public agency by the awarding body or the Division of Labor Standards Enforcement shall be marked or obliterated to prevent disclosure of an individual's name, address, and social security number. The name and address of the contractor awarded the contract or the subcontractor performing the contract shall not be marked or obliterated. Any copy of records made available for inspection by, or furnished to, a multiemployer Taft-Hartley trust fund (29 U.S.C. Sec. 186(c)(5)) that requests the records for the purposes of allocating contributions to participants shall be marked or obliterated only to prevent disclosure of an individual's full social security number, but shall provide the last four digits of the social security number. Any copy of records made available for inspection by, or furnished to, a joint labor-management committee established pursuant to the federal Labor Management Cooperation Act of 1978 (29 U.S.C. Sec. 175a) shall be marked or obliterated only to prevent disclosure of an individual's social security number.

6. The Contractor shall inform the Airport Authority of the location of the records enumerated under subdivision (1), including the street address, city, and county, and shall, within five working days, provide a notice of a change of location and address.
7. The Contractor or subcontractor has 10 days in which to comply subsequent to receipt of a written notice requesting the records enumerated in subdivision (1). In the event that the Contractor or subcontractor fails to comply within the 10-day period, he or she shall, as a penalty to the Airport Authority, forfeit one hundred dollars (\$100) for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Upon the request of the Division of Labor Standards Enforcement, these penalties shall be withheld from progress payments then due. A Contractor is not subject to a penalty assessment pursuant to this section due to the failure of a subcontractor to comply with this section.
8. The Contractor's attention is directed to the provisions of Sections 1777.5, 1777.6, and 1777.7 of the Labor Code concerning employment of apprentices by the Contractor or any subcontractor. The Contractor shall obtain a certificate of apprenticeship before employing any apprentice pursuant to Sections 1777.5, 1777.6, and 1777.7 of the Labor Code. Information relative to apprenticeship standards, wage schedules, and other requirements may be obtained from the Director of Industrial Relations, the Administrator of Apprenticeships, San Francisco, California, or from the Division of Apprenticeship Standards and its branch offices.
9. Contractor and each subcontractor shall provide monthly payroll figures for pay periods within each calendar month by submitting a completed Payroll Reporting Form to the OCIP Administrative Broker as defined in the OCIP Contractor Information Manual. It is the Contractor's sole responsibility to ensure that each subcontractor promptly and accurately submits the required payroll information. At the Completion of Work, the submitted Payroll Reporting Form shall be marked "final".

1C-3.4 GUARANTEE

In addition to, but not in limitation of, the provisions of California Code of Civil Procedure Sections 337.1 and 337.15, all Work shall be guaranteed by the Contractor against defective workmanship and materials for a period of one (1) year from the later of (a) the date of Substantial Completion, if any, (b) the date of Completion, if any, or (c) the date of termination of the Contract, if any. The Contractor shall, at its sole cost, promptly replace or repair, in a manner satisfactory to the Representative, any such defective work after notice to do so from the Representative. If Contractor fails to make such replacement or repairs promptly, the Airport Authority may perform this Work and the Contractor and its sureties shall be liable for the cost thereof. For any Work which is replaced or repaired pursuant to this provision, a new one (1) year guarantee period shall begin after acceptance by the Airport Authority of the repaired or replaced Work.

1C-3.5 TRENCHES OR OTHER EXCAVATIONS AND HAZARDOUS OR CONTAMINATED CONDITIONS

- A. Excavations Greater than Five Feet: In Contracts exceeding \$25,000.00, the Contractor shall comply with Labor Code Section 6705. In the event an excavation is five (5) or more feet in depth, the Contractor shall cause a competent person to be placed at the site of the Work for the purposes of observing backfilling operations in those cases where the backfill operator is unable to see into the excavation. The Contractor shall make sufficient excavation to construct all of the Work shown on the drawings or specified herein and shall abide by the Construction Safety Orders issued by the Division of Industrial Safety of the State of California. The Contractor shall submit to the Representative, in advance of excavation, a detailed plan showing the design of shoring, bracing, sloping or other provisions to be made for worker protection. If such plan varies from the shoring system standards established by the Division of Industrial Safety, the plan shall be prepared by a registered civil Representative or structural Representative. No shoring, sloping or protective system less effective than that required by the Division of Industrial Safety shall be used. All permits for excavating in excess of five (5) feet shall be obtained by the Contractor and shall be the Contractor's sole responsibility.
- B. Excavations Greater than Four Feet. If this Contract involves digging trenches or other excavations below the surface no matter the depth, the Contractor shall promptly, and before the following conditions are disturbed, notify the Airport Authority, in writing of any:
1. Material that the Contractor believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code that is required to be removed to a Class I, Class II or Class III disposal site in accordance with provisions of existing law.
 2. Subsurface or latent physical conditions at the site differing from those indicated.
 3. Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in the Contract.
- C. The Airport Authority shall promptly investigate the conditions, and if it finds that the conditions materially differ, or involve hazardous waste and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the Work, may issue a Contract Change Order under the procedures described in this Contract.
- D. In the event that a dispute arises between the Airport Authority and the Contractor whether the conditions materially differ, involve hazardous waste, or cause a decrease or increase in the Contractor's cost of or time required for performance of any part of the Work, the Contractor shall not be excused from any scheduled Completion date provided for by the Contract, but shall proceed with all Work to be performed under the Contract. The Contractor shall retain any and all rights provided either by Contract or by law which pertain to the resolution of disputes and protests.

1C-3.6 ROYALTIES AND PATENTS

The Contractor shall hold and save the Airport Authority, its officers, agents, servants and employees harmless from liability of any nature or kind, or any damages, claims for damages, costs or expenses in law or equity, including attorneys' fees therefore, for or on

account of any infringement of the patent rights, copyright or trademark of any person of any patented invention, article or appliance included in the material or supplies furnished under this Contract, and should the Contractor, its agents, servants, employees, or any of them, be enjoined from furnishing or using any invention, article, material or appliance supplied or required to be supplied or used under this Contract, the Contractor shall promptly substitute other articles, materials or appliances in lieu thereof, of equal efficiency, quality, finish, suitability and market value and satisfactory in all respects to the Representative. In the event that the Representative elects, in lieu of such substitutions, to have supplied and to retain and use any such invention, article, material or appliance as may by this Contract be required to be supplied, then the Contractor shall pay such royalties and secure such valid licenses as may be requisite and necessary to enable the Airport Authority, its officer, agents, servants and employees, or any of them, to use such invention, article, material or appliance without being disturbed or in any way interfered with by any proceeding in law or equity on account thereof. Should the Contractor neglect or refuse promptly to make the substitution hereinbefore required, or to pay such royalties and secure such licenses as may be necessary and requisite for the purpose aforesaid, then in that event, the Representative shall have the right to make such substitution, or the Airport Authority, its agents, officers, servants and employees, may pay such royalties and secure such licenses and charge the cost thereof against any money due the Contractor from the Airport Authority or recover the amount thereof from its sureties, notwithstanding final payment under this Contract may have been made. The provisions of this paragraph do not apply to articles which the Contractor is required to manufacture or furnish in accordance with detail drawings furnished by the Airport Authority, its officers, agents, servants, employees or any of them included in this Contract. The provisions of this paragraph shall apply, however, where such drawings and the specifications cover only the type of device without restrictions as to details.

1C-3.7 INDEMNIFICATION

- A. To the fullest extent allowed by law, Contractor shall defend (with counsel of the Airport Authority's choosing), indemnify and hold the Airport Authority, its officials, officers, agents, employees, and representatives free and harmless from and against any and all claims, demands, causes of action, costs, expenses, liabilities, losses, damages or injuries, in law or in equity, to property or persons, including, wrongful death, regardless of whether the allegations are false, fraudulent, or groundless, related to, or in connection with the Work or the Contract, including claims made by subcontractors for nonpayment, and including without limitation payment of all consequential damages and attorney's fees and other related costs and expenses. Contractor shall defend, at Contractor's own cost, expense and risk, with counsel of Airport Authority's choosing, any and all such suits, actions or other legal proceedings of every kind that maybe brought or instituted against Airport Authority, its officials, officers, agents, employees and representatives. Contractor shall pay and satisfy any judgment, award or decree that may be rendered against the Airport Authority, its officials, officers, agents, employees and representatives, in any such suit, action or other legal proceeding. Contractor shall reimburse Airport Authority, its officials, officers, agents, employees and representatives for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided. The only limitations on this provision shall be those imposed by Civil Code section 2782.
- B. Such indemnity shall extend to claims, damages, liabilities, judgments, demands, losses and expenses or injuries occurring after Final Completion of the Project as well as during the Work's progress.

- C. In addition to the foregoing, the Contractor shall defend, indemnify and hold harmless the Airport Authority, its officials, officers, agents, employees and representatives, from and against any and all claims, damages, liability, judgments, demands, losses and expenses, including, but not limited to, attorneys' fees and costs including consultants' fees, to which the Airport Authority may be subject to resulting from the non-Completion of the Contract which negatively affects separate contractors on adjoining or overlapping work. The obligations set forth in this section and Section A, above, are not limited by, but are in addition to, the performance bonds required by this Contract.
- D. In addition to the Contractor's obligation to fully indemnify and hold harmless the Airport Authority, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend Airport Authority from any claim which actually or potentially falls within this indemnification provision, even if the allegations of the claim are or may be groundless, false or fraudulent, which obligation arises at the time such claim is tendered to Contractor by Airport Authority and continues at all times thereafter.
- E. In the event Contractor or Contractor's insurance carrier fails or refuses to accept the tender of defense of a claim by the Airport Authority or if any such claim exceeds the limits of the Contractor's insurance limits, Airport Authority shall have the right to estimate the amount of damage to third parties to which the Airport Authority may be liable and any estimated amounts for attorneys' fees and costs to defend itself, and to cause the Contractor to pay same, and the amount due the Contractor under this Contract, or the whole or so much of the money due or to become due to the Contractor under this Contract, as may be considered necessary by the Airport Authority, shall be retained by the Airport Authority until such suit or claim for damages, or other remedy, shall have been settled or otherwise disposed of and satisfactory evidence to that effect is furnished the Airport Authority. The Airport Authority's election to exercise or not exercise rights pursuant to this provision shall be in addition to any common law rights which the Airport Authority may possess.

1C-3.8 ASSIGNMENT OF CONTRACT

- A. Contractor shall not assign, transfer, convey, sublet, or otherwise dispose of this Contract or any rights or duties herein or any part thereof including any claims without the prior written consent of the Airport Authority. Any assignment without the written consent of Airport Authority shall be void. Any assignment of money due or to become due under this Contract shall be subject to a prior lien for services rendered or Material supplied for performance of Work called for under the Contract Documents in favor of all persons, firms or corporations rendering such services or supplying such Materials to the extent that claims are filed pursuant to the Civil Code, the Code of Civil Procedure or the Government Code.
- B. Any assignment approved by the Airport Authority shall contain a clause in the instrument of assignment to the effect that it is agreed that the funds to be paid the assignee under the assignment are subject to all liens or claims of any kind whatsoever authorized by law, whether prior or subsequent, for services rendered or materials supplied for the performance of the Work called for in the Contract in favor of all persons, firms or corporations rendering such services or supplying such materials.

1C-3.9 ANTITRUST CLAIMS

- A. Pursuant to Public Contract Code section 7103.5, in entering into a public works Contract or a subcontract to supply goods, services or materials pursuant to a public works contract, the Contractor or subcontractor offers and agrees to

assign to the Airport Authority all rights, title and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Section 15) or under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services or materials pursuant to the public works contract or the subcontract. This assignment shall be made and become effective at the time the Airport Authority tenders final payment to the Contractor, without further acknowledgement by the parties.

1C-3.10 BANKRUPTCY OF CONTRACTOR

The Contractor shall immediately notify the Airport Authority of its own or of any of its subcontractor's filing for bankruptcy protection and provide the Airport Authority with a copy of the Bankruptcy Case Number and title of the Court in which the petition for bankruptcy was filed. Filing for bankruptcy protection shall be a default of this Contract and grounds for termination as provided by Article 1C-10.

1C-3.11 CONTACT WITH MEDIA

Contractor shall refer all media inquiries to the Airport Authority's Public Relations Department at (619) 400-2400 and shall not speak to media personnel about Airport Authority projects without written permission from the Airport Authority. No media personnel shall be allowed on the Work Site without written permission of the Airport Authority.

Article 4 - Subcontractors

1C-4.1 SUBCONTRACTUAL RELATIONS

- A. Contractor shall be as fully responsible to the Airport Authority for the acts and omissions of its subcontractors and of persons either directly or indirectly employed by its subcontractors as Contractor is for acts and omissions of persons directly employed by Contractor. Nothing contained in these Contract Documents shall create any contractual relationship between any subcontractor and the Airport Authority.
- B. Contractor shall require each subcontractor, to the extent of the Work to be performed by the subcontractor, to be bound to the Contractor by terms of the Contract Documents and to assume toward the Contractor all the obligations and responsibilities which the Contractor, by these Contract Documents, assume toward the Airport Authority. The subcontracts shall also require the subcontractors to abide by the obligations set forth in the SDCRAA CIP Safety Manual. Each subcontract agreement shall preserve and protect the rights of the Airport Authority under the Contract Documents with respect to the Work to be performed by the subcontractor so that subcontracting will not prejudice such rights. Where appropriate, the Contractor shall require each subcontractor to enter into similar agreements with sub-subcontractors. Prior to the execution of the subcontract agreement, the Contractor shall make available to each proposed subcontractor, copies of the Contract Documents to which the subcontractor will be bound, and, upon written request of the subcontractor, identify the terms and conditions of the proposed subcontract agreement which may be at variance with the Contract Documents. Subcontractors shall similarly make copies of applicable portions of such documents available to their respective sub-subcontractors.

- C. Contractor may be required to furnish the Airport Authority with information as to the technical experience, financial status, location of shop, factory or plant and adequacy of the shop, factory, plant or equipment of each subcontractor.
- D. Contractor, upon the written request of the Airport Authority, shall provide a copy of any subcontract entered into by the Contractor to the Airport Authority for its review. The Contractor shall not begin Work until the information required herein has been provided to the Airport Authority.
- E. The Airport Authority will promptly notify the Contractor in writing if the Airport Authority, after due investigation, has a reasonable objection to any such proposed subcontractor.
- F. Contractor shall not contract with a proposed person or entity to whom the Airport Authority has made a reasonable and timely objection. If the Airport Authority has a reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Airport Authority has no reasonable objection.
- G. Contractor shall include in all subcontracts and in all purchase orders a clause specifically binding the respective subcontractor and supplier to the dispute resolution provisions of these Contract Documents.
- H. Contractor must comply with the requirements of the Subletting and Subcontracting Fair Practices Act, Public Contract Code section 4100 et seq. before replacing a subcontractor listed in the Bid or performing work with its own forces for which a subcontractor was listed in the Bid.

Article 5 - Protection Of Persons And Property

1C-5.1 SAFETY PRECAUTIONS AND PROGRAMS

The Contractor has executed the “Acknowledgement of CIP Safety Manual” and will either abide by its safety program or the requirements of the CIP Safety Manual and by all applicable federal, state, and local laws and regulations.

1C-5.2 EMERGENCIES

In an emergency affecting safety or protection of persons or property or the Work, the Airport Authority may act without notice to the Contractor and the Contractor shall act, at the Contractor’s discretion, to prevent threatened damage, injury or loss, and shall promptly as conditions permit notify the insurance carrier and the Airport Authority of the nature of the emergency and related circumstances. Immediately thereafter, the Contractor shall prepare a written report setting forth in detail the action taken and describing in detail all circumstances and conditions which are related to such action.

1C-5.3 CARE AND CUSTODY OF WORK/LOSS AND DAMAGE

- A. The Contractor shall be responsible for, and be required to repair at its own expense, all damage to persons or property caused by Contractor or its subcontractors, agents or the employees of either of them, during the progress of the Work and until Completion.
- B. All loss or damage to the Work arising from any unforeseen difficulties which may be encountered in the progress of the Work or from any action of the elements, fire or Acts of God, or from any act or omission by the Contractor or any agent or person employed by it, shall be sustained by the Contractor. There shall be no apportionment

of any such loss or damage between the Airport Authority and Contractor and the fact that periodic or other type payments may be made shall not make this Contract divisible and severable, the intent of the parties being that the Contract is entire, unqualified and absolute and must be performed no matter what the cost to the Contractor. Notwithstanding the foregoing, in the event any such loss or damage is proximately caused by an Act of God, Contractor shall repair or restore said loss or damage at its sole cost and expense to the extent of five percent (5%) of the full original Contract amount and perform and complete the entire Contract, provided, however, in the event such loss or damage from said cause exceeds said five percent (5%), Airport Authority shall have the option to require Contractor to perform and complete the entire Contract and require the Contractor to pay at Contractor's sole cost and expense for all said loss or damage to the extent of five percent (5%) of the full Contract amount (the Airport Authority to pay for the remainder of such loss or damage in accordance with Article 1D-22), or the Airport Authority may terminate the entire Contract. If the Airport Authority exercises the option to terminate the entire Contract, Contractor shall be paid under the terms of the Contract for work actually performed prior to said loss or damage, less payments previously made, which shall constitute payment in full. Furthermore, in the event of such termination, Contractor shall be relieved from the obligation to repair or restore the loss or damage to the extent of five percent (5%) of said Contract amount and from the further obligation to perform and complete the Work.

- C. The Contractor shall maintain the Work during construction and until Completion. This maintenance shall constitute continuous and effective work prosecuted as required with adequate equipment and forces to the end that all parts of the Work be kept in satisfactory condition at all times. All costs of maintenance during construction and before Completion shall be included in the Bid price and the Contractor will not be paid additional amounts for such work, unless otherwise noted.
- D. Particular attention shall be given to drainage, both permanent and temporary. The Contractor shall use all reasonable precautionary measures to avoid damage or loss that might result from accumulations and concentrations of drainage water, and material carried by such water and such drainage shall be diverted or removed when necessary to prevent damage to excavation, embankments, surfacing, structures, or property. Suitable measures shall be taken by the Contractor to prevent the erosion of soil in all construction areas where the existing ground cover has been removed. Contractor shall prevent storm and waste water and storm debris from reaching the Work Site from any source to avoid damage to the Work. Contractor shall be responsible for any damage to person or property on or off the Work Site due to its operations, interrupting or diverting such storm or wastewater.
- E. In the event the Contractor fails to maintain the Work Site as required by this Contract, the Representative shall notify the Contractor of such failure. If the Contractor fails to remedy the unsatisfactory maintenance within 24 hours of receipt of the notice, the Representative may immediately proceed with adequate forces and equipment to maintain the Project and the entire cost of such maintenance will be deducted from any monies due the Contractor.

Article 6 - Insurance and Bonds

1C-6.1 Insurance Requirements

- A. The work performed under this Agreement is included in the Owner Controlled Insurance Program ("OCIP") created by the Authority. The Authority will procure

coverage for the Contractor and Subcontractors at any tier who performs work on the project site, as defined by the OCIP Contractors Information Manual. OCIP coverage does not provide coverage for all work performed by the Contractor and Subcontractors, even though they are enrolled in the OCIP. The types of coverage and limits of coverage provided by the OCIP are defined and described herein and in the OCIP Contractors Information Manual. The Authority will not grant the Contractor or the Subcontractors at any tier compensation or time extension for failure to timely provide insurance as specified in the contract documents.

- B. The Authority intends to maintain the OCIP program in full force and effect throughout the Term of this Agreement. The Authority reserves the right, at its sole discretion, to terminate or change the terms and conditions of the OCIP coverage. To exercise this option, the Authority will provide sixty (60) calendar days advance written notice of the Authority's intent to modify, terminate or replace coverage. Replacement coverage shall be continuous and meet the requirements of Article 8.2.
- C. The Authority shall have the right to review the adequacy of any insurance policy coverage and limits specified herein, annually, or as needed throughout the term of this Agreement, and may require with thirty (30) days written notice, an adjustment to the coverage and levels of insurance as deemed reasonable and adequate by the Authority President/CEO.
- D. No access to the project site will be provided to the Contractor or Subcontractors at any tier until the required insurance is in effect, the insurance has been accepted by the Authority, and the Contractor or Subcontractor has been enrolled in the Authority's OCIP. Access to the project site will be denied until all insurance certificates and required OCIP enrollment forms are submitted to the OCIP Administrator and the Authority has confirmed enrollment in the OCIP.
- E. Contractor shall submit the following documents and receive confirmation of OCIP enrollment before the Authority will allow the Contractor and any Subcontractor at any tier access to the project site:
 - 1. Complete OCIP enrollment forms at least forty-eight (48) hours before entering the project site, with enrollment effective at least twenty-four (24) hours before entering the project site; and
 - 2. Evidence of all other insurance required by the Authority as described herein.
- F. The Authority's right to audit, as provided in this Agreement, shall also apply to the Contractor's insurance cost itemization as required in this article and any documents related to insurance for the project.
- G. If any insurance policies are written on a "claims made" basis, the Contractor and each Subcontractor at any tier, as applicable, shall, at its own expense:
 - 1. Secure and maintain "tail" coverage for a period of 5 (five) years, if at any time the coverage provided under any such policy is terminated; and

2. Provide proof of continuing coverage under these policies for a period of not less than five (5) years after project completion or the date on which this Agreement is terminated, whichever is later.

H. Owner-Controlled Insurance Program (OCIP)

1. The Authority shall procure commercial general liability, and excess liability insurance for the Contractor and all appropriate Subcontractors of any tier through the OCIP for work performed on or arising out of the project site as defined in the OCIP Contractors Information Manual. The OCIP insurance provided by the Authority will in no way relieve or limit any responsibility or obligation required by the Agreement or otherwise on the Contractor or any Subcontractor at any tier, unless specified elsewhere in the Agreement. The coverage procured by the Authority is summarized as follows:
 2. **Commercial General Liability and Excess/Umbrella Liability.** The Authority shall provide commercial general liability and excess/umbrella liability insurance covering Work performed hereunder on the project site on standard terms and conditions, and providing coverage for liabilities arising from bodily injury, property damage, and personal and advertising injury. Such insurance shall include coverage for products, completed operations, and standard contractual liability, and there shall be no exclusion for explosion, collapse or underground damage or work. The limit of liability for this coverage shall be not less than one hundred million (\$100,000,000) per occurrence with a general aggregate limit of not less than one hundred million (\$100,000,000).
 3. OCIP coverage will apply to the Contractors and all Subcontractors of any tier that have an obligation to perform some part of the work at the project site that is OCIP eligible. Authority-provided OCIP insurance will not apply to vendors, suppliers, material men, and others who merely transport, pick up, deliver or carry materials, personnel, parts, equipment, or any other items or persons to or from the project site. OCIP shall not apply to any abatement or remediation of environmental hazards, including asbestos. Contractor and each Subcontractor at any tier shall procure its own coverage for such operations. OCIP coverage shall be effective during the Term of this Agreement, unless the Contractor is notified of material change or termination. The Authority makes no representations, guarantees, or warranties, express or implied, as to the fitness or quality of coverage provided by the Authority.
 4. Contractor shall forward or request OCIP Administrator to forward OCIP enrollment forms to each Subcontractor at any tier. Upon receipt of the completed OCIP enrollment forms from the Subcontractors, the Contractor shall return those properly completed forms to the Authority or its designated agent. Contractor shall cooperate with OCIP administrator to facilitate enrollment of each Subcontractor at any tier in OCIP. Contractor shall include language in each subcontract requiring each Subcontractor to enroll in OCIP and that failure to enroll in OCIP shall be a waiver of any and all claims against the Authority not addressed by the OCIP.

5. Neither the Contractor, nor a Subcontractor at any tier, shall commence work on the project site until the Contractor and/or Subcontractor has been enrolled in OCIP. Contractor shall require Subcontractors to submit enrollment forms to the OCIP Administrator at least forty-eight (48) hours before the commencement of work at the project site by the Contractor or such Subcontractor, respectively, and the Contractor and each Subcontractor shall be enrolled in OCIP at least twenty-four (24) hours before commencing work at the project site.
6. For each claim, Contractor shall be responsible for, at its own cost and expense, the amount of \$50,000 per claim/claimant, or the actual cost of the claim (whichever is lower).

7. Owner Procured Builder's Risk

- a. Authority shall procure builders risk insurance until the Substantial Completion Date or termination of this Contract, whichever occurs first. Such insurance shall name Contractor, Authority, and any and all Subcontractors and Vendors of every tier as insureds as requested by Contractor, and provide coverage for loss of or damage to the Work. Such insurance shall cover all equipment, machinery, supplies, and other property intended to be permanently incorporated in the Project, for which title or risk of loss shall have passed at the time of loss to an insured. Limits under this insurance shall be on a replacement cost basis, and limits shall not be less than 100% of the replacement value of the portion of the Project included in the Contract for physical damage to property.
- b. For each claim, Contractor shall be responsible for, at its own cost and expense, the amount of \$50,000 per claim/claimant, or the actual cost of the claim (whichever is lower).

I. General Insurance Requirements For All Contractor Provided Insurances

1. All liability insurance policies with the exception of Workers Compensation and Contractor's Professional Liability shall:
 - a. Name, or be endorsed to name, the Authority, its officers, officials, agents, and employees as additional insured and provide coverage on a primary basis;
 - b. Protect the Authority against all liabilities, costs, damages, expenses, and provide for the legal defense of claims and attorneys' fees and the cost thereof to the extent required by the Agreement;
 - c. State, or be endorsed to state, that the insurance is primary and not excess or contributing to any insurance issued in the name of the Authority; and
 - d. Contain a severability of interest or cross-liability clause.

2. All Contractor provided insurances and any other policy of insurance insuring Contractor and covering the work shall include a waiver of subrogation endorsement in favor of the Authority.
3. Contractor shall provide the Authority at least thirty (30) days written notice prior to a reduction in coverage or cancellation of any required policy. All notices shall be delivered to the Authority's Representative and the OCIP Administrator.
4. All insurance companies, with the exception of the State of California Insurance Fund [aka SCIF or State Fund] must maintain a minimum A.M. Best's Rating of A-VII or equivalent.
5. Notwithstanding any other provision of this Agreement, in addition to (and not in lieu of) any other rights and remedies provided by this Agreement or by law, the Authority may suspend the performance of this Agreement or terminate this Agreement for the Contractor's breach if at any time the Authority determines, in its sole discretion, that the Contractor or any Subcontractor at any tier has not complied with any of these insurance requirements.
6. Procuring these required policies of insurance shall not be construed to limit the liability or the obligations of the Contractor or any Subcontractor at any tier under the indemnification provisions and requirements of this Agreement.
7. Contractor and each Subcontractor at any tier shall be responsible for paying all deductibles or self-insured retention.
8. Nothing in these insurance requirements shall be construed as limiting in any way the extent to which the Contractor or any Subcontractor at any tier may be held responsible for the payment of damage to persons or property resulting from its off-site operations or the off-site operations of any Subcontractor under it. In addition to the insurance required by this Agreement, the Contractor and each Subcontractor at any tier shall maintain, for all of its off-site operations, insurance adequate to and in accordance with industry standards, given the scope and nature of such operations.
9. Before Contractor begins work under this Agreement, and thereafter during its term upon renewal of the required policies, Certificates evidencing all required insurance and endorsements effecting coverage required by this clause shall be delivered to the Authority's OCIP Administrator with required forms to enroll or remain enrolled in the OCIP. The OCIP Administrator shall be responsible for obtaining and monitoring the certificates of all tier Subcontractors. Immediately upon the Authority's request, certificates of the insurance required to be delivered to the Authority.
10. The Authority reserves the right to require complete, certified copies of all required insurance policies at any time.

J. Contractor Provided Insurance.

1. Contractor shall maintain in full force and effect each of the following types of insurance, and shall provide satisfactory proof, by certificate or otherwise, as may be required by the Authority, in its sole discretion. This insurance shall protect the Authority against claims arising out of or resulting from acts or omissions of the Contractor and all Subcontractors at any tier, of anyone directly or indirectly employed by the Contractor and all Subcontractors, and of anyone for whose acts or omissions the Contractor and all Subcontractors may be liable provided such claims arise out of off-site activities.
2. **Workers' Compensation and Employers' Liability (for on and off-site activities).**
 - a. Contractor shall maintain adequate workers' compensation insurance in accordance with California Labor Code Section 3700 to secure the payment of compensation to its employees and employees of any Subcontractor at any tier who may come within the protection of such workers' compensation laws of the State of California. This workers' compensation policy shall be endorsed to include a waiver of subrogation in favor of the Authority.
 - b. Contractor shall provide employers' liability insurance for the benefit of its employees and the employees of any Subcontractor at any tier with the following limits:
 - i. \$1,000,000 bodily injury by accident for each accident;
 - ii. \$1,000,000 bodily injury by disease for each person; and
 - iii. \$1,000,000 bodily injury by disease—policy limit.
3. **Commercial General Liability (for off-site activities).**
 - a. Contractor and each Subcontractor at any tier shall obtain Commercial General Liability insurance, written on an Occurrence Form, including Completed Operations and Contractual Liability coverage. This Occurrence Form shall protect the Contractor and each Subcontractor, respectively, against:
 - i. Loss from liability imposed by law from damages on account of bodily injury, including death, suffered or alleged to have been suffered by any person or persons, other than employees, resulting directly or indirectly from the

performance or execution of this Agreement or any subcontract issued for this Project; and

- ii. Loss from liability imposed by law for damage to any property, resulting directly or indirectly from the performance or execution of this Agreement or any subcontract issued for this project.
- b. Commercial General Liability insurance shall satisfy the following requirements covering bodily injury and property damage on an occurrence (not claims made) basis of at least:
- i. \$1,000,000 per occurrence and annual aggregate for the Contractor, insurance shall not include a self-insured retention greater than \$25,000 unless previously approved by the Authority in writing; and
 - ii. \$1,000,000 per occurrence and annual aggregate, insurance shall not include a self-insured retention greater than \$25,000 unless previously approved by the Authority in writing; for each Subcontractor at any tier.

4. Business Auto Liability

- a. Contractor and each Subcontractor at any tier shall obtain Business Auto insurance covering accidents arising out of the use and operation of all owned, non-owned, and hired automobiles and trucks.
- b. Business Auto Liability insurance covering owned, non-owned, and hired autos and trucks, shall satisfy the following requirements covering bodily injury, and property damage on an occurrence basis of at least:
 - i. \$1,000,000 per accident, for the Contractor; and
 - ii. \$1,000,000 per accident, for each Subcontractor at any tier.

5. Airside Automobile Insurance

- a. Contractor and each Subcontractor at any tier shall maintain in full force and effect Business Auto Liability for the Contractor or Subcontractor at any tier, if the Contractor or Subcontractor drives any vehicle on the airside.
- b. Insurance must cover owned, non-owned and hired autos and trucks, bodily injury and property damage on an occurrence basis, with a limit of at least ten million dollars (\$10,000,000) per accident.

- c. No airside automobile access will be allowed until such insurance coverage is in place.

6. Contractor Provided Professional Liability Insurance.

- a. **Professional Liability Insurance:** Contractor shall provide coverage in the amount of two million dollars (\$2,000,000) per claim and two million dollars (\$2,000,000) aggregate. Coverage shall be maintained throughout the Term of the Agreement and continuously for three (3) years thereafter without lapse, or provide evidence of a three (3) year extended claims reporting period endorsement. The policy of insurance will include a self-insured retention no greater than fifty thousand dollars (\$50,000) for each claim unless previously approved by the Authority in writing.
- b. The Authority may require higher limits based on the exposures associated with any specific project or assignment and, if required, the Contractor shall obtain such higher coverage.

7. Contractor Provided Contractor's Pollution Liability.

- a. **Contractor's Pollution Liability** shall be maintained providing coverage for any and all losses arising from or in any way related to pollution conditions, both sudden and accidental and gradual, which arise from or are in connection with the Contractor's operations, whether directly or indirectly, or that are in any way related to the Contractor's operations in connection with the Agreement, whether such operations be by the Contractor or the Contractor's subcontractors, consultants or suppliers. The Policy shall contain minimum liability limits of two million dollars (\$2,000,000) per occurrence and two million dollars (\$2,000,000) in the aggregate with a self-insured retention not to exceed fifty-thousand dollars (\$50,000). The Policy shall at a minimum, contain coverage for or be specifically endorsed to include coverage for pollution conditions resulting in, arising from or in connection with: (i) bodily injury (including death), property damage and environmental cleanup costs (on-site and off-site) resulting from operations; (ii) the use or operation of motor vehicles (whether owned, non-owned or leased) in connection with operations, including transportation of any materials (whether such materials are regulated substances or not) to or from the project site, including any interim or temporary storage or transfer sites. Such transportation coverage shall also include loading/ unloading of materials; (iii) any disposal location or facility, both final and temporary, to which any waste that is generated in connection with the performance of this Agreement is delivered; all such disposal locations / facilities, both final and temporary, shall be scheduled to the Policy as Non-Owned Disposal Sites for coverage under the Policy. In addition, the Policy shall satisfy the following requirements:

- i. The Policy definition of “Covered Operations” or any other such designation of services or operations performed by the Contractor must specifically include all work or services performed under or in connection with this Agreement;
- ii. The Policy shall be written on an occurrence form and remain in effect during the term of the Agreement, or, if not available on an occurrence form, then on a claims-made form. The Policy shall be renewed throughout the duration of the Agreement and if written on a claims made basis, coverage shall be maintained throughout the term of the Agreement and continuously for three (3) years thereafter without lapse, or provide evidence of a three-year extended claims reporting period endorsement;
- iii. The Contractor’s Pollution Liability policy shall be endorsed to include the Authority, its agents, officers and employees as additional insured in the form as required by the Authority; and
- iv. The coverage provided to the Authority, as an additional insured, shall be primary.

1C-6.2 PERFORMANCE AND LABOR AND MATERIAL BONDS

- A. The Contractor shall furnish within fourteen (14) Days after the Notice of Award of Contract along with an executed Contract the following bonds, which shall be on the bonds form provided by the Airport Authority:
 1. The Contractor shall furnish a Payment (labor and materials) Bond in an amount not less than one hundred percent (100%) of the Contract Price, to be paid to the Airport Authority, conditioned upon the payment by the Contractor for all materials, services, supplies and transportation furnished in the performance of the Work contracted to be done by the terms of said Contract, and for any work or labor of any kind done thereon by an admitted surety, as defined in Code of Civil Procedure Section 995.120, authorized to do business as such in the State of California. Bonds shall cover the Contractor’s obligations during the guarantee and/or warranty periods as well as the construction period. Bonds shall comply with California Civil Code Section 3248 and shall be enforceable pursuant to California Civil Code Sections 3249, 3250, 3251 and 3252.
 2. The Contractor shall also concurrently furnish a Faithful Performance Bond in an amount not less than one hundred percent (100%) of the Contract Price, to be paid to the Airport Authority, conditioned upon the faithful performance by the Contractor of all covenants and stipulations in the Contract by a surety acceptable to the Airport Authority which is an admitted surety, as defined in Code of Civil Procedure Section 995.120, authorized to do business as such in the State of

California. Bonds shall cover the Contractor's obligations during the guarantee and/or warranty periods as well as the construction period.

3. Each bond shall be accompanied by all of the documents described in California Code of Civil Procedure Section 995.660(a), including, without limitation:
 - a. The original, or a certified copy, of the unrevoked appointment, power of attorney, bylaws, or other instrument entitling or authorizing the person who executed the bond to do so;
 - b. A certified copy of the certificate of authority of the surety issued by the California Insurance Commissioner;
 - c. A certificate from the clerk of the county in which the court or officer is located that the certificate of authority of the surety has not been surrendered, revoked, canceled, annulled, or suspended or, in the event that it has, that renewed authority has been granted; and
 - d. Copies of the surety's most recent annual statement and quarterly statement filed with the California Department of Insurance pursuant to Article 10 (commencing with Section 900) of Chapter 1 of Part 2 of Division 1 of the Insurance Code.
 4. The Contractor shall (and shall cause its surety to) provide any additional certifications or information requested at any time by the Airport Authority, in its sole discretion, in order to enable the Airport Authority to evaluate the surety's ability to perform its obligations under any bond. To the extent permitted by law, the Airport Authority, in its sole discretion, at any time may reject any bond or require the Bidder to replace any bond or surety at the Contractor's own cost.
- B. If, during the term of the Contract, the Airport Authority in its sole discretion deems any of the sureties to be unacceptable, then, to the extent permitted by law, the Airport Authority may require additional or replacement bonds, which the Contractor shall furnish at the Contractor's own cost within ten (10) Days after receiving notice from the Airport Authority. If the Contractor does not deliver such bonds within such ten (10)-Day period, then the Airport Authority may terminate or suspend the Contract for cause.
- C. If the Contract Price is increased, the Contractor shall advise the surety of the increased amount and the Faithful Performance bond and the Payment (labor and materials) Bond shall be increased accordingly, at the Contractor's own cost.

Article 7 - Changes in the Work

1C-7.1 CHANGES AND EXTRA WORK

- A. Changes are alterations made to the Contract after the bids are opened, which modify the character or increase or decrease the limits of the Work, such as but not limited to, those affecting design, materials, installation, construction, shapes, dimensions, quantities, locations or schedules. The Airport Authority, before the Final Acceptance of the Work, may order changes in the Work and may order extra materials and extra work in connection with the performance of the Contract, and the Contractor shall promptly comply and diligently carry out such orders in accordance with the Contract Documents. The Airport Authority reserves the right to make changes which may increase, decrease or have no effect on the amount of Work to be done or the time duration in which the Work is to be performed.

- B. A variation between estimated quantities in the bid schedule and actual quantities of work or material required to construct the Work as it is shown on the Contract Documents as they exist at the time the bids are opened does not constitute a change or extra Work and does not require additional authorization and all quantities shall be paid for at the unit or lump sum prices established in the Bid.
- C. Changes in the Work and extensions of Contract Time by reason of the change shall not in any way release any guarantees/warranties given by the Contractor pursuant to the provisions of the Contract, nor shall such changes in the Work relieve or release the sureties of bonds issued for the Work. The sureties in executing such bonds shall be deemed to have expressly agreed to any such change in the Work or increase in the Contract Price and to any extension of Contract Time.

1C-7.2 FORM OF CHANGES

The Contractor shall carry out such written orders promptly. Such written directions may be in the form of a response to a RFI, a Bulletin, a field directive, a CCO, or in any other written form determined by the Airport Authority. In the event the Contractor contends that a written direction will increase the Contract Price, it shall commence the noted Work and submit a Change Order Request (COR). If such COR is denied, the Contractor may within ten (10) Days resubmit the denied COR with all accompanying documentation to the Project Manager's supervisor for reconsideration.

1C-7.3 CHANGE ORDERS (CCO)

A CCO can be of two types: A Bilateral Change that is agreed upon and signed by the Airport Authority and the Contractor or a Unilateral Change that is not signed by the Contractor. Until such time as a bilateral change order is entered into concerning the Airport Authority's written direction, the Contractor shall conduct the Work as Force Account Work and shall be subject to the same requirements found therein

A. BILATERAL CHANGE ORDER

There are two types of Bilateral Change Orders: fixed price and force account.

1. Fixed Price Change Orders: If changes in design, workmanship, materials or time duration are of such a nature as to increase or decrease the cost of the Work, the price fixed in the Contract shall be increased or decreased by the amount as the Contractor and the Airport Authority may agree upon as reasonable. Proper allowance for the increase or decrease in the cost of the Work shall be computed at the Contract rate, so far as possible. If the change involves an increase or decrease in the quantity of a unit price item, the increase or decrease shall be the changed quantity multiplied by the revised Contract unit price.
 - a. No order for alteration, modification or extra work which shall increase or decrease the cost of the Work shall be invoiced or payable unless the resulting increase or decrease in Contract Price or Contract Time shall have been agreed upon in writing and the CCO signed by the Contractor and the Airport Authority, or their agents and authorized representatives or, in the event of a Unilateral Change Order, signed by the Airport Authority.
 - b. The Contractor, in its price submissions for changes in the Work that will increase the Contract Price, shall individually and specifically list its actual costs and use percentage markups as described hereinafter. The Contractor shall

require its subcontractors to do the same, and the subcontractors' price submissions shall accompany the Contractor's price submissions.

- c. The Contractor shall upon request of the Airport Authority permit inspection of the original unaltered bid estimate, subcontract agreements and purchase orders relating to the change and documents substantiating all costs associated with the cost submission.
- d. The Contractor shall submit a Change Order Request ("COR") on Form 9, Appendix 1, within fifteen (15) Days, or sooner if so requested based on schedule restrictions, upon receipt of a Bulletin or a written direction from the Airport Authority. Any COR by the Contractor shall include a complete breakdown of actual costs of both credits and extras itemizing materials, labor, taxes, overhead and profit on a form approved by the Airport Authority. Subcontract Work shall be so indicated and written bids for subcontractors shall be included with similar breakdowns furnished. Following submissions of cost breakdowns, the Contractor shall meet with the Airport Authority if requested to discuss all aspects of the scope, costs, scheduling and construction methods, to ensure agreement.
- e. For all contracts with a critical path schedule, the Contractor shall prepare and submit with a COR which requests a Contract Time extension a Time Impact Evaluation ("TIE") which includes both a written narrative and a fragnet (small time-scaled logic diagram). The fragnet shall indicate how the Contractor proposes to incorporate the changed work into the schedule and how the changed work impacts the current schedule's critical path and contractual milestones, if at all.
- f. If the Contractor fails to timely submit the COR, the Airport Authority has the right to order the Contractor in writing to commence the Work immediately on a Force Account Change Order basis or a Unilateral Change Order to the Contract Price in accordance with the Airport Authority's estimate of cost. If the change is issued based on the Airport Authority's estimate, the Contractor waives its right to dispute the action unless within thirty (30) Days following Completion of the specified added or deleted Work, the Contractor presents written proof that the Airport Authority's estimate was in error.
- g. Contractor's failure to timely submit a COR constitutes an agreement by it that the work is not extra-contractual and/or that a Contract Time extension is not needed and that it will not be paid for the work as a change order and/or no time extension will be given.

2. Force Account Change Order

- a. In the discretion of the Airport Authority for any reason, a Force Account Change Order may fix a maximum price which shall not be exceeded unless authorized by the Airport Authority in writing, and subject to such limitation, such alteration, modification or extra shall be paid for at the actual necessary cost as determined by the sum of the following items in Subparagraphs (a) through (f), inclusive, and as further defined as Section 1C-7.4:
 - 1) Prevailing wage or actual rate paid to workers.
 - 2) Markup for labor burden, including premium on workers' compensation insurance and charges for social security taxes and other taxes pertaining to labor and the proportionate cost of premiums of public liability, property

damage and other insurance applicable to the extra work involved and required by the Contract for offsite work and automobile insurance only. Markup shall not include any premiums for any insurance provided by OCIP.

- 3) Materials, including sales tax and other applicable taxes pertaining to materials.
 - 4) Plant and equipment rental, at rates previously agreed to or required by the Contract. No charge for the cost of repair to plant or equipment will be allowed and equipment items having a capital cost of under Five Hundred Dollars (\$500.00) are considered small tools and are included in the stipulated markup percentages for overhead and profit.
 - 5) Markup for overhead and profit is limited in these General Conditions. Special attention is directed to 1C-7..A.1, in these General Conditions.
 - 6) The proportionate actual costs for bonds required in accordance with these General Conditions.
- b. The Airport Authority reserves the right to furnish such materials, as it may deem expedient and no allowance will be made for profit thereon.
 - c. Whenever any Force Account Change Order Work is in progress, the amount, but not the price, of all extra Work performed shall be entered by the Contractor upon report sheets furnished by the Representative (see Form 1, "Time and Materials Report," Appendix 1) and signed by both parties on the date the particular Work is performed, which daily reports shall be the true record of extra Work done. No claim for compensation for such extra Work will be allowed unless such report shall have been made by the Contractor daily and countersigned by the Airport Authority's representative. It is the Contractor's responsibility to obtain the Airport Authority representative's countersignature.
 - d. In the event the Contractor and the Airport Authority reach a negotiated, signed agreement while the work is proceeding under a Force Account, the Contractor's signed written daily reports shall be discontinued and all previously signed daily reports shall become invalid for purposes of payment.
 - e. The Contractor shall bear all of its costs of administering Force Account Change Orders. These costs are considered included within the markup for overhead and profit referenced above.
 - f. The Contractor shall at all times during the performance of the Contract prosecute the Force Account Change Order work with such forces and equipment as, in the opinion of the Airport Authority, are appropriate to complete the different portions of the work in the order required and within the specified time and to secure a satisfactory quality of work.

B. UNILATERAL CHANGE ORDERS

If the Airport Authority and the Contractor fail to execute a Bilateral Change Order, if adequate cost information is not provided as required, or for any other reason whatsoever in the discretion of the Airport Authority, the Contractor shall proceed immediately with the changed Work upon receipt of a Unilateral Change Order.. The Unilateral Change Order shall become final and binding unless the Contractor fails to submit a claim in writing within ten (10) Days of issuance of the Unilateral Change Order disputing the terms of the Unilateral Change Order and providing supporting

documentation for its position. Nothing herein shall relieve the Contractor of its obligation conduct the Work addressed by the Unilateral Change Order.

1C-7.4 PRICING FOR ALL TYPES OF CHANGES

- A. The following limitations shall apply in the calculation of the costs of changes in all changed work:
1. Markups for Overhead and Profit:
 - a. For Work performed by the Contractor shall equal a maximum of fifteen percent (15%) of the direct cost (as defined herein) for overhead and profit, unless Contractor's overhead is stipulated as a daily rate in the Bid Schedule, in that event, the maximum allowable markup for Contractor performed work is five percent (5%).
 - b. For Work performed by a subcontractor of any tier shall equal a maximum of fifteen percent (15%) of its direct costs (as defined herein). Both the Contractor and subcontractor shall receive a five percent (5%) markup on the total cost of their respective subcontractors.
 - c. In no case shall the markup exceed twenty-five percent (25%) of the direct cost as described in Subparagraphs (a) and (b), above, regardless of the number of Contract tiers actually existing.
 - d. For deleted Work of any Contract tier described in 1(a) through 1(c) above, the credit markup shall be ten percent (10%), unless Contractor's overhead is stipulated as a daily rate in the bid schedule, in that event, the maximum credit markup for Contractor performed work is five percent (5%).
 - e. For deleted Work, neither the Contractor nor subcontractor shall be allowed a positive markup on their respective subcontractor to administer the credit Change Order.
 - f. The markup for overhead and profit for the Contractor and subcontractors of any tier shall be considered to include insurance required by the Contract of the Contractor (and shall not include insurance provided by OCIP) other than mentioned herein, field and office supervisors, salaries for project managers, superintendent, timekeeper, storekeeper and secretaries, assistants, inspectors, watchmen, use of small tools, which are tools that have a replacement value of \$1000 or less, consumables, incidental job burdens and general field and home office expenses, including the preparation of Change Orders, and no separate allowance will be made thereof. Payment for markup, which includes overhead and profit, shall constitute satisfaction of all costs incurred as a result of performing the Change Order work. Incidental job burdens include, but are not limited to, office equipment and supplies, computer services, small tools, light duty work trucks, reproduction costs and services, temporary toilets, telephone, facsimile, office personnel and conformance to regulatory requirements. Items such as, but necessarily limited to, review and coordination, estimating, recording, detailing, engineering and expediting relative to Contract changes are associated with field and office supervision and are considered to be included in the Contractor's markup percentages for profit and overhead.
 - g. The mark-up for overhead and profit for the Contractor and subcontractors of any tier shall not include the actual cost of scheduling services required for the

preparation of the time impact evaluation resulting from excusable and compensable delays. The fully burdened rate for this work shall not exceed one hundred dollars (\$100) per hour.

2. Direct costs:

- a. Direct costs for the purposes of markup shall include basic rates for labor and the actual cost to the Contractor for the equipment and materials directly required for the performance for the changed Work. Direct costs shall not include any employer payments to or on behalf of the workers for health, welfare, vacation and similar purposes.
- b. Premium and/or overtime rates shall not be paid by the Airport Authority unless specifically authorized or directed by the Airport Authority in writing. The Contractor shall not increase labor rates for Change Order work; nor shall the Airport Authority be responsible for any labor rates for Change Order work in excess of the prevailing wage rate or rate previously paid by the Contractor for Contract work. The costs for all supervision, including general superintendents and foremen, shall be included in the markups established by the Contract. The only exception to this may be working foreman who performed actual manual labor or superintendents in excess of Contract Work, in the discretion of the Representative. No labor charges will be accepted for engineering or Bid preparation. These costs shall be included in the markups established by the Contract. If not previously submitted, a breakdown of the payroll rates for each trade shall be furnished for all Change Orders within fifteen (15) days after issuance of a notification to commence with the change order work, including the base rate and labor burden, including but not limited to benefits, payroll taxes and insurance.
- c. Equipment Costs: The allowance for equipment costs (both rental as well as Contractor-owned equipment) shall not exceed that as recommended by the rental rates established by the current CALTRANS Standard Specifications.
 - 1) In computing the hourly rental of equipment, any time less than thirty (30) minutes shall be considered one-half (1/2) hour. No payment will be made for time while equipment is inoperative due to breakdown or for non-workdays. Whenever equipment is ordered by the Representative to be held on the Work on a standby basis, or when the Airport Authority is obligated for other reasons to pay for idle equipment, the rate will be seventy five percent (75%) of the rental rate with no allowance for operating costs. Standby or idle time cannot exceed eight (8) hours per day and will not be allowed for Saturday, Sunday, or holidays. Non-operating time for equipment required for account work is not considered standby or idle time if the equipment is operated and used at least once during each working day. In addition, the rental time shall not include the time required to move the equipment to the Work Site for rental of such equipment and to return it to the source. No mobilization or demobilization will be allowed for equipment already on site. If such equipment is not moved by its own power, then loading and transportation costs will be paid in lieu of rental time thereof. However, neither moving time nor loading and transportation costs will be paid if the equipment is used on the project in any other way than upon the changed Work. In the event that the Airport Authority authorizes or directs the Contractor in writing to work overtime, the overtime hourly rental rate shall be 50% of the monthly ownership rate

divided by 176 hours plus 100% of the operating costs, as indicated in the current CALTRANS Standard Specifications.

- 2) Individual pieces of equipment having a replacement value of Five Hundred Dollars (\$500.00) or less shall be considered to be small tools or small equipment and no payment will be made thereof. Small tools are part of the Contractor's markup.
- 3) The amount to be paid to the Contractor for the use of the equipment as set forth above shall constitute full compensation to the Contractor for the cost of fuel, power, oil, lubricants, supplies, small tools, small equipment, necessary attachments, repairs and maintenance of any kind, depreciation, storage insurance, labor (except for equipment operators) and any and all costs to the Contractor incidental to the use of the equipment.

3. Taxes and Insurance:

- b. Federal excise tax shall not be included.
- c. State and City sales taxes and payroll taxes and insurance for auto and off-site only shall be shown separately and will be allowed on extras and shall be credited on credits. No markup shall be included for all coverages provided by OCIP. No markup for overhead and profit will be allowed on taxes and insurance.

4. Bond Premiums:

The actual rate of bond premiums paid on the total cost of the Change Order will be allowed. No markup for overhead and profit will be allowed on bond premiums.

5. Records:

- a. The Contractor shall maintain its records in such a manner as to provide a clear distinction between the direct costs of extra work and the cost of the original Contract Work. This requirement pertains to CORs, Contract Change Orders and Work the Contractor considers to be potential Change Orders.
- b. The Contractor shall furnish within seven (7) Days after issuance of Notice to Proceed a certified statement and detailed calculations from its accountant establishing the job site and pro rata home office overhead rates for itself and its major subcontractors, as determined by the Airport Authority. Such shall be updated quarterly.
- c. No oral instruction of any person whomsoever shall in any manner or degree modify or otherwise affect the terms of this Contract.

1C-7.5 DIFFERING SITE CONDITIONS

The Contractor shall promptly and before the conditions are disturbed, give written notice to the Representative of (1) subsurface or latent physical conditions at the Work Site which differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature, which differ materially from those ordinarily encountered and generally recognized as inherent in construction activities of the character provided for in the Contract Documents. The Airport Authority shall investigate the site conditions promptly after receiving the notice. If the conditions do materially so differ and cause an increase or decrease in the Contractor's cost of, or the time required for, performing any part of the Work under this Contract, whether or not changed as a result of the conditions,

an equitable adjustment shall be made under this clause and the Contract modified in writing accordingly. No request by the Contractor for an equitable adjustment to the Contract under this clause shall be allowed, unless the Contractor has given the written notice required; provided, that the time prescribed for giving written notice may be extended by the Representative. No request by the Contractor for an equitable adjustment to the Contract for differing site conditions shall be allowed if made after final payment under this Contract.

Removal of Hazardous Materials. In the event conditions involve hazardous waste or contaminated material or other materials which may require remediation or special handling, the Contractor shall not move or disturb the materials or objects and shall immediately notify the Representative both verbally and in writing. If it is determined that remediation or special handling is required, the Airport Authority will take all action necessary to remediate or handle such materials, including, but not limited to, hiring a third party Contractor to perform the remediation or other work or issue a Contract Change Order to the Contractor

1C-7.6 AUDIT

- A. The Airport Authority shall have the right to designate its own employee representative(s) or its contracted representatives with a certified public accounting firm who shall have the right to audit the Contractor's accounting procedures and internal controls of the Contractor's financial systems and to examine any cost, revenue, payment, claim or other records or supporting documentation resulting from any items set forth in the Contract Documents including any insurance documents required to complete the Alternate Bid Schedule - Insurance. Any such audit(s) shall be undertaken by the Airport Authority or its representative(s) after notice and at reasonable times and in conformance with generally accepted auditing standards. The Contractor agrees to fully cooperate with any such auditor(s) and shall make office and support facilities available to the Airport Authority's representative(s) as may be reasonably necessary to complete any such audit(s) and inspections.
- B. This right to audit shall extend during the length of the Contract and for a period of three (3) years or longer, if required by law, following the date of final payment. The Contractor agrees to retain all necessary records/documentation for the entire length of this audit period.
- C. The Contractor will be notified in writing of any exception taken as a result of any audit. Any adjustments and/or payments which must be made as a result of any such audit or inspection of the Contractor's invoices and/or records shall be made within thirty (30) Days from presentation of the Airport Authority's findings to the Contractor. If the Contractor fails to make such payment, the Contractor agrees to pay interest, accruing monthly, at the rate of ten percent (10%) per annum. Interest will be computed from the date of written notification of exception(s) to the date the Contractor reimburses the Airport Authority for any exception(s).
- D. If an audit inspection or examination discloses overcharges (of any nature) by the Contractor to the Airport Authority in excess of one percent (1%) of the value of that portion of the Contract that was audited, the actual cost of the audit shall be reimbursed to the Airport Authority, in addition to any other remedies allowed by law.
- E. Subcontractor Audit Clause: The Contractor shall include a clause in its agreement with subcontractors reserving the right for audits to be performed by its representatives from or agents of the Airport Authority, who shall have the right to audit the accounting

procedures and internal controls of the financial systems and to examine any cost, revenue, payment, claim, other records or supporting documentation resulting from any items set forth in its agreement including any insurance documents required to complete the Alternate Bid Schedule - Insurance. This right shall extend during the length of this Contract and for a period of three (3) years or longer if required by law, following the date of final payment to the Contractor. The Contractor shall require its subcontractors to agree in writing to retain all necessary records/documentation for the entire length of this audit period.

Article 8 - Time

1C-8.1 PROGRESS AND COMPLETION

- A. Unless otherwise specified, the Contractor shall commence the Work on or before fourteen (14) Days from the date of issuance of the Notice to Proceed or the date specified within the Notice to Proceed (the "Notice to Proceed Date") and shall diligently prosecute the Work to its Completion. A Notice of Completion shall be recorded for the Work.
- B. The continuous prosecution of the Work by the Contractor shall be subject only to the delays defined in this Contract. The start of Work shall include attendance at pre-construction conferences, preparation and submittal of submittals, equipment lists, and schedule of values, schedules, requests for substitutions and other similar activities. Submittals shall be prepared in accordance with the Contract Documents and shall be made in the time limits indicated. Except as specifically authorized by the Airport Authority, no Work shall commence on the Work Site before the Notice to Proceed Date or after the Notice to Proceed Date but before all applicable Contract requirements have been satisfied including enrollment in OCIP. The Contract Time shall begin on the Notice to Proceed Date.
- C. The Work shall be brought to Completion, as determined by the Airport Authority, in the manner provided in the Contract Documents and in the number of Days set forth in the Specifications (Contract Time).
- D. The Contractor shall allow for the following review time periods: RFIs, seven (7) Days; submittals, 21 Days; substitution requests, 28 Days.
- E. Failure to reach Completion as determined by the Airport Authority within the Contract Time and in the manner required by the Contract Documents shall subject the Contractor to liquidated damages as stipulated in the Special and General Conditions unless extensions of time are granted in accordance with these General Conditions.
- F. The Contractor shall at all times keep on the premises sufficient material and employ sufficient supervision and workers to prosecute the Work at a rate necessary to reach Completion of the Work required within the Contract Time and in accordance with the initial Contract schedule. Work shall not start nor shall the Work be left in an incomplete state for an indeterminate period of time, while equipment and materials are in transit.
- G. It shall be the responsibility of the Contractor to maintain its schedule so as not to delay the progress of the Work or the schedules of other contractors and workers who may be employed by the Airport Authority on any Work in the vicinity of the Work to be done pursuant to this Contract, and it shall conduct its operations so as not to interfere with the Work of such contractors or workers. The Contractor is required by virtue of this Contract to cooperate in every way possible with other contractors or workers in order to complete the Work within the Contract Time. Except as otherwise provided, no

additional compensation will be paid for such cooperation. If the Contractor delays the progress of the Work or the progress of other contractors or workers, it shall be the responsibility of the Contractor to take some or all of the steps outlined below to improve its progress.

- H. If, in the opinion of the Airport Authority, the Contractor falls behind with the Work or current update of the Contract schedule and is not entitled to an extension of time, the Contractor shall take some or all of the steps outlined below to improve its progress at no additional charge to the Airport Authority, and shall submit operation plans to demonstrate the manner in which the desired rate of progress may be regained.
 - 1. Increase construction personnel in such quantities and crafts as will substantially eliminate the backlog of Work and allow the Contractors to complete the Work within the Contract Time.
 - 2. Increase, when permitted, the number of working hours per shift, shifts per working day, working days per week or the amount of construction equipment or any combination of the foregoing, sufficient to substantially eliminate the backlog of Work.
 - 3. Reschedule activities to achieve maximum practical concurrence of accomplishment of activities; and/or
 - 4. Expedite delivery of materials and equipment.
- I. The Airport Authority shall reimburse the Contractor for reasonable costs of complying if such written directive to accelerate was issued in order to overcome delay resulting from the fault or negligence on the part of the Airport Authority; however if the Airport Authority directs the Contractor to take measures previously described due to conduct of the Contractor or its agents, the Contractor shall bear all costs of complying.
- J. Should the Contractor at any time during the progress of the Work, refuse, neglect or be unable for avoidable reasons to supply sufficient material, supervision or workers to prosecute the Work at a rate necessary to complete the Work within the Contract Time or in accordance with the currently accepted updated construction schedule, the Airport Authority shall have the right to terminate the Contract or it may give the Contractor written notice, specifying the default and requiring its correction. If the Contractor does not comply with the notice of default from the Airport Authority within the time specified in the notice, the Airport Authority shall have the right to provide the materials and workers to finish the Work and/or terminate the Contract. The expenses incurred by the Airport Authority to complete such Work shall be deducted from any monies due or which may become due under the Contract for the Work. In the event the expenses incurred exceed the amounts due to the Contractor for the Work, the Contractor or its surety shall reimburse the Airport Authority for any such shortage in funds.
- K. The Contractor shall submit to the Representative when the Project is forty percent (40%) complete a list of proposed maintenance and instruction manuals and the scheduled dates of all required field instruction to be provided by the Contractor of the manufacturer's representatives. Five (5) copies of the maintenance and instruction manuals must be furnished to the Representative at least two weeks prior to the scheduled dates of any required Contractor furnished field instructions or at least one month prior to Substantial Completion or Beneficial Occupancy, if no Contractor-furnished field instructions are required.

1C-8.2 LIQUIDATED DAMAGES

- A. The Contractor and Airport Authority agree that the date of beginning and the time for Completion as specified in the Contract of the Work to be done hereunder are ESSENTIAL CONDITIONS of this Contract and that the Airport Authority will suffer financial loss in the form of lost revenues, contract administration expenses (including project management and consultant's expenses), delay and/or loss of public use if the Work is not completed within the Contract Time or any portion of the Work as indicated by a Contract Time milestone; and it is further mutually understood and agreed that the Work embraced in this Contract shall be commenced on the Notice to Proceed date as defined by this Contract. The Contractor agrees that said Work shall be prosecuted regularly, diligently and uninterruptedly at such rate of progress as will insure Completion within the Contract Time. It is expressly understood and agreed by and between the Contractor and the Airport Authority that the time for the Completion of the Work is a reasonable time for its Completion, taking into consideration the average climatic range prevailing in the locality.
- B. If the Contractor shall neglect, fail or refuse to complete the Work within the Contract Time or any portion of the Work as indicated by Contract Time milestone, or any proper extension granted by the Airport Authority, then the Contractor agrees, as a part consideration for the awarding of this Contract, to pay to the Airport Authority the daily amount specified in the Specifications of the Contract, not as a penalty but as liquidated damages for such breach of Contract, for each and every Day that the Contractor shall be in default after the Contract Completion Date or Contract Time milestone. Liquidated damages shall not be assessed when the delay is due to excusable causes beyond the control of and without the fault or negligence of the Contractor, including acts of the Airport Authority, as defined in Section 8.3 below. The assessment of liquidated damages for the Contract Completion Date ceases upon Completion, not Substantial Completion. If applicable, the assessment for Contract Time milestone liquidated damages ceases upon the meeting of that milestone.
- C. The liquidated damages amount is fixed and agreed upon by and between the Contractor and the Airport Authority because of the impracticability and extreme difficulty of fixing and ascertaining the actual damages the Airport Authority would in such event sustain, and the amount is agreed to be the amount of damages which the Airport Authority would sustain and the amount shall be retained from time to time by the Airport Authority from current periodical estimates. Contractor and the Airport Authority also recognize the delays, expense and difficulties involved in the calculation and proof of the actual loss suffered by the Airport Authority if the Work is not completed on time. Accordingly, instead of requiring such proof, the Airport Authority and Contractor agree that the amount of Liquidated Damages specified in Specifications, which amount shall be presumed to be the damages suffered by the Airport Authority resulting from the delay in Completion of the Work. It is agreed that the amount of liquidated damages to be paid by the Contractor for failure to complete the Work within the Contract Time shall be in the daily amount as set forth in the Specifications. The Contractor specifically agrees at the time of Contracting that the amount of liquidated damages is manifestly reasonable under the circumstances for this Work.
- D. It is further agreed that time is of the essence of each and every portion of this Contract and of the specifications wherein a definite and certain length of time is fixed for the performance of any act whatsoever; and where under the Contract an additional time is allowed for the Completion of any Work, the new time limit fixed by such extension shall be of the essence of this Contract. Beneficial Occupancy or partial utilization of

the Work by the Airport Authority prior to Completion of the Work does not waive the Contract Completion Date for purposes of computing and assessing liquidated damages. In addition, any applicable warranty periods do not begin to accrue until the later of (a) the date of Substantial Completion, if any, (b) the date of Completion, if any, or (c) the date of termination of the Contract, if any.

- E. If specified in the Specifications, the Airport Authority may make a payment of extra compensation to the Contractor, as a bonus, for Completion prior to the Contract Completion Date.

1C-8.3 DELAYS AND EXTENSIONS OF TIME

A. Delays:

1. Excusable Delays:

- a. Excusable delay is an interruption of the Work beyond the control of the Contractor and which interruption the Contractor could not have avoided by the exercise of care, prudence, foresight and diligence. A Contractor experiencing an excusable delay will be entitled to a Contract Time extension but will not be entitled to additional costs. Such delays include and are limited to Acts of God; acts of the public enemy; unreasonable or unusual adverse weather conditions, fires, floods, windstorms, tornadoes, wars, riots, insurrections, epidemics, quarantine restrictions, strikes, lock-outs, labor shortages caused by war or other Federal hindrances, fuel shortages, freight embargoes, , delays caused by an injunction, judgment or other decree or order of a court of competent jurisdiction, priorities or privileges established for the manufacture, assembly or allotment of material by order, decree or otherwise of the United States or by any department, bureau, commission, committee, agent or administrator of any legally constituted public authority, the prevention of the Contractor from commencing or prosecuting the Work because of the acts of persons or entities not parties to this Contract, excepting the Contractor's subcontractors or agents or suppliers, and the inability to procure or the failure of public utility services. The duration of said excusable delays shall be limited to the extent that the commencement, prosecution and Completion of the Work are delayed thereby, as determined by the Representative.
- b. The Representative may provide by resolution for extensions of time for causes other than those stated in Subparagraph 8.3.A.1(a), which the Contractor could not have avoided by the exercise of care, prudence, foresight and diligence.
- c. The Representative may order the Contractor to suspend any Work because of climatic conditions. When delay is caused by an order given to suspend Work on account of climatic conditions, which in the opinion of the Representative could have reasonably been foreseen, the Contractor will not be entitled to any extension of time or other compensation on account of such order.
- d. Delays due to adverse weather conditions will not be considered for weather conditions that could have been reasonably anticipated. Rain day delays shown in Table 1 below are to be included in the Contract Time. The Contractor's schedule will be considered to have incorporated these anticipated rain day delays. Contract Time extensions due to delays caused by excessive precipitation will only be considered if the delay caused by excessive precipitation can be shown to delay a task on the critical path; and

precipitation is greater than 0.10 inches per any one day; and the number of days for rain delays is more than the average number of rain days anticipated for any given month as defined in the following table.

Average Rain Days	Month											
	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
	7	5	7	2	1	1	0	0	1	2	3	5

2. Inexcusable Delays: A Contractor experiencing an inexcusable delay will not be entitled to a time extension or additional costs. Inexcusable delays in the prosecution or Completion of the Work shall include:
 - a. All delays that could have been avoided by the exercise of care, prudence, foresight and diligence on the part of the Contractor, are caused by the Contractor, or are directly attributable to the Contractor.
 - b. Delays in the prosecution of parts of the Work, which may in themselves be excusable but do not necessarily prevent or delay the prosecution of other parts of the Work, nor the Completion of the whole Work within the Contract Time.
 - c. Delays arising from the interruptions occurring in the prosecution of the Work on account of the reasonable interference from other contractors employed by the Airport Authority, which do not impact the Contractor's critical path.

- B. Notice of Delay: The Contractor shall promptly notify the Airport Authority in writing of any anticipated delay in the prosecution of the Work, and, in any event, promptly upon the occurrence of the delay. Said notice shall constitute an application for an extension only if the notice requests such extension and sets forth the Contractor's estimate, if feasible, of the additional time required together with a full recital of the cause of the delay relied upon. The Airport Authority may take steps to prevent the occurrence or continuance of the delay and may determine to what extent the Completion of the Work is delayed. The determination of the existence of any delay for which an extension of time will be granted will be based on whether such delay can be demonstrated by the Contractor to extend the Contractor's current critical path on the construction schedule or require the formulation of a new critical path. A critical path method schedule indicating the occurrence of delays along the critical path is the only method of demonstration that will be accepted by the Airport Authority to document and claim delays. If notice of a delay is not submitted on or prior to seven (7) consecutive Business Days after the start of the occurrence of such a delay, the Contractor admits the occurrence had no effect on the length of its duration of Work, that no extension of time is necessary, and that no extension of time or extra compensation will be granted by the Airport Authority or is due to the Contractor.

- C. No Damages for Delay: Except as otherwise provided by law or the provisions of these Contract Documents, no monetary damages or compensation for any kind shall be paid the Contractor, or any subcontractor or any supplier because of delays which are not the responsibility of the Airport Authority, which are reasonable under the circumstances involved and were within the contemplation of the parties. To the fullest extent permitted by law, the Contractor and all subcontractors and all suppliers waive all claims against the Airport Authority, its consultants and their respective directors, officers, members, employees and authorized representatives for any loss or damage sustained by reason of delays in the Completion of the Work beyond the Contract Completion Date which are not the responsibility of the Airport Authority, which delays are reasonable under the circumstances, and which delays were within the

contemplation of the parties. However, an extension of time for the Completion of the Work may be granted for a period equal to the period of delay, as defined in these General Conditions.

D. Extensions of Time:

1. Should the Contractor seek an extension of time for the Completion of the Work under these provisions, the Contractor must submit justification for the extension of the time requested and otherwise comply with all provisions of these Contract Documents with respect to requests for extension of time.
2. Neither this provision, nor any other provision of the Contract Documents, is intended by the parties to be contrary to any express provision of law. The parties specifically agree, acknowledge and warrant that neither this provision, nor any other provision of the Contract Documents, has for its objective, directly or indirectly, the exemption of the Airport Authority, its consultants and their respective directors, officers, members, employees and authorized representatives, from responsibility for their own sole negligence, violation of the law or other willful injury to the person or property of another.
3. Warranties: In the event it is deemed necessary by the Airport Authority to extend the time of Completion of the Work, such extensions shall in no way release any guarantees/ warranties given by the Contractor pursuant to the provisions of the Contract Documents, nor shall such extension of time relieve or release the sureties on the bonds executed pursuant to said provision. The sureties in executing such bonds shall be deemed to have expressly agreed to any such extension of time. The amount of time allowed in any extension of time shall be limited to the period of the delay as determined by the Airport Authority. The granting of an extension of time because of delay shall in no way operate as a waiver on the part of the Airport Authority of the right to collect damages or of any other right which the Airport Authority is entitled.

Article 9 - Payments and Completion

1C-9.1 PERIODIC PAYMENTS

- A. Each month there shall be paid to the Contractor a sum equal to ninety-five percent (95%) of the value of the Work (based on the schedule of values) performed up the last day of the previous calendar month, less the aggregate of the previous payments. The monthly payments shall be made on the basis of monthly Progress Estimates that shall be submitted by the Contractor and approved by the Representative. Quantities used in computing partial payments shall be considered as estimates only and shall be subject to revision in subsequent estimates. Work completed as estimated shall be an estimate only and no inaccuracy or error in said estimate shall operate to release the Contractor or any surety from damages arising from such work or from the enforcement of each and every provision of this Contract and the Airport Authority shall have the right subsequently to correct any error made in any Progress Estimate for payment. Materials delivered but not incorporated or installed in the Work will not be included in Progress Estimates and/or payments unless allowed by Specifications. If a Progress Estimate received from the Contractor is undisputed and properly submitted, payment shall be made within thirty (30) Days after received, and if not so paid, Public Contract Code Section 20104.50 may apply. If, however, the Progress Estimate (or Payment Request as denoted in Section 20104.50) is determined not to be proper or correct, the Airport Authority may at its option correct the Progress Estimate and pay

the amended amount or return the Progress Estimate no later than seven (7) Days after receipt, accompanied by a document setting forth in writing the reasons it is not proper. The number of days available to make payment without incurring interest shall be reduced by the number of days the Airport Authority exceeds the seven (7) Day return requirement. Improper or incorrect payment estimates include, but are not limited to: the amount invoiced is inconsistent with the Contract; the estimate or performance under the Contract is in dispute and the Contractor has failed to otherwise comply with the Contract requirements; the item or services have not been accepted; the quantity of items delivered is less than the quantity invoiced; the items or services do not meet the quality requirements of the Contract; proper backup documentation for changed work was not attached to the estimate.

- B. Notwithstanding any other provision in this Contract, as provided in Public Contract Code Section 22300 and subject to the requirements thereof, Contractor may substitute securities for monies withheld by the Airport Authority to ensure proper performance under this Contract. The substitution of securities or the deposit of the amount retained shall be at the sole expense of and request of Contractor.
- C. The Contractor shall pay each subcontractor, materialmen and/or supplier in the time periods required by law.

1C-9.2 APPLICATIONS FOR PAYMENT (PROGRESS ESTIMATES)

A. In Contracts with a duration of sixty (60) Days or longer, on or before the 15th day of each calendar month, the Contractor shall submit to the Representative a Progress Estimate of the value of work done and materials used to the last day of the previous calendar month. Progress Estimates shall be made in the form of itemized invoices in duplicate on a form provided by the Airport Authority (see Form 5, "Summary of Progress Estimate of Value of Contract Work Completed," Appendix 1) and shall be submitted together with the data set forth below:

- 1. A detailed estimate of work completed to date including items of Work, unit price and total value of completed Work for each item of the Bid.
- 2. A recapitulation showing balance due for the current month as follows:

Original Contract Amount	xxx
Approved Change Order Amount	xxx
Revised Contract Amount to Date	xxx
Original Contract Value of Work Completed to Date	xxx
Change Order Work Completed to Date	xxx
Gross Value of Work Completed to Date	xxx
Less 5% Retention	xxx
Gross Value to Date	xxx
Less Previous payments	xxx
Balance Due this Request	xxx
Less Deductions (e.g., stop notices, liquidated damages)	xxx

B. Contractor warrants that upon submittal of the Progress Estimate that all work for which previous Progress Estimates have been made and payments received from the Airport Authority shall, to the best of the Contractor's knowledge, information and belief, be free and clear of claims, security interests or encumbrances in favor of the Contractor, subcontractors, material suppliers or other persons, or entities making a claim by reason of having provided labor, materials and equipment related to the Work and that

all work for which payment is demanded has been performed in accordance with the Contract and that the amount claimed is due. With each Progress Estimate, Contractor shall certify that the as-built drawings have been updated and jointly reviewed with the Airport Authority for the month that payment is requested. (see Form 3, "As-Built Drawing Certification Form", Appendix 1)

- C. Beginning with the second Progress Estimate, each Progress Estimate shall include an affidavit of Contractor stating that all previous progress payments received on account of the Work have been applied on account to discharge Contractor's legitimate obligations associated with prior Progress Estimates.
- D. Contractor agrees to furnish, if and when required by Airport Authority, receipts, vouchers, releases and/or waivers of claims for labor, material, equipment and services performed by Contractor and any and all subcontractors performing Work or furnishing materials under this Contract or any subcontract with Contractor, all in a form satisfactory to Airport Authority, and it is agreed that no payment shall be made except at Airport Authority's option until and unless such receipts, vouchers or releases and/or waivers, or any and all of them, have been furnished. Any progress payment made prior to acceptance of the Work by Airport Authority shall not be construed as evidence of acceptance of any part of the Work.

1C-9.3 ACCEPTANCE AND PAYMENT

- A. **SUBSTANTIAL COMPLETION:** When the Contractor considers the Work ready for its intended purpose, the Contractor shall notify the Airport Authority in writing that it considers the Work Substantially Complete. The Contractor shall attach to this Notice a list of all work items that remain to be completed. Within fourteen (14) Days thereafter, the Airport Authority and the Contractor shall make an inspection of the Work to determine the status of Completion. If the Airport Authority does not consider the Work Substantially Complete, or the list of remaining work items to be comprehensive, the Airport Authority will notify the Contractor in writing setting forth the reasons therefore. If the Airport Authority considers the Work Substantially Complete, the Airport Authority will prepare and deliver to Contractor a Certificate of Substantial Completion (See Form 14), which shall fix the date of Substantial Completion. Attached to the Notice of Substantial Completion shall be a tentative list of items to be completed or corrected prior to final payment and acceptance of the Work.
 - 1. The Airport Authority shall have the right to exclude the Contractor from the Work after Substantial Completion, but the Airport Authority shall allow the Contractor reasonable access to complete or correct items on the list of remaining work items, or for Warranty Work.
 - 2. The Contractor's obligation to complete the Work in accordance with the Contract Documents is absolute. Neither recommendation of any progress or final payment by the Airport Authority, nor the issuance of a Notice of Completion, nor any payment by the Airport Authority to the Contractor under the Contract Documents, nor any use or occupancy of the Work or any part thereof by the Airport Authority, nor any acceptance by the Airport Authority or failure to do so, nor any review of the Shop Drawings or sample submittals, will constitute an acceptance of work not in accordance with the Contract Documents or a release of the Contractor's obligation to perform the Work in accordance with the Contract Documents or a waiver of liquidated damages until Completion.

- B. FINAL INSPECTION – Upon written notice from the Contractor that the entire Work or agreed portion is complete, the Airport Authority and Contractor will conduct a final inspection. The Airport Authority will notify the Contractor of all items of the Work which are incomplete or defective. The Contractor shall immediately take sure measures as are necessary to complete such Work or remedy such deficiencies. In the event the Airport Authority accepts the Work without all Work being complete, the Airport Authority shall withhold 150% of the estimated cost of the Work not yet completed in accordance with Public Contract Code Section 7107. Should the Airport Authority be required to perform a second or subsequent inspection after notice from the Contractor that the Work is complete because of Contractor’s failure to comply with the Airport Authority’s written notifications; the Airport Authority may deduct the cost of such inspection from the final payment to the Contractor.
- C. FINAL APPLICATION FOR PAYMENT: After the Contractor has completed all remaining Work items identified by the Airport Authority, removed all temporary structures and utilities, cleared the site, delivered all maintenance and operating instructions, conducted all training, schedules, guarantees, warranties, certificates of inspection, as-built record drawings, Final OCIP Payroll worksheets and other documents as required by the Contract, and after the Airport Authority has indicated that the Work has been recommended for acceptance, the Contractor may make application for final payment following the procedure for progress payments and the accrual of liquidated damages will cease. The final application shall be accompanied by all documentation called for in the Contract together with an executed Final Release of Claims against the Airport Authority in a form provided or approved by the Airport Authority (see Form 13, Appendix 1) and a Conditional Waiver and Release Upon Final Payment provided, however, said release(s) may specifically exclude disputed Contract claims.
- D. FINAL PAYMENT AND ACCEPTANCE: Once the Airport Authority determines that all Work has been completed and the Contractor’s obligations under the Contract Documents have been fulfilled, a Notice of Completion will be recorded. Final payment including retention will then be made or as required by Public Contract Code Section 7107.
- E. Final payment of the Contract Price shall include full compensation to the Contractor for all labor, materials (except as otherwise expressly provided herein), equipment use and expense required for or incidental to the Completion of the Work in accordance with the Contract Documents and to the satisfaction of the Representative. Acceptance by the Contractor of the final payment shall constitute a waiver of all claims against the Airport Authority arising under the Contract Documents except those previously made in writing and identified by the Contractor as disputed Contract claims on Form 13, Appendix 1.
- F. In case of suspension of the Contract, any unpaid balance shall be and become the sole and absolute property of the Airport Authority to the extent necessary to repay to the Airport Authority any costs incurred to complete the Work.

1C-9.4 PARTIAL UTILIZATION AND BENEFICIAL OCCUPANCY

- A. The Airport Authority shall have the right to utilize or place into service any item of equipment or other usable portion of the Work that is Substantially Complete prior to Completion and acceptance of all the Work. Whenever the Airport Authority plans to exercise said right, the Airport Authority will perform an inspection and formulate a punch list of unfinished work, the Contractor will then be notified in writing with a Notice

of Partial Utilization signed by the Representative identifying the specific portion of the Work to be utilized or otherwise placed into service and a copy of the punch list of unfinished work.

- B. The Airport Authority shall have the right to take control of the entire Work if it is Substantially Completed. Whenever the Airport Authority plans to exercise said right, the Contractor will be notified in writing with a Notice of Beneficial Occupancy and a copy of the punch list of unfinished work.
- C. The Contractor understands that until a Notice of Beneficial Occupancy or Notice of Partial Utilization is issued or plant startup begins, all responsibility for the care and maintenance of all of the Work shall be the responsibility of the Contractor. Upon issuance of any Notice of Beneficial Occupancy or Notice of Partial Utilization the Airport Authority will accept responsibility for the protection and maintenance of all such items or portions of the Work described in the written notice, except for those items included on the accompanying punch list. The Contractor shall retain full responsibility for the Completion of all of the Work, regardless of whether a portion of the Work has been partially occupied or utilized by the Airport Authority. The Contractor shall not refuse to allow the Airport Authority to partially utilize or beneficially occupy the Work.
- D. The Airport Authority may follow the provisions of Public Contract Code Section 9203 in Beneficial Occupancy or Partial Utilization circumstances or in circumstances where the Contract work is clearly divisible.

1C-9.5 QUANTITY UNITS, PAYMENTS AND MEASUREMENTS

- A. Quantity Units: The quantity units, such as tons, square feet, cubic yards and other units listed in the Bid, shall be the basis for payment. All Work to be paid for at the Contract price per unit of measurement will be measured by the Representative in accordance with United States standard measures.
 - 1. The Contractor shall accept the compensation as provided by the Contract unit prices and by measurement and/or Contract lump sum prices as full payment for furnishing all supervision, labor, materials and equipment to perform all Work shown on the Plans and specified herein, and for all expenses, loss, damage or risk of every description connected with the prosecution of the Work.
- B. Area and Linear Measurements: Unless otherwise indicated on the Plans and/or specified in Specifications, area and linear measurements of surface or underground improvements shall be made horizontally.
- C. Earthwork: Quantity of earthwork within the limits indicated on the Plans and/or specified in the Specifications may be computed in cubic yards by the method of average end areas and centerline distances. Correction for curvature may not be applied to quantities within the roadway prism as indicated on the cross sections. The Representative shall make the computation of the quantity by the method which, in its opinion, is best suited to obtain accurate results.
- D. Concrete: When payment for concrete is on the basis of cubic yards, it will be measured by certified weighmaster delivery tickets as prescribed by Business and Professions Code Section 12700, et seq., or other applicable law. At the discretion of the Representative, volumes may be verified by measurement of dimensions shown on the plans or such other dimensions as determined by the Representative.
- E. Asphalt Concrete and Cement Treated Base: When payment for asphalt concrete or cement treated base is on the basis of tons and the price includes the cost of placing

asphalt concrete or cement treated base as pavement, and the completed pavement exceeds the thickness specified, then the computed weight of the asphalt concrete or cement treated base in the excess thickness up to but not exceeding one-fourth (1/4) inch, will be included in payment quantity.

- F. Weight – Measurements: Weight measurements shall be in pounds or tons consisting of 2,000 pounds avoirdupois. Unless otherwise specified, material paid for by weight shall be weighed on platform scales furnished by the Contractor or on public scales. Scales furnished by the Contractor shall be satisfactory to the Representative and shall be inspected and sealed by a representative of the State Division of Weights and Measures as often as the Representative may deem necessary to insure their accuracy. The Contractor shall furnish to the Representative on the date the materials are delivered to the Project licensed weighmaster’s original certified weight tickets for each load.
1. If the material is shipped by rail, the car weights will be accepted provided the actual weight only of material will be paid for and not the minimum car weight used for assessing freight tariff, and provided further that car weights will not be acceptable for material to be passed through mixing plants.
 2. Trucks used to haul material being paid for by weight shall be weighed empty daily at such times as Representative directs, and each truck shall bear a plainly legible identification mark. Full compensation for all expense involved in measuring and weighing shall be included in the prices bid, and no additional payment will be made therefore.
 3. Quantities of material wasted or disposed of in a manner not called for under this Contract, or rejected loads of material, including material rejected after it has been placed, material not unloaded from vehicles, material placed outside the plan lines or material remaining on hand after Completion of the Work, will not be paid for and such quantities will not be included in the final total measured quantities. No compensation will be allowed for disposing of rejected or excess material.
 4. Unless otherwise specifically provided, when mineral aggregate, imported borrow or other specified roadway material is being paid for on a weight basis, the weight of material to be paid for will be determined by deducting from the weight of material delivered to the Work, the weight of water in the material at the time of weighing, in excess of six percent (6%) of the dry weight of the material, except that when the material is to be bituminous treated, deduction will be made for the weight of water in excess of three percent (3%). No compensation or other allowance will be made for the weight of such water deducted. The procedure followed for the determination of water shall be in accordance with the “Standard Method for Determination of Moisture of Volatile Distillates in Bituminous Mixtures” of the American Association of State Highway Officials, Serial Designation T-110-42, with the exception that commercial xylene shall be used as the solvent and the percentage of water shall be expressed on the basis of the dry weight of the material according to the following formula:

$$\% \text{ Water} = \frac{\text{Volume of water in trap in milliliters} \times 100}{\text{Weight of wet samples in grams} - \text{Volume of water in milliliters}}$$

Article 10 - Claims and Disputes

1C-10.1 CLAIMS AND DISPUTES

- A. All public works claims between the Contractor and the Airport Authority shall be resolved pursuant to the procedures set forth in Public Contract Code §9204. All public works claims of \$375,000 or less which arise between the Contractor and the Airport Authority shall also be resolved in accordance with Public Contract Code Sections 20104 et seq. and other applicable law, unless the Airport Authority has elected to resolve the dispute pursuant to Public Contract Code §10240 et seq.
- B. All claims shall be submitted in writing and accompanied by substantiating documentation. Claims must be filed on or before the date of final payment unless other notice requirements are provided in the contract.
- C. Definition of Claim: "Claim: means a separate demand for (1) a time extension, including, without limitation, relief from damages or penalties for delay assessed by the Airport Authority (2) payment of money damages arising from work done by or on behalf of the claimant and payment of which does not otherwise expressly provided for or the claimant is not otherwise entitled, or (3) payment of an amount which is disputed by the Airport Authority.

D. Procedure:

- 1. Contractor shall timely comply with all notices and requests for additional compensation and extensions of time set forth in the Contract as a prerequisite to filing any claim governed by this Article 10. The failure to timely submit a Notice of Potential Claim, or to timely provide any other notice or request required by the Contract Documents shall constitute a waiver of the right to these procedures.
- 2. The Contractor will submit the claim justification in the following format:
 - a. Summary of entitlement to Claim and amount of money or time requested and provisions of the Contract Documents which the claim is made.
 - b. List of **all** documents Contractor contends support the Claim, including but not limited to the following:
 - 1) Contract Documents
 - 2) Clarifications (Requests for Information)
 - 3) Schedules
 - 4) Other materials, such as job diaries, invoices, time and material cost records, photographs, videos, etc.
 - 5) Chronology of events and correspondence
 - 6) Analysis of claim merit
 - 7) Analysis of claim amount
 - 8) Analysis of time impact analysis in CPM format
 - 9) Cover letter and certification of the claim, including any claims from subcontractors or suppliers of any tier, in accordance with the California False Claims Act, Government Code §§12650 et seq.
- 3. Submission of a claim, properly certified, with all required supporting documentation, and written rejection or denial of all or part of the claim by the

Airport Authority, is a condition precedent to any action, proceeding, litigation, suit, general conditions claim, or demand for arbitration by Contractor.

4. Upon receipt of a Claim pursuant to this Section, the Airport Authority shall conduct a reasonable review of the Claim and, within a period not to exceed 45 days of receipt of the claim, or as extended by mutual agreement, shall provide a written statement identifying what portion of the Claim is disputed and what portion is undisputed. Any payment due on an undisputed portion of the Claim will be processed and made within 60 days after the Airport Authority issues its written response.
 - a. If the Airport Authority needs approval from the Board to provide Contractor a written statement as set forth above, and the Board does not meet within 45 days or within the mutually agreed to extension of time following receipt of a Claim, the Airport Authority shall have up to three (3) days following the next publicly noticed meeting of the Board after the 45-day period, or extension, expires to provide Contractor a written statement identifying the disputed portion and the undisputed portion.
5. The Airport Authority may request, in writing, within 30 days of receipt of the claim, any additional documentation supporting the claim or relating to defenses or claims the Airport Authority may have. If additional information is needed thereafter, it shall be provided upon mutual agreement of the Airport Authority and the claimant. The Airport Authority's written response shall be submitted 30 days (15 days if the Claim is less than \$50,000) after receiving the additional documentation, or within the same period of time taken by the claimant to produce the additional information, whichever is greater. The Airport Authority may request, in writing, within 30 days of receipt of the claim, any additional documentation supporting the claim or relating to defenses or claims the Airport Authority may have. If additional information is needed thereafter, it shall be provided upon mutual agreement of the Airport Authority and the claimant. The Airport Authority's written response shall be submitted 30 days (15 days if the Claim is less than \$50,000) after receiving the additional documentation, or within the same period of time taken by the claimant to produce the additional information, whichever is greater.
6. Meet & Confer Conference: If Contractor disputes the Airport Authority's response, or if the Airport Authority fails to respond within the statutory time period(s), the claimant may so notify the Airport Authority within 15 days of the receipt of the response or the failure to respond, and demand an informal conference to meet and confer for settlement of those portions of the Claim that remain in dispute. Upon such demand, the Airport Authority shall schedule a meet and confer conference within 30 Days.
7. Mediation: Within 10 business days following the conclusion of the meet and confer conference, if the Claim or any portion of the Claim remains in dispute, the Airport Authority shall provide Contractor a written statement identifying the portion of the Claim that remains in dispute and the portion that is undisputed. Any portion of the Claim that remains in dispute shall be submitted to nonbinding mediation. The selection of the mediator shall be in accordance

with Public Contract Code §9204 and the Airport Authority and the Contractor shall equally share the associated mediator fees. Each party will be responsible for its own attorney's fees and other costs of the resolution of any Claim

8. Government Code Claim: If the Claim or any portion thereof remains in dispute, the claimant must file a claim pursuant to Government Code §900 et seq. and Government Code §910 et seq. For purposes of those provisions, the time within which a claim must be filed shall be tolled from the time the claimant submits the written claim until the time the claim is denied, including any time utilized for the meet and confer conference or mediation.

9. .

1C-10.2 CONSTRUCTION CLAIMS LESS THAN \$375,000

A. Construction Claims:

1. These provisions are included in this Contract as required by the California Public Contract Code:
 - a. This section applies to all public work claims of Three Hundred Seventy-Five Thousand Dollars (\$375,000.00) or less which arise between a Contractor and the Airport Authority that are not resolved pursuant to the requirements of California Public Contract Code §9204 as specified in Section 1C-10.1.
 - b. "Claim" means a separate demand by the Contractor for: (1) a time extension, (2) payment of money or damages arising from work done by or on behalf of the Contractor pursuant to the Contract for a public work and payment of which is not otherwise expressly provided for or the Contractor is not otherwise entitled to, or (3) an amount the payment of which is disputed by the Airport Authority.
2. For any claim filed under this section, the following requirements apply:
 - a. The claim shall be in writing and include the documents necessary to substantiate the claim as defined in Section 1C-10.1.D. Claims must be filed on or before the date of final payment. Nothing in this section is intended to extend the time limit or supersede notice requirements otherwise provided by Contract for the filing of claims.
 - b. For claims of less than Fifty Thousand Dollars (\$50,000.00) the Airport Authority shall respond in writing to any written claim within 45 Days of receipt of the claim, or may request, in writing, within thirty (30) Days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the Airport Authority may have against the Contractor. If additional information is thereafter required, it shall be requested and provided pursuant to this section, upon mutual agreement of the Airport Authority and the Contractor. The Airport Authority's written response to the claim, as further documented, shall be submitted to the Contractor within fifteen (15) Days after receipt of the further documentation or within a period of time no greater than that taken by the Contractor in producing the additional information, whichever is greater.

- c. For claims of over Fifty Thousand Dollars (\$50,000.00) and less than or equal to Three Hundred Seventy-Five Thousand Dollars (\$375,000.00), the Airport Authority shall respond in writing to all written claims within sixty (60) Days of receipt of the claim, or may request, in writing, within thirty (30) Days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the Airport Authority may have against the Contractor. If additional information is thereafter required, it shall be requested and provided pursuant to this section, upon mutual agreement of the Airport Authority and the Contractor. The Airport Authority's written response to the claim, as further documented, shall be submitted to the Contractor within thirty (30) Days after receipt of the further documentation, or within a period of time no greater than that taken by the Contractor in producing the additional information or requested documentation, whichever is greater.
 - d. If the Contractor disputes the Airport Authority's written response, or the Airport Authority fails to respond within the time prescribed, the Contractor may so notify the Airport Authority, in writing, either within fifteen (15) Days of receipt of the Airport Authority's response or within fifteen (15) Days of the Airport Authority's failure to respond within the time prescribed, respectively, and demand an informal conference to meet and confer for settlement of the issues in dispute. Upon a demand, the Airport Authority shall schedule a meet and confer conference within thirty (30) Days for settlement of the dispute.
 - e. If following the meet and confer conference, the claim or any portion remains in dispute, the Contractor may file a claim as provided in Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the running of the period of time within which a claim must be filed shall be tolled from the time the Contractor submits its written claim pursuant to Section 2(a), above until the time that claim is denied as a result of the meet and confer process, including any period of time utilized by the meet and confer progress.
 - f. The proceeding sections do not apply to non-Contract claims and do not affect any applicable time periods for filing claims.
- B. Unless this Contract provides otherwise, all claims, counter-claims, disputes and other matters in question between the Airport Authority and the Contractor arising out of or relating to this Contract or its breach shall be decided in a court of competent jurisdiction within the County of San Diego in the State of California and shall be governed by the laws of the State of California.

Article 11 - Termination or Suspension of the Contract

1C-11.1 BREACH OF CONTRACT

- A. Any violation of the terms of this Contract on the part of the Contractor or its subcontractors may result in the suspension or termination of this Contract or such other action that may be necessary to enforce the rights and parties of this Contract. The duties and obligations imposed by the Contract Documents and the rights and remedies available hereunder are in addition to, and not a limitation of, any duties, obligations, rights and remedies otherwise imposed or available by law.

1C-11.2 TERMINATION OR SUSPENSION FOR CAUSE

- A. If the Contractor fails to begin the delivery of the material, to commence Work as provided in the Contract, to make delivery of material promptly as ordered, to maintain the rate of delivery of material or progress of the Work in such a manner as in the opinion of the Representative will insure a full compliance with the Contract Time, files for bankruptcy protection, or if in the opinion of the Representative the Contractor is not carrying out the provisions of the Contract in their true intent and meaning or disregards laws, ordinances, Contract terms or rules or regulations or orders of a public authority having jurisdiction, fails to timely pay its subcontractors, materialmen, or suppliers as required by law or otherwise breaches a provision of the Contract Documents, written notice will be served on the Contractor to provide satisfactory compliance with the Contract within a specified time period. Unless within the specified time period, Contractor resolves the circumstances giving rise to the Notice of Default to the Airport Authority's satisfaction, or makes arrangements acceptable to the Airport Authority for the required corrective action, this Contract shall terminate. In such case, Contractor shall not be entitled to receive any further payment until the Work is finished. The Airport Authority may take over and complete the Work by any method it may deem appropriate. Contractor and its surety shall be liable to the Airport Authority for any excess costs or other damages incurred by the Airport Authority to complete the Work. If the Airport Authority takes over the Work, the Airport Authority may, without liability for so doing, take possession of and utilize in completing the Work such materials, appliances, plant, and other property belonging to Contractor as may be on the Work Site.
- B. If the Contractor is debarred by the Board pursuant to Airport Authority resolution, this Contract shall be terminated. Notwithstanding the foregoing, the Board may continue this Contract upon advice from the President/CEO as to the effect of termination of this Contract.
- C. Upon termination, the Representative may, at its discretion, take possession of all or any part of the machinery, tools, appliances, material and supplies used in the Work covered by the Contract or that have been delivered by or on account of the Contractor for use in connection therewith and the same may be used either directly by the Airport Authority or by other parties for it, in the Completion of the Work suspended; or the Airport Authority may employ other parties to perform the Work or may substitute other machinery or material or purchase the materials contracted for in such manner as it may deem proper or hire such force and buy such machinery, tools, appliances, materials and supplies at the Contractor's expense as may be necessary for the proper conduct and Completion of the Work. When the Airport Authority terminates the Contract for cause, the Contractor shall not receive future payments until the Work is completed. Any cost to the Airport Authority in excess of the Contract arising from the suspension of the Contract, or from Work performed or purchases made by the Airport Authority either before or after suspension and required on account of the failure of the Contractor to comply with this Contract or other orders of the Representative issued in pursuance thereof, and any costs incurred by the Airport Authority in locating and/or Contracting with a replacement Contractor, shall be charged to the Contractor and its sureties, who shall be liable therefore. The Contractor shall maintain all insurance required by the Contract as if the Contract had been satisfactorily completed and accepted by the Airport Authority.
- D. A special lien to secure the claims of the Airport Authority in the event of termination for cause of the Contract is hereby created against any property of the Contractor taken into the possession of the Airport Authority under the terms hereof, and such lien may

be enforced by a sale of such property under the direction of the Board and the proceeds of the sale, after deducting all expenses thereof, and connected therewith, shall be credited to the Contractor. If the net credits shall be in excess of the claims of the Airport Authority against the Contractor, the balance will be paid to the Contractor or its legal representatives.

- E. The Contractor shall not make any disposition of the plant, machinery, tools, appliances, supplies or materials used on or in connection with the Work, either by sale, conveyance or encumbrance, inconsistent with the special lien of the Airport Authority expressly created by this Contract.
- F. The decision of the Representative, when approved by the President and by the Board evidenced by resolution, shall be final and binding upon both parties. In the event it is determined that cause did not exist for termination pursuant to these provisions, the termination shall be without further notice considered termination for convenience. Suspension of the Contract or any part thereof shall operate only to terminate the right of the Contractor to proceed with the Work covered by the Contract or the suspended portions thereof. The provisions of the Contract permitting the Airport Authority to make changes and to make proper adjustment of accounts to cover any increase or decrease of cost on account of such changes, and all other stipulations of the Contract except those giving the Contractor the right to proceed with Work on the item covered by the suspension, shall be and remain in full force and effect after such suspension and until the Contract shall have been completed and final payment or final adjustment of account made.

1C-11.3 TERMINATION OR SUSPENSION FOR CONVENIENCE

- A. The Airport Authority may, without cause, order the Contractor in writing to suspend, interrupt or terminate performance of the Work in whole or in part for such period of time as the Airport Authority may determine. An adjustment may be made for an increase in the cost of performance of the Contract including profit on the increased cost of performance, if any, caused by any such suspension or interruption or termination. An equitable adjustment may be made of the price or prices specified in the Contract relating to the portion of the Work not suspended, interrupted or terminated by the notice of suspension, interruption or termination. No adjustment shall be made to the extent:
 - 1. That performance is, was or would have been so suspended, delayed or interrupted by another cause for which the Contractor is responsible; or
 - 2. An equitable adjustment is made or denied under another provision of this Contract.

1C-11.4 EFFECT OF SUSPENSION, INTERRUPTION OR TERMINATION FOR CAUSE OR CONVENIENCE

- A. Any suspension, interruption or termination for cause or convenience shall be effected by delivery to the Contractor of a written notice of suspension, interruption or termination specifying the extent to which performance of Work under the Contract is suspended, interrupted or terminated and the date upon which such suspension, interruption or termination becomes effective. After receipt of the notice of suspension, interruption or termination and except as otherwise directed by the Airport Authority, the Contractor shall:
 - 1. Stop Work under the Contract on the date and to the extent specified in the notice of suspension, interruption or termination;

2. Place no further orders or subcontracts for materials, services or facilities except as necessary to complete the portion of the Work under the Contract which is not suspended, interrupted or terminated;
3. Place no further equipment at the Project except as necessary to complete the portion of the Work under the Contract which is not suspended, interrupted or terminated;
4. Terminate all orders or subcontracts to the extent they relate to the performance of Work suspended, interrupted or terminated by the notice of suspension, interruption or termination;
5. Assign to the Airport Authority in the manner, at the times, and to the extent directed by the Airport Authority, all the right, title and interest of the Contractor under the orders and subcontracts so suspended, interrupted or terminated. The Airport Authority shall have the right, in its discretion, to settle or pay any or all claims arising out of the suspension, interruption or termination of such orders and subcontracts;
6. Settle all outstanding liabilities and all claims arising out of such suspension, interruption or termination of orders and subcontracts, with the approval or ratification of the Board to the extent the Board may so require. The Board's approval or ratification shall be final for all purposes of this clause;
7. Transfer title to the Airport Authority, and deliver in the manner, at the times, and to the extent, if directed by the Airport Authority, the fabricated or unfabricated parts, work in process, completed Work, supplies and other materials produced as a part of, or acquired in connection with the performance of, the Work terminated by the notice of suspension, interruption or termination, and the completed or partially completed plans, drawings, information and other property which, if the Contract had been completed, would have been required to be furnished to the Airport Authority;
8. Use its best efforts to sell, in the manner, at the times, and to the extent, and at the price or prices that the Airport Authority direct or authorized, any property of the types previously referred to herein, but the Contractor shall not be required to extend credit to any purchaser and may acquire any such property under the conditions prescribed and at a price or prices approved by the Airport Authority. The proceeds of any such transfer or disposition shall be applied in reduction of any payments to be made by the Airport Authority to the Contractor under this Contract or shall otherwise be credited to the price or cost of the Work covered by this Contract or paid in such other manner as the Airport Authority may direct;
9. Complete performance of such part of the Work as shall not have been suspended, interrupted or terminated by the notice of suspension, interruption or termination;
10. Take such action as may be necessary, or as the Airport Authority may direct, for the protection and preservation of the property related to this Contract which is in the possession of the Contractor and in which the Airport Authority has or may acquire an interest;
11. The Contractor shall maintain the Work site and provide such ingress and egress for local resident or tenants or the public as may be necessary during the period of suspended work or until the Contract has been declared terminated; and

12. Maintain all required insurance as if the Contract had been satisfactorily performed and accepted by the Airport Authority.
- B. After receipt of the notice of suspension, interruption or termination, the Contractor shall submit to the Airport Authority a certified suspension, interruption or termination claim. Such claim shall be submitted promptly but in no event later than ninety (90) Days from the effective date of the notice of suspension, interruption or termination. If the Contractor fails to submit a suspension, interruption or termination claim at any time after such ninety (90) Day period, the Airport Authority may determine, on the basis of information available to it, the amount, if any, due to the Contractor. The Airport Authority shall then pay to the Contractor the amount so determined.
- C. After receipt of a certified claim, the Airport Authority and the Contractor may agree upon the whole or any part of the amount or amounts to be paid to the Contractor because of the total or partial suspension, interruption or termination of the Contract. The amount may include a reasonable allowance for profit on Work performed. However, such agreed amount or amounts, exclusive of settlement costs, shall not exceed the total Contract price as reduced by the amount of payments otherwise made and as further reduced by the Contract price of Work not suspended, interrupted or terminated and any claims the Airport Authority may have against the Contractor. Nothing in Paragraph E of this section shall be deemed to limit, restrict or otherwise determine or affect the amount or amounts which may be agreed upon to be paid to the Contractor pursuant to this paragraph.
- D. After receipt of a certified claim, if the Contractor and Airport Authority fail to agree on the amounts to be paid to the Contractor, the Airport Authority shall determine, on the basis of the information available to it the amount, if any, due to the Contractor by reason of the suspension, interruption or termination and shall pay the Contractor the amount which shall be determined as follows:
 1. For all work specified in the Contract which is performed before the effective date of the notice of suspension, interruption or termination, the total of:
 - a. The reasonable cost to the Contractor, without profit, for all Contract Work performed prior to the notice of suspension, interruption or termination, including the Work done to secure the project for termination. In determining the reasonable cost, the Airport Authority may utilize the schedule of values, Contract unit prices, Contract lump sum, the percentage of Work completed and any other method available to it. For purposes of determining reasonable costs, deductions will be made for the cost of materials to be retained by the Contractor, amounts realized by the sale of materials, and for other appropriate credits against the cost of the Work. When in the opinion of the Airport Authority the cost of an item of Work is unreasonably high, the reasonable cost to be allowed will be the estimated reasonable cost of performing such Work in compliance with the requirements of the plans and specifications and excessive actual cost shall be disallowed.
 - b. Reasonable cost will include a reasonable allowance for Project overhead and general administrative overhead not to exceed a total of ten percent (10%) of direct costs of such Work.
 - c. A reasonable allowance for profit on the cost of the Work performed as determined under Subsection (a) provided the Contractor established to the satisfaction of the Airport Authority that it would have made a profit had the

Contract been completed and provided further, that the profit allowed shall in no event exceed five percent (5%) of the cost of the Work completed.

- d. The reasonable cost to the Contractor of handling material returned to the vendor, delivered to the Airport Authority or otherwise disposed of as directed by the Airport Authority.
- E. In no event shall the Airport Authority be liable for costs incurred by the Contractor or any of its subcontractors after receipt of a notice of suspension, interruption or termination. Such non-recoverable costs include, but are not limited to, anticipated profits on the Contract post-suspension, post-interruption or post-termination, employee salaries, administrative expenses, overhead or unabsorbed overhead, the costs of preparing and submitting the bid, attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, pre-judgment interest, or any other expense which is not reasonable or authorized under Subparagraph D of this section.

Article 12 – Federal Supplement, Contract Clauses & Requirements for Federally Funded Construction Contracts

1C-12.1 CIVIL RIGHTS – GENERAL (49 U.S.C. § 47123).

- A. Contractor agrees that it will comply with pertinent statutes, Executive Orders and such rules as are promulgated to ensure that no person shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance.
- B. This provision binds the Contractor and any subcontractor from the bid solicitation period through the completion of the contract. This provision is in addition to that required of the Title VI of the Civil Rights Act of 1964.

1C-12.2 CIVIL RIGHTS – TITLE VI.

- A. Title VI Solicitation Notice. The Authority, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders or offerors that it will affirmatively ensure that for any contract entered into pursuant to this advertisement, airport concession disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.
- B. Title VI Clauses for Compliance with Nondiscrimination Requirements. During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor") agrees as follows:
 - 1. Compliance with Regulations: The Contractor (hereinafter includes consultants) will comply with the Title VI List of Pertinent Nondiscrimination Statutes and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.
 - 2. Non-discrimination: The Contractor, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and

leases of equipment. The Contractor will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR part 21.

3. Solicitations for Subcontracts, Including Procurements of Materials and Equipment: In all solicitations, either by competitive bidding, or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the Contractor of the Contractor's obligations under this contract and the Nondiscrimination Acts and Authorities on the grounds of race, color, or national origin.
 4. Information and Reports: The Contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Authority or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the Contractor will so certify to the Authority or the Federal Aviation Administration, as appropriate, and will set forth what efforts it has made to obtain the information.
 5. Sanctions for Noncompliance: In the event of a contractor's noncompliance with the Non-discrimination provisions of this contract, the Authority will impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:
 - (1) Withholding payments to the Contractor under the contract until the Contractor complies; and/or
 - (2) Cancelling, terminating, or suspending a contract, in whole or in part.
 6. Incorporation of Provisions: The Contractor will include the provisions of paragraphs 1 through 6 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The Contractor will take action with respect to any subcontract or procurement as the Authority or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the Contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the Contractor may request the Authority to enter into any litigation to protect the interests of the Authority. In addition, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.
- C. Title VI List of Pertinent Nondiscrimination Acts and Authorities. During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor") agrees to comply with the following non-discrimination statutes and authorities, including but not limited to:

1. Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*, 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin);
2. 49 CFR Part 21 (Non-discrimination In Federally-Assisted Programs of The Department of Transportation—Effectuation of Title VI of The Civil Rights Act of 1964);
3. The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. § 4601) (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
4. Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794 *et seq.*, as amended) (prohibits discrimination on the basis of disability and 49 CFR Part 27);
5. The Age Discrimination Act of 1975, as amended (42 U.S.C. § 6101 *et seq.*) (prohibits discrimination on the basis of age);
6. Airport and Airway Improvement Act of 1982 (49 U.S.C. § 471, Section 47123, as amended) (prohibits discrimination based on race, creed, color, national origin, or sex);
7. The Civil Rights Restoration Act of 1987 (PL 100-209) (broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and § 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms “programs or activities” to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
8. Titles II and III of the Americans with Disabilities Act of 1990, which prohibits discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 USC §§ 12131-12189) as implemented by U.S. Department of Transportation regulations at 49 CFR parts 37 and 38;
9. The Federal Aviation Administration’s Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
10. Executive Order 12898, *Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations*, which ensures non-discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;
11. Executive Order 13166, *Improving Access to Services for Persons with Limited English Proficiency*, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (“LEP”). [To ensure compliance with Title VI, Contractor must take reasonable steps to ensure that LEP persons have meaningful access to your programs.] (70 Fed. Reg. at 74087 to 74100); and

12. Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. §1681, *et seq.*).

1C-12.3 FEDERAL FAIR LABOR STANDARDS ACT. All contracts and subcontracts that result from this solicitation incorporate by reference the provisions of 29 CFR part 201, the Federal Fair Labor Standards Act (“FLSA”), with the same force and effect as if given in full text. The FLSA sets minimum wage, overtime pay, recordkeeping, and child labor standards for full and part time workers. The Contractor has full responsibility to monitor compliance to the referenced statute or regulation. The Contractor must address any claims or disputes that arise from this requirement directly with the U.S. Department of Labor – Wage and Hour Division.

1C-12.4 OCCUPATIONAL SAFETY AND HEALTH ACT OF 1970. All contracts and subcontracts that result from this solicitation incorporate by reference the requirements of 29 CFR Part 1910 with the same force and effect as if given in full text. The Contractor must provide a work environment that is free from recognized hazards that may cause death or serious physical harm to the employee. The Contractor retains full responsibility to monitor its compliance and their subcontractor’s compliance with the applicable requirements of the Occupational Safety Health Act of 1970 (29 CFR Part 1910). The Contractor must address any claims or disputes that pertain to a referenced requirement directly with the U.S. Department of Labor-Occupational Safety and Health Administration.
